Re: Case No 06-433-WS-AIR
180 East Broad Street 13th Floor
Columbus, Ohio 43215

06-433-WS-AIR

Greetings,

I would like to advise you that I am against the proposed increase in the charges for water and sewer services.

Everything that has anything to do with the Columbus area continues to go up, except my income since I am retired. The school taxes continue to increase and I have not had any children in school for almost twenty years. The last election an issue to raise the county sales taxes by a quarter of a percent to support COTA passed. I also do not use the COTA system and feel that the public should not have to pay for this since every one of the busses I see only has one or two persons on it, if any at all.

I suppose I will have to move from this area to somewhere where the cost of living is lower.

Thank you for allowing me to advise you of my concerns.
