Regarding Case #06-0433-ws-air

As a Blendon Woods resident, we currently pay extremely high prices for water. I have a brother that lives in Cincinnati, that pays about 2/3 the amount that we pay. I have a sister that lives in Norwalk, Ohio and she pays about 1/2 the amount that we pay. I feel that we are currently being over charged and now they want to increase it again 15%, that is a huge increase. Most people are not receiving raises at their jobs and if they are it is usually 3% how can they justify 15%? I know people that have moved out of our neighborhood due to \$200.00 water bills a month, that is crazy amount for water. Please consider a freeze on our rates not an increase, or we need another source for water that we can have a choice. Thank you for your time.

Sincerely,

Sandra L. Harris-Nixon
