Re: Amendment to Hillcrest Solar Farm Application

Dear \_\_\_\_\_:

I am writing to inform you that on October 18, 2019, Hillcrest Solar I, LLC submitted its application to the Ohio Power Siting Board to amend its Certificate of Environmental Compatibility and Public Need for the proposed Hillcrest Solar Farm located about three miles north of Mount Orab. Hillcrest Solar I, LLC, now an affiliate of Innergex Renewable Energy, plans to increase the nameplate capacity of the Hillcrest Solar Farm from a 125-megawatt to a 200-megawatt photovoltaic solar power project.

The staff of the OPSB are presently reviewing the application and will soon issue a report with recommendations. Additionally, an evidentiary hearing will be scheduled before an Administrative Law Judge and a local public hearing may also be scheduled. Following the evidentiary hearing, the OPSB will issue a written decision. If you want to file a motion to intervene or file comments in this proceeding, you may do so by sending them to the OPSB at its address below and referencing OPSB Case No. 18-1267-EL-BGA. If you would like to contact the OPSB about this process, you may reach its staff at the following contact information:

The Ohio Power Siting Board  
180 East Broad Street  
Columbus, Ohio 43215  
1-866-270-OPSB (6772)  
[contactOPSB@puc.state.oh.us](mailto:contactOPSB@puc.state.oh.us)  
[www.opsb.ohio.gov](http://www.opsb.ohio.gov)

Please contact Stephanie Bond at (604) 669-4999 x2004 or via email at [sbond@innergex.com](mailto:sbond@innergex.com) with any questions about the Hillcrest Solar Farm. We look forward to hearing from you.

Kind Regards,

Jay Sutton  
Hillcrest Solar I, LLC

Address

**Re: Hillcrest Solar I, LLC; Innergex Renewable Energy Inc. Introduction**

Dear \_\_\_\_\_:

This letter is being sent to you in connection with the change in ownership of Hillcrest Solar I, LLC ("Hillcrest Solar"). As you may know, Innergex Renewable Energy Inc. ("Innergex") acquired the Hillcrest Solar project from Open Road Renewables ("Open Road") on October 22, 2018. We are excited to be a part of your community, and partner together with you in what we hope will be a timely and efficient project construction and long-term operational period. Open Road will continue to work with us on the project and to help us during the transition for the next several months.

#### Introduction

Innergex is a leading independent renewable power producer with many years of experience developing, owning, and operating wind, run-of-river hydroelectric, and solar facilities. As a global corporation, Innergex conducts operations in the USA, Canada, France, Chile and Iceland. We have a total of 68 operating facilities, including 37 hydroelectric facilities, 25 wind farms, 4 solar farms and 2 geothermal plants. More information about Innergex is available on our website, [www.innergex.com](http://www.innergex.com).

#### Main Point of Contact

We would like to introduce you to Stephanie Bond, the Community and Land Relations Manager for Innergex. Stephanie is based in our Vancouver, BC Canada office and will be your main point of contact for the Hillcrest Solar project moving forward:

Stephanie Bond  
Phone: 1-604-633-9990 ext. 2004  
Email: [sbond@innergex.com](mailto:sbond@innergex.com)

#### Information Needed for Landowner Payments

As the new owner of Hillcrest Solar, we'd like to ensure you receive all payments owed to you pursuant to your Agreement in a timely manner. Please complete the enclosed Payment Authorization Form ("PAF") and W-9 Form. A guide to filling out the forms is included below:

#### **Payment Authorization Form:**

- *Note: This form instructs us on how to divide payments due under your Agreement. If there are multiple owners that signed the Agreement, each owner may wish to receive an equal percentage of the payments.*

# INNERGEX

Renewable Energy.  
Sustainable Development.

- The percentage amounts are to be determined by those of you that are a party to the Agreement. You can break the amounts up however you choose. Please ensure that the tax ID # (social security number) of each individual that is receiving a percentage is included under their name.
- All individuals who are a party to Agreement as an owner will need to sign and print their name on this form regardless of whether a percentage amount is allocated to them.

#### Exhibit A:

- *Note: This form instructs us on where and how to send payments due under your Agreement.*
- A copy of this form needs to be filled out by each individual who is due to be paid a percentage listed in the PAF.
- Only those filling out the form need to sign and print their name in the Owner box at the bottom.

#### W-9:

- Anybody that fills out an Exhibit A form will need to fill out a corresponding W-9 form.

Once complete, please sign and return each of these forms as follows:

By mail:  
Hillcrest Solar I, LLC  
1105 Navasota Street  
Austin, TX 78702

OR

By email:  
[sbond@innergex.com](mailto:sbond@innergex.com)

#### Project Update

We are pleased to inform you that on October 18, 2018, Hillcrest Solar submitted an application to the Ohio Power Siting Board ("OPSB") to amend its Certificate of Environmental Compatibility and Public Need for the proposed Hillcrest Solar Farm to increase the nameplate capacity from a 125-megawatt to a 200-megawatt photovoltaic solar power project. The staff at the OPSB are presently reviewing the application and will soon issue a report with recommendations. Additionally, an evidentiary hearing will be scheduled before an Administrative Law Judge and a local public hearing may also be scheduled. Following the evidentiary hearing, the OPSB will issue a written decision. Enclosed with this letter is a copy of the official public notice with respect to this application.

Capitalized terms used herein and not otherwise defined shall have the meanings given to such terms in your Agreement.

**INNERGEX**

Renewable Energy.  
Sustainable Development.

We are very excited to move this project forward and to work with you in the coming years. If you have any questions or concerns regarding this letter or the payment forms enclosed, please contact us at 1-604-633-9990.

Yours truly,

**Hillcrest Solar I, LLC**

**REFERENCE:** Hillcrest Solar Project  
Tile Drainage System – Questionnaire & Consent to Disclose Public Information and  
Archaeological Field Surveys – April 2019

---

Dear Landowner,

As you are aware, Innergex Renewable Energy Inc. (Innergex), on behalf of Hillcrest Solar I, LLC, is proceeding with the Hillcrest Solar Project (the Project). As part of this process, there are activities and inputs that will need to occur this Spring and we would appreciate your input and/or assistance with coordination.

**Tile Drainage System – Questionnaire & Consent to Disclose Public Information**

To support the design and construction of the Project, we are looking to avoid, where possible, or minimize any damage to functioning field tile drainage systems and soils resulting from the construction, operation, and/or maintenance of the project in agricultural areas.

In order to achieve this commitment, we would appreciate your assistance in filling out the following two documents:

1. Questionnaire
2. Consent to Disclose Public Information

Note: The County has some individual records on file; however, they cannot release the information to us without the landowner's consent/permission.

During construction, we will use the information (questionnaire and County records) to map the expected locations of functional tile drainage systems and physically mark the surface above the areas where they are believed to be located.

After completion, please return this Questionnaire and Consent form in the enclosed stamped envelope.

**Archaeological Field Surveys – Background Information**

Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C. (EDR), is conducting archaeological field surveys for the Hillcrest Solar Project, occurring in April 2019. Archaeological survey fieldwork is anticipated to last for approximately one to two weeks.

The purpose of the archaeological survey is to identify Native American and more recent ("historic-period") archaeological sites that could be disturbed during Project-related construction. Archaeological survey fieldwork will include walkovers of agricultural fields as well as the excavation of limited shovel tests by hand. Walkover survey will be undertaken by crews of three to six individuals, wearing high

Renewable Energy.  
Sustainable Development.

visibility safety vests, walking across fields spaced at approximately 30-foot intervals. If crops are up in the fields, survey crews will walk between rows to avoid crop damage.

A limited number of shovel tests will also be excavated as part of the archaeological survey fieldwork. These will consist of small 20-inch square holes excavated by hand (i.e., with a shovel) to depths of approximately 20 inches. If any shovel tests are excavated in hay fields, pastures, or lawns, sod caps will be removed in one piece and set to the side while excavation proceeds. In crop fields, shovel test will be excavated between rows so as not to disturb crops or planted seeds. All holes will be backfilled immediately upon completion, and the sod cap (if present) placed back on top of the backfilled hole.

In the event that any artifacts are recovered, EDR personnel will collect each artifact (or a representative sample of artifacts) in sealed plastic bags per standard archaeological field practices. All recovered materials will be returned to EDR's laboratory to be washed, dried, and cataloged. Any artifacts recovered from your land will remain your property and can be returned to you after the archaeological survey is complete.

**Scheduling and coordinating activities your property**

Maclean Nash will phone you over the next few weeks to coordinate activities on your property. It is important to us that we can coordinate these activities with you, out of respect for you as a landowner, but also for the safety and security of the field workers who will be conducting the archaeological field surveys. We thank you in advance for your cooperation.

**Your key contact at Innergex**

Please contact Maclean Nash, Community and Land Relations Coordinator at any time should you have questions or concerns: [MNash@innnergex.com](mailto:MNash@innnergex.com) or (604) 633-9990 ext. 2011.

Sincerely,

Hillcrest Solar I, LLC

**REFERENCE:** Hillcrest Solar Project  
Questionnaire – Phase I Environmental Site Assessment

---

Dear Landowner,

As you are aware, Innergex Renewable Energy Inc. (Innergex), on behalf of Hillcrest Solar I, LLC, is proceeding with the Hillcrest Solar Project (the Project). As we near commencing construction, we have engaged Westwood to conduct a Phase I Environmental Assessment (ESA) study.

A goal of this study is to identify recognized environmental conditions, specifically the presence of any hazardous substances or petroleum products on a property under conditions that indicate an existing release, a past release, or a material threat of release of any hazardous substances or petroleum product into structures on the property or into the ground, ground water, or surface water of the property.

As such, we would appreciate your efforts in completing the enclosed Phase I ESA Landowner Questionnaire as soon as possible.

Once you have completed the questionnaire, please use the enclosed prepaid and preaddressed return envelope.

Additionally, in the coming weeks, Westwood will conduct a site visit as part of the Phase I ESA. We will reach out to you beforehand to confirm the field dates.

We appreciate your help and should you have any questions, please contact Maclean Nash, Community and Land Relations Coordinator at: [MNash@innergex.com](mailto:MNash@innergex.com) or (604) 633-9990 ext. 2011.

Sincerely,

Hillcrest Solar I, LLC

# HILLCREST SOLAR I, LLC

November 4, 2019

**Re: Construction Timing and Suspension of Harvesting**

Dear Mr/Ms. \_\_\_\_\_,

Reference is made to that certain Lease and Easement Agreement, by and between \_\_\_\_\_ and Hillcrest Solar I, LLC dated \_\_\_\_\_ (as amended, supplemented or otherwise modified from time to time, our "Lease").

We write to inform you that construction activities on the Hillcrest Solar project will begin in the coming months. Once project designs are finalized, we will send you a site plan illustrating where infrastructure will be located on your property. We will be in touch with you before the site plan is sent out to let you know when it will be arriving and to keep you informed as to the construction schedule.

## **HARVESTING**

Per Section 10.12 of the Lease, if you will be unable to plant crops next year in 2020 during the Development Term (as defined in the Lease) as a result of the construction and development of the Hillcrest Solar project, please provide supplementary documentation to show the fair market value of the crop loss per acre, as established by Multi-Peril Insurance historic yields for the 10 previous years. We will need this information in order to issue a reimbursement payment to you. Additionally, if your property experienced crop loss as a result of the geotechnical work conducted in the summer of 2019, we kindly ask that you provide us with documentation to show the fair market value of the crop loss per acre and an estimate of the area affected.

You can send all documentation either by email to [mnash@innergex.com](mailto:mnash@innergex.com) or through the post to the following address:

Innergex Renewable Energy Inc.  
Hillcrest Solar Project  
Attn: Maclean Nash  
1100 – 888 Dunsmuir Street  
Vancouver, BC  
V6C 3K4  
CANADA

We would like to take this opportunity to thank you for your continued assistance and support of the project. If you have any questions, please do not hesitate to contact Maclean Nash at 1-604-633-9990 ext. 2011 or at [mnash@innergex.com](mailto:mnash@innergex.com).

Yours truly,

## Diabetes awareness event

The Adams-Brown Counties Diabetes Coalition and Sugar Helpers Group are hosting a free Diabetes Celebration on Tuesday, October 22nd at 5:30 pm. The celebration will be held at the Georgetown Church of Christ. This event is for anyone with diabetes or if their life has been affected by diabetes. The doors will open at 5:30 pm and vendors will be set up for free educational materials and diabetes information. A free diabetic friendly dinner will be served at 6:00 pm. Dr. Michael McHenry M.D. from Mercy Health will be our guest speaker at 6:45 pm and free door prizes will conclude the evening. Please join us for a night of free diabetic information and ways to help you manage your diabetes and live a healthier life. Please call the Brown County Health Department at 937-378-6892 to reserve your seat, you must RSVP by October 16th.

## OVRDC meeting

Ohio Valley Regional Development Commission's (OVRDC) Annual Fall Commission Meeting will be held on Friday, September 27th in Highland County at the Rocky Fork Lake East End Overlook, 6452 Lucas Lane, Hillsboro. Registration will be held at 10:30 a.m. with the meeting beginning at 11:00 a.m. and lunch will follow at noon. OVRDC Full Commission members have received registration information and anyone planning to attend must RSVP by Monday, September 23rd. The banquet and meeting are open to the public and registration information is on our website [www.ovrdc.org](http://www.ovrdc.org). If you have any questions, please call 1-800-223-7491 or visit our website ([www.ovrdc.org](http://www.ovrdc.org)).

# Low interest farm loans available

Ohio Treasurer Robert Sprague is reminding farmers and agribusiness owners that there is still time to obtain reduced interest loans through the Ag-LINK program. Since the application period was re-opened in July, Ohio's farming community has turned to the Ag-LINK program for relief after this year's extreme weather. So far, more than 30 reduced interest rate loans have been made possible through Ag-LINK at a total of \$3.45 million. "I'm pleased that farmers are taking advantage of this program and that it's making a real difference for Ohio's agriculture community," said Treasurer Sprague. "It's been a tough growing season, and

we want to make every resource available to help offset some of the losses they're bound to face this year." The Ohio Treasurer's office administers the Ag-LINK program to help Ohio farm operators and other agricultural businesses finance the up-front operating costs for feed, seed, fertilizer, fuel, and other flood related costs. Ag-LINK provides an interest rate reduction on agriculture business operation loans at eligible banks and farm credit lenders. Through this round of applications, farm operators and agribusiness owners based in Ohio can receive a 2% interest rate reduction on loans up to \$150,000.

The application period will remain open until November 15th. Farm operators and agribusinesses who previously received loans through Ag-LINK earlier this year may be eligible during this application period if they did not request the \$150,000 program limit, or if they want to lower the interest rate on their current Ag-LINK loans. "As Ohio's farmers get ready to head out to the fields to harvest, it's not too late to take advantage of this opportunity," said Treasurer Sprague. "I'm proud of our office's strong partnership with the banking community as we help provide a boost to a critical sector of our state's economy during this difficult

year." Those interested in Ag-LINK should contact a participating bank or Farm Credit Service lender to begin the loan application process. More information on the Ag-LINK program, including a list of current participating financial institutions, may be found online. In addition to the Ag-LINK program, farmers and agribusinesses impacted by severe weather may be eligible for loans through two other economic development programs offered by the Treasurer's office. The ReEnergize Ohio four-year program provides qualified small business owners with up to a 3% interest rate reduction on new or

existing small business loans up to \$550,000. These loans can assist with costs related to the repair or replacement of storm-damaged buildings and equipment. Additionally, some small business owners may qualify for the GrowNOW two-year program, which offers up to a 3% interest rate reduction on loans up to \$400,000 and is renewable. Under GrowNOW, businesses must commit to creating or retaining at least one full-time or two part-time jobs in the State of Ohio for every \$50,000 borrowed. More information about ReEnergize Ohio and GrowNOW can be found on the Ohio Treasurer's website.

# Absentee ballot information

Absentee Ballots for the November 5, 2019 General Election will be available starting Tuesday, October 8, 2019 at the Brown County Board of Elections' Office (first door on the left), 800 Mt. Orab Pike, Suite 111, Georgetown, Ohio 45121.

As of January 2006, a qualified Ohio voter does not have to state a reason to vote by an absentee ballot, although the ballot must be applied for in writing. If you are properly registered to vote, you must submit your written request to the Board of Elections in the county in which your voting residence is located.

If you want to vote by mail, you may either call our office at (937) 378-3008 to request an absentee ballot application, or

download an absentee ballot request form at [www.boe.ohio.gov/brown](http://www.boe.ohio.gov/brown) or [www.OhioSOS.gov](http://www.OhioSOS.gov)

You must give the following information:

Your name and address at which you are registered to vote

Your signature (May not be signed by Power of Attorney unless you have filled out the specific form related to our office prescribed by the Secretary of State)

Your date of birth

ONB of the following:

Your Ohio driver's license number or number from your photo identification issued by the State of Ohio; or

The last 4 digits of your social security number, or

A copy of your current and valid Ohio Driver's License; or

A copy of your photo identification card issued by the State of Ohio or the United States government; or

A military identification, or

An original or copy of a utility bill; or

A original or copy of a bank statement; or

An original or copy of a paycheck; or

An original or copy of a government check; or

An original or copy of another government document

The election for which the ballot is requested

The mailing address to which the ballot is to be mailed

You must state that you are a qualified elector

There must be a SIGNED Absentee Ballot Application from each applicant. You may mail more than one application in the same envelope, or return it to the Board of Election's Office.

You may vote an absentee ballot IN PERSON at the Board of Elections' Office until 2 p.m. on Monday, November 4, 2019. The deadline for receipt of mail-in absentee ballot applications will be 12:00 noon on Saturday, November 2, 2019.

The absentee ballots must be returned by mail, in person or by a family member to the BOARD OF ELECTIONS' OFFICE by close of the polls (7:30 p.m.) on Election Day, November 5, 2019. DO NOT TAKE ABSENTEE BALLOTS TO THE POLLING LOCATIONS.

Beginning Tuesday, October 8, 2019 the office hours will be as follows: October 8, 2019 through October 23, 2019, 8:00 a.m. - 5:00 p.m. (Monday-Friday); October 28, 2019 through November 1, 2019, 8:00 a.m. - 7:00 p.m. (Monday - Friday); November 2, 2019 (Saturday before Election Day) 8:00 a.m. - 4 p.m.; November 3, 2019 (Sunday before Election Day) 1:00 p.m. - 5:00 p.m.; and November 4, 2019 (Monday before Election Day) 8:00 a.m. - 2:00 p.m.

The office will return to regular business hours of 8:30 a.m. - 4:00 p.m. Monday - Friday following the election on Wednesday, November 6, 2019.

If you have any questions, please call our office at (937) 378-3008.
