Existing McLeodUSA customers and renewals are not eligible for the waiver. To qualify for the One Line Preferred Package waiver, the DyIA must be sold using the "one call close" process and paperwork. The One Line Preferred Package must be part of the customer's initial purchase to receive the promotion. If the customer does not request that the analog line be included prior to installation of DyIA, the promotion does not apply and the standard Preferred Advantage non-recurring charges ("NRC") and monthly recurring charges ("MRC") pricing for any analog lines would apply. No Term or Volume discount, NRC waiver, vendor credit, contract assistance, or any other discount or promotion of any type may apply to the sale of the DyIA or any other service sold to the customer during the "one call close" sale process. If the customer requires two (2) or more analog phone lines or some service arrangement other than the One Line Preferred package, the "one call close" process may not be used and the MRC waiver no longer applies. Customer signature must be received on or before September 30, 2006 to be eligible for the "One Call Close" promotion.

The promotional period shall begin with the effective date of this tariff and end on September 30, 2006.

Promotion: This DyIA "One Call Close" Promotion includes one (1) Preferred Advantage - One Line Preferred Package with the DyIA Line Solution base package for locations purchasing DyIA using the "one call close" process. The MRC for the One Line Preferred Package offered with the DyIA Line Solution will be waived for the duration of the customer contract for the DyIA. The NRC for the One Line Preferred Package offered with the DyIA Line solution will also be waived. Once the DyIA customer contract expires, the One Line Preferred Package will be charged the MRC for that product at the time the contract expires.

There are no features included in the One Line Preferred Package, nor will any be included, in the "one call close" process. If any features are added to the One Line Preferred Package, the Preferred Advantage MRC pricing for these features will apply. Any feature changes or activity are subject to standard Preferred Advantage NRC and MRC pricing associated with the features.
