If a conversion from a 1 to 3 year term takes place the additional two years of the contract term will be added to the existing 1 year contract term. If the 3 year contract term offer is not accepted until after the end of month 12 of the original 1 year term, the term will start over again from month 1 at that point, with all benefits of the service including incentives to be applied from that time forward.

Call Timing: IntraLATA and InterLATA usage is timed in six (6) second increments after the initial period for billing purposes of eighteen (18) seconds.

**Description and Rationale for  
Proposed Tariff Changes and Service Description**

The purpose of this filing is to clarify the restrictions on certain plans that currently are designated "unlimited." After a number of discussions with the Commission's Service Monitoring and Enforcement Department Staff, it was determined that the titles of services which used the term "unlimited" should be changed to eliminate the term in the title. In addition, the restrictions listed in the Terms and Conditions document are also included in the tariff. Currently, customers who subscribe to these services have already received a Terms and Conditions document that sets forth these same restrictions. However, with the proposed changes, the restrictions will appear in both the tariff and the Terms and conditions document.

**Customer Notice**

Notice is not required because the customers who currently subscribe to the affected services have already received notice of the restrictions in a Terms and Conditions document that they are provided when they became customers. The listing of the restrictions has been made in order to conform the two documents thus providing clarification in the tariff about the terms and restrictions that have already been set forth in the Terms and Conditions document.
