Regarding: Case #: 06-0433-WS-AIR

Dear PUCO Representatives,

Thank you for hearing our heartfelt testimonies at the Blendon Township OAW Hearing on December 5, 2006. Upon learning the fuller history of the OAW woes from the residents old and new, we are more convinced than ever that our town has for too many years been left without protection from the State to defend itself from OAW's profit-driven exploitation and neglect. We stand up to reveal the magnitude of the suffering the corporate manipulation has caused upon this community. We request that PUCO intervene to protect us by CATEGORICALLY rejecting the OAW's request for any rate increase. It goes against the principle to allow raise where the rate has already reached a very suspicious and inappropriate height. Should there be a rate adjustment, it must be a downward move. For too many years OAW has been allowed to ruthlessly monopolize and drain the lives of the Blendon Township environmentally, economically, and mentally. Please help us so this township, too, has a chance to blossom into a happy, healthy, and beautiful community. Please investigate the OAW's business practice. They need to lower their price, raise the quality, and match the billing cycle to that of the Columbus Water and Sewer. Or, help us be liberated from OAW monopoly and be serviced by either Columbus Water or Delco Water. Thank you for your kind consideration.

Yours truly

Chan E. Park-Miller & Timothy M. Middleditch
