AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer of the applicant corporation, AT&T Ohio, and am authorized to make this statement on its behalf. I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on December 1, 2006 at Columbus, Ohio

Manager – Dockets & Issues December 1, 2006

* This affidavit is required for every tariff-affecting filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.

VERIFICATION

I, Robert J. Wentz verify that I have utilized, verbatim, the Commission's Telecommunications Application Form and that all of the information submitted here, and all additional information submitted in connection with this case, is true and correct to the best of my knowledge.

Manager - Dockets & Issues December 1, 2006

*Verification is required for every filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.

R. TERM PAYMENT PLANS

The following services are offered under a Term Payment Plan (TPP):

Base Rate Service
128, 256 and 384 Service
DS1 Service
DS3 Service
OC-n Point-to-Point Service
OC-n Dedicated Ring Service
ProtectPath® Service
Fiber Distributed Data Interface (FDDI) Service
LAN Interconnect Service (ALIS)
Central Office Multiplexing and Cross Connect Services
Network Reconfiguration Service (NRS)
GigaMAN® Service
FibreMANSM Service
Multi-service Optical Network (MON) Service
Multi-service Optical Network Ring (MON Ring) Service

(N)

During the length of the selected TPP, monthly prices for service ordered under the plan will automatically change (increase or decrease) as Company-initiated price changes become effective. However, under no circumstances will any price change cause the monthly price for the service to exceed the price that was in effect at the beginning of the selected TPP term.

In addition to other regulations of this tariff, the following terms and conditions apply to Term Payment Plans:

Term Payment Plans for Base Rate Service will not be offered on circuits that are single billed with a location in an Independent Telephone Company territory.

Term Payment Plans for 128, 256, 384, and DS1 Service will not be offered on circuits that have both locations in an Independent Telephone Company territory.

For DS3 Service, only a twelve-month Term Payment Plan will be offered on circuits that have both locations in an Independent Telephone Company territory.

When the telephone companies involved in provisioning service change to meet point multiple billing, the TPP rates associated with the portion of the circuit in the Independent Telephone Company territory become null and void. Under the meet point multiple billing arrangement, the Independent Telephone Company(s) involved will provide billing at their tariffed rates for the portion of the circuit in their territory. The TPP for the SBC Ohio portion of the circuit will remain intact. A 60-day advance notice will be sent to customers prior to a change from a single bill to multiple bills.

Issued: May 3, 2004

Effective: May 3, 2004

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

Moves

During a TPP term a customer may move one Local Distribution Channel (LDC) of a Base Rate, 128, 256 and 384, DS1, DS3 Service, GigaMAN® (T) Service or FibreMAN SM Service to another location in the same LATA and keep the TPP in force, provided no lapse in service occurs. Nonrecurring Charges, as appropriate, will apply.

ANRS

During a customer's TPP term, a customer may elect to include DS3, DS1, 128, 256 and 384 or a Base Rate Service into the customer's Network Reconfiguration Service (NRS) database. The customer may opt to convert to a new TPP term of the same or different length or to continue the current TPP term to the original expiration date. If the expiration date for the new TPP term is beyond the end of the original TPP term, termination charges for the original term will not apply. Adding an existing service to the customer's Network Reconfiguration Service (T) database requires that all nonrecurring charges applicable to the installation of the service apply.

In addition to other regulations of this tariff, the following terms and /1/conditions apply to Term Payment Plans:

Term Payment Plans for Base Rate Service will not be offered on circuits that are single billed with a location in an Independent Telephone Company territory.

Term Payment Plans for 128, 256, 384, and DS1 Service will not be offered on circuits that have both locations in an Independent Telephone Company territory.

For DS3 Service, only a twelve-month Term Payment Plan will be offered on circuits that have both locations in an Independent Telephone Company territory.

When the telephone companies involved in provisioning service change to meet point multiple billing, the TPP rates associated with the portion of the circuit in the Independent Telephone Company territory become null and void. Under the meet point multiple billing arrangement, the Independent Telephone Company(s) involved will provide billing at their tariffed rates for the portion of the circuit in their territory. The TPP for the AT&T Ohio portion of the circuit will remain intact. A 60-day advance notice will be sent to customers prior to a change from a single bill to multiple bills.

R. TERM PAYMENT PLANS (cont'd)

Moves

During a TPP term a customer may move one Local Distribution Channel (LDC) of a Base Rate $^{/1/}$, 128, 256 and 384, DS1, DS3 Service, GigaMAN $^{\circ}$ Service or FibreMAN $^{\circ}$ Service to another location in the same LATA and keep the TPP in force, provided no lapse in service occurs. Nonrecurring Charges, as appropriate, will apply.

NRS (C)

During a customer's TPP term, a customer may elect to include DS3, DS1, 128, 256 and 384 or a Base Rate Service into the customer's Network Reconfiguration Service (NRS) database. The customer may opt to convert to a new TPP term of the same or different length or to continue the current TPP term to the original expiration date. If the expiration date for the new TPP term is beyond the end of the original TPP term, termination charges for the original term will not apply. Adding an existing service to the customer's Network Reconfiguration Service database requires that all nonrecurring charges applicable to the installation of the service apply.

/1/ Effective December 1, 2006, Term Payment Plans (TPP) for Base Rate Service are grandfathered. Existing customers may remain on their current plan until the existing term expires. Upon expiration, customers will be charged the current monthly rates.

AFFIDAVIT OF ROBERT J. WENTZ

Robert J. Wentz, being first duly cautioned and sworn, deposes and says as follows:

- 1. I am the Manager Dockets & Issues for AT&T Ohio, where one of my responsibilities is to prepare tariff applications such as the one this affidavit supports.
- 2. I am aware of the rule of the Public Utilities Commission of Ohio, Ohio Admin. Code Section 4901:1-6-17 that applications for abandonment of all services, withdrawal of a service, amendment of a certificate, change in carrier's name, price increases, and changes in terms and conditions of an existing service, must contain an affidavit attesting that prior actual customer notification was provided to the affected customers by bill insert, bill message, direct mail, or, if the customer consents, electronic mail. For cases in which the Commission review period is 30 days or less, the notice must be sent to customers at least 15 days prior to filing the application with the Commission. For cases in which the Commission review period is greater than 30 days, the customer notice must be filed simultaneously with the application being filed at the Commission. In addition to the affidavit, the application, when filed at the Commission, must include a copy of the actual notice that was sent to affected customers.
- 3. I have worked with our corporate customer notification group and have confirmed that a customer notice meeting the test of that rule has been provided.
- 4. Therefore, on information and belief, I hereby attest that the tariff application that this affidavit supports meets the requirements of that rule.

DS0 Update

Beginning December 1, 2006, AT&T Ohio will grandfather Base Rate Service (DS0) Term Plans and no new plans will be issued. All existing term plans will revert to the monthly rate that is in effect on the date your current term plan expires. If you have any questions about this change or wish to cancel this service, please call your AT&T Service Representative at the number on the front of your bill. Thank you for using AT&T Ohio.
