TIER CLASSIFICATION

TIER DEFINITION

CBT's services are divided into six categories in accordance with the Rules for an Elective Alternative Regulation Plan for ILECs, established in PUCO Case Nos. 00-1532-TP-COI and 05-1305-TP-ORD. The six categories and the price flexibility for each category are as follows: (C)
(C)

Tier 1 Core: Rates for Tier 1 Core services are capped at the rates in effect as of July 1, 2004, and may not increase above this cap for so long as the Company remains under this elective alternative regulation plan or if these services qualify for alternative regulation treatment pursuant to Case No. 05-1305-TP-ORD. (C)
(C)
(C)

Tier 1 Core (BLES Alt-Reg): Monthly rates for Tier 1 Core (BLES Alt Reg) services - basic local exchange service as defined in O.A.C. 4901:1-4-01 and basic Caller ID - are capped at annual increases of no more than \$1.25 and \$.50, respectively. In following years, the upward pricing flexibility similarly is limited. Annual increase allowances will not be carried over in subsequent years. Lifeline rates are capped at the rates effective November 28, 2006. (N)
(N)
(D)
(D)

Tier 1-Noncore: The cap for all Tier 1-Noncore services, except a second local exchange access service line and Call Waiting, is double the rate in effect on July 1, 2004. Rates may not increase above the cap that is effective July 1, 2006 except rates for a second local exchange access service line and Call Waiting shall be limited to no more than a 10% increase per year for each service, up to a maximum cap that is double the rate in effect on July 1, 2004 for each service. The maximum rates shown in the tariff are the highest rates allowed at any time under the elective alternative regulation plan. (C)

Tier 1-Noncore (BLES Alt-Reg): Rates for Tier 1-Noncore (BLES Alt-Reg) services are subject to Tier 2 pricing flexibility. (N)
(N)

Tier 2: Rates for Tier 2 services are not subject to any rate cap and may be priced at market based rates.

Non-Tier: Rates for Non-Tier services are governed by the rules for non-specific service charges established in Case No. 00-1532-TP-COI or by rules and regulations established in other proceedings. Non-Tier services include access services, conduit occupancy, construction, E911, late payment fees, payphone lines and usage, pole attachments, and returned check fees. Tier pricing rules do not apply to these services.

Services classified as Tier 1 Core, Tier 1 Core (BLES Alt Reg), Tier 1-Noncore, Tier 1-Noncore (BLES Alt Reg), or Tier 2 are shown in the following Tier Classification Table. Non-Tier services are not included in this table because tier pricing rules do not apply to these services. Tier 1 services are further identified in the tariff along with the current prices and the maximum prices for these services. (N)

GENERAL REGULATIONS

D. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)

9. Denial or Disconnection and Restoral of Service (Continued)

- d. When service of a customer has been temporarily denied in accordance with paragraphs D.9.a. or b. above, but the contract has not been terminated, or the order to remove the service has not been issued and completed; service will be restored following adjustment of the circumstances that caused the temporary denial, upon the payment of a restoration charge per exchange access line for residence or nonresidence service. If service has been denied for non-payment of charges due, the customer must pay all charges due. Temporary denial status will be maintained for a minimum period of five days, after which the service will be discontinued. Subsequent to the completion of a discontinuance order, service will be reestablished only upon the basis of a new service application.

BASIC TELEPHONE ASSISTANCE

C. LIFELINE ASSISTANCE

1. General

Lifeline Assistance is a federal support program that provides eligible customers with the following benefits:

A waiver of the Federal Subscriber Line Charge.

A reduction of \$1.75 off the customer's monthly basic local service charges.

Free toll limitation of services (e.g., toll blocking), upon customer's request.

A waiver of the Telephone Company's service deposit requirement, if the customer elects to receive toll blocking.

2. Regulations

a. Lifeline Assistance is available to residential customers who are currently participating in one of the following assistance programs:

- (1) Medical Assistance under Chapter 5111 of the Ohio Revised Code (Medicaid);
- (2) Food Stamps;
- (3) Supplemental Security Income (SSI) under Title XVI of the Social Security Act;
- (4) Federal Public Housing Assistance, (Section 8); or
- (5) Low Income Home Energy Assistance Program (LIHEAP).

Note: The Federal Lifeline Assistance program is grandfathered effective October 25, 2004 in accordance with the Order in Case No. 04-720-TP-ALT, CBT's Alternative Regulation Plan. Customers in the Federal Lifeline Assistance program will be converted to CBT's Lifeline Residential Rate Program and, except for the rules regarding optional/vertical services, will follow the rules and regulations in CBT's Lifeline Residential Rate Program. The monthly basic local exchange service rates for these Federal Lifeline Assistance customers are the same as the monthly rates for the CBT Lifeline Residential Rate Program. (See Section 17, Page 19 for rates). These customers may retain their optional/vertical features until they make a change to their service. At that time, they will be under the rules and regulations governing CBT's Lifeline Residential Rate Program regarding optional/vertical services and will only be able to subscribe to Call Waiting and services needed for medical and/or safety reasons.

E. CBT LIFELINE RESIDENTIAL RATE PROGRAM

1. General

- a. The CBT Lifeline Residential Rate Program is a State of Ohio program that provides eligible residential customers with the maximum contribution of federally available Lifeline assistance. The specific benefits are:

A monthly discount of \$7.00 on Flat Rate Residence Service as shown in CBT's Exchange Rate Tariff, PUCO No. 3, Section 2. This discount consists of a CBT provided discount of \$3.50, a federal Lifeline discount of \$1.75, and a federal matching contribution of \$1.75.

An additional CBT-provided discount will be offered when appropriate to ensure that the net price does not increase above the Lifeline rates in effect on November 28, 2006. See Page 19 of this section for the monthly Lifeline rates.

(C)
|
(C)

A waiver of the monthly federal subscriber line charge.

A waiver of the nonrecurring charge to establish an exchange access line as shown in CBT's Exchange Rate Tariff, PUCO No. 3, Section 2

Free toll limitation services (e.g. toll and/or 900 blocking) upon customer request.

A waiver of the Telephone Company's local exchange service deposit requirement.

- b. This plan is provided pursuant to the rules for an elective alternative regulation plan for ILECs established in Case No. 00-1532-TP-COL.

COMPLETE CONNECTIONS SERVICE

I. RESIDENCE (Continued)

A. General (Continued)

2. The Local Service Areas for Complete Connections are the same as the Local Service Areas defined in Section 3 of the Company's ERT. Community Connection Service charges, as described in Section 1 of the Company's ERT, apply to Complete Connections Service when appropriate. All rules, regulations and limitations for the optional features and ADSL service specified in the noted tariff sections, also apply to Complete Connection Services.
3. Services/features that are selected by a subscriber to be included in the Complete Connections packages are not eligible for any additional discounts or credits. In particular, discounts and/or credits included in any separate package pricing for Custom Calling or Custom Calling Plus Services do not apply to services a customer selects for Complete Connections.
4. An existing Flat Rate Individual Line residential service subscriber who converts to a Complete Connection Services will pay a nonrecurring charge of \$6.50 per line to convert the service. The nonrecurring charge to establish an access line for Bundled Services, as described in the Company's ERT, Section 2, will apply along with the nonrecurring charge of \$6.50 per line for establishing Custom Calling and/or Custom Calling PLUS services when establishing Complete Connections Service as new service or when moving service to a different address.
5. Complete Connections subscribers are not eligible for special promotions which include the individual features included in Complete Connection Packages unless specifically noted for inclusion.
6. Customers subscribing to either of the Complete Connections Services may change features at anytime without incurring a charge for making such change once Complete Connections has been established. However, customers changing their telephone numbers (except for Distinctive Ringing) and/or moving to different addresses will be billed the nonrecurring charges associated with such changes as noted in Section 2 of the ERT.
7. All charges (such as End User Common Line, E-911 Service, taxes and other surcharges) normally associated with Flat Rate Access Line service will be billed in addition to Complete Connections Service charges.

COMPLETE CONNECTIONS SERVICE

II. BUSINESS (Continued)

A. General (Continued)

5. An existing nonresidential flat rate individual line service subscriber who converts to Business Complete Connections Service will pay the nonrecurring charge described in Paragraph C below. When establishing Business Complete Connections Service as a new service or when moving a service to a different address the nonrecurring charge to establish an access line for Bundled Services, as described in the Company's ERT, Section 2, will also be applicable. (T)
6. Business Complete Connections subscribers are not eligible for special promotions that may be applicable to the individual features included in a Business Complete Connections Package unless Business Complete Connection Packages are specifically noted for inclusion.
7. Customers subscribing to Business Complete Connections Service may change features at anytime without incurring a charge for making such change once Business Complete Connections has been established. However, customers changing their telephone numbers (except for Distinctive Ringing) will be billed the nonrecurring charge as specified in the Company's ERT, Section 2.
8. All charges (such as End User Common Line, E-911 Service, taxes and other surcharges) normally associated with Flat Rate Access Line service will be billed in addition to the Business Complete Connections Service charges.
9. The Business Complete Connections/ADSL Package described below is grandfathered as of April 5, 2004. No new installations will be provided.

For a higher monthly rate, Business Complete Connections is also available packaged with Asymmetrical Digital Subscriber Line (ADSL) service. The ADSL service that comes standard with this Business Complete Connections/ADSL package is CBT High Speed 3.0 Mbps/768 Kbps. For a monthly rate that is in addition to the rate for this package, the ADSL service may be upgraded to one of CBT's other ADSL services.

- a. The terms and conditions pertaining to Business Complete Connections as outlined in this section of the tariff, are also applicable to this package.
- b. The terms and conditions pertaining to ADSL service, as outlined in Section 44 of this tariff, are also applicable to the ADSL service included in the package.
- c. This package is not to be placed on accounts that are subscribing to any of the following CBT services: Centrex 2000 Service, Prime and Trunk Advantage Services or Business Service Packages.
- d. This package is limited to one package, per account.
- e. Customers subscribing to the Business Complete Connections with ADSL service package are not eligible for special promotions on individual ADSL services or Business Complete Connection packages unless specifically noted for inclusion in the promotion.

7. MEASURED RATE (Continued)

- e. The monthly charges for measured service are as listed in Section 2 of this tariff.
- f. The off-peak usage rates apply to that portion of the call occurring within the following periods:
 - (1) From 9:00 P.M. to but not including 8:00 A.M., on Monday through Friday.
 - (2) All day Saturday, Sunday and certain holidays. The holidays are New Year's Day (January 1), Independence Day (July 4), Christmas Day (December 25); Labor Day and Thanksgiving Day (or their resulting legal holidays).
- g. Measured Service usage rates do not apply to Access Line Service for Customer Provided Public Telephone Service.
- h. A customer converting to Measured Service may change from Measured Service to any available type of access line service without having to pay the nonrecurring charge to establish such service provided the customer makes the change within 90 days from the time the customer changed to or purchased Measured Service. (See Note 1.)
- i. Chargeable time includes the initial minute plus the additional minutes or fraction thereof, if any. When a call begins in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the call occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate at the start of the minute applies.

(M)

(M)

Note 1: A customer may be exempted from the nonrecurring charges only once for a change to and only once for a change from Measured Service within a calendar year.

GENERAL REGULATIONS

9. COMMUNITY CONNECTION SERVICE (Continued)

- c. Community Connection Service is available with both the residence and nonresidence classes of service. (M)
- d. Chargeable time includes the initial period plus the additional period, if any. When a call begins in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the call occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate at the start of the minute applies.
- e. The off-peak usage rates apply to that portion of the call occurring within the following periods:
 - (1) From 9:00 P.M. to but not including 8:00 A.M., on Monday through Friday.
 - (2) All day Saturday, Sunday, and certain holidays. The holidays are New Year's Day (January 1), Independence Day (July 4), Christmas Day (December 25); Labor Day and Thanksgiving Day (or their resulting legal holidays). (M)
- f. The usage rates specified in b. preceding are in addition to the basic monthly exchange rates for local service as specified in Section 2 of this tariff.
- g. The Operator Completion of Local Calls charge (See Section 27 of the General Exchange Tariff) applies in addition to the usage charges when the customer requests the assistance of the telephone company operator to complete a local call or a call to a cellular telephone service number that is not a toll call.
- h. Community Connection Service usage rates do not apply to Access Lines for Customer Provided Public Telephone Service. For these Lines, the rate for each message is shown in Section 16 of the General Exchange Tariff PUCO NO. 8.
- i. The distance used for Community Connection Service billing is based on the airline mileage between rate centers serving the called and calling access line. The airline mileage is computed mathematically employing as a base a vertical (V) and a horizontal (H) coordinate for each central office, as determined from its latitude and longitude location using appropriate map projection equations.
