Safety Tips

Odor of Gas We add a distinctive odor to your natural gas to alert you to a leak in or around your home. If you smell an odor of gas:

1. Leave the building immediately. Leave the door open on your way out, and don't use light switches or matches.
2. Call our 24-hour emergency number from a nearby phone and wait for our service crew to arrive to explain the situation.

Call Before You Dig If you're planning a home construction or landscaping project, call the Ohio Utility Protection Service (OUPS) at 1-800-362-2764 at least 72 hours before you start to dig. A representative will mark the approximate location of underground utility lines on your property.

Employee Identification All of our employees and approved meter readers and contractors carry photo identification. If someone claims to represent the gas company, ask to see identification. Call the police if you see suspicious activity.
