AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer of the applicant corporation, AT&T Ohio, and am authorized to make this statement on its behalf. I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

4. Change of Tariff Jurisdiction

Under certain conditions involving changes in service, a Term Payment Plan customer's service will require change of tariff jurisdiction from intrastate to interstate tariffs or vice versa, even though the service location may not be changed.

The following provisions may apply to changes of tariff jurisdiction when the service location is not changed. However, the concepts may be used for reclassification of service at the time of a move:

- Billing for the original jurisdiction will apply through the date of jurisdiction change. Billing for the new jurisdiction will begin on the next day. The prices applicable for the new jurisdiction will be those in effect for new customers. Customers changing service to the jurisdiction of Ohio Bell Telephone Company will have stability against Company-initiated changes in prices for the remainder of the payment period.
- Nonrecurring charges will not apply, either for the services subscribed to under the Term Payment Plan or for connecting services, unless they are being installed at the time of the change in tariff jurisdiction of existing services. Service Request charges will apply if stipulated by the tariff in the new jurisdiction.
- Tariffs for the same service and payment periods must exist in both jurisdictions at the time of the change. If tariffs exist for the same service, but the lengths of the periods available are different, the customer must select a new payment period with a length equal to or longer than the remaining time in the existing payment period, subject to the conditions covered in Requests for Changes in Length of Term Payment Plan following.

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

AT&T Ohio hereby revises Part 2, Section 3, and Part 15, Section 1, of its AT&T Ohio Tariff P.U.C.O. No. 20, to modify certain terms & conditions. With this filing, we are adding language to allow customers, with Private Line and Switched Ethernet products, to change jurisdiction between exchange and access without incurring termination charges given certain conditions are met. The capability to move between exchange and access without incurring term charges has been requested numerous times over the past few years, and this change will simplify this process for our customers.

As we are unable to identify which customer will migrate to an access-based service when their services change, no prior customer notice was given.
