Re: Buckeye Telesystem, Inc.  
Case No. 07-06-TP-ZTA  
Case No. 90-9037-TP-TRF

Dear Mr. Hengely:

At the direction of the Staff and under the authority of Buckeye Telesystem, Inc., I am submitting to you four final original printed copies of tariff sheets from PUCO TARIFF No. 2 which are to become effective on February 6, 2007 as a result of the filing in Case No. 07-06-TP-ZTA. The following tariff sheets are affected:

<u>New Tariff Sheet</u>		<u>Former Tariff Sheet</u>

**3.4.5 Small Business Packages (Cont'd)**

There are two packages (Essential and Premium) that offer a range of calling features and interstate and intrastate long distance options. All packages include 5,000 minutes per month local calling in the Buckeye TeleSystem local calling area and some offer 2,500 minutes per month<sup>1\*</sup> of domestic (continental United States) outbound long distance, as long as the services are used as intended. Prohibited uses include computer-aided auto dialers or any other automated device capable of generating extremely high-volume calls, long distance Internet or intranet access, call center, and certain switching applications. If service is misused or changed, Customer will be moved to a per-minute rated plan. Descriptions of individual package features follow:

**Essential \*\***– Includes Caller-ID, call waiting, call forward, hunting, \*67 (caller ID blocking), and 5,000 minutes of local calls.

**Premium \*\*\***– Includes Caller-ID with name, call waiting ID, call forward variable, hunting and \*67, three-way calling, \*69, \*66, speed dial 8, and 5,000 minutes of local and 2,500 minutes of long distance calls.

**\*\*Essential Service is being grandfathered and no new customers will be accepted for this service after February 5, 2007.**

**\*\*\*As of February 5, 2007, there are no customers for the Premium package and thus this service is being withdrawn and is not available after February 5, 2007.**

---

<sup>1</sup> \* Minimally, usage in excess of either the 5,000 local or 2,500 long distance minutes will be billed at \$0.04 per minute.

---

LOCAL EXCHANGE SERVICE

---

3.4.5 Small Business Packages (Cont'd)

Any telephone customer who chooses AutoPay, by which the monthly charges are debited to the customer's bank account or credit card, will receive a reduction of \$1 off each month's telephone charges. This reduction is available only to telephone customers who choose either the Essential or Premium Packages and is applied to each account, not each line.

D

Service provided through the Small Business Packages cannot be used with autodialer, call center, certain automated switching equipment, or for extended periods of Internet Access (in excess of 2 hours per Internet call). Company reserves the right to immediately suspend, restrict, or cancel the Customer's service without prior notice and may apply additional recurring charges for each month in which said usage occurred. Such termination will be in general accordance with Sections 2.11.1 (disconnection of service), 2.11.2 (disconnection of toll service), and Section 2.15 (notices and communications) of this tariff. However, because of the potential for suspension of service for violation of the provisions of this service, this information will be included on the application for service. If service is suspended for cause, the company will notify the customer verbally and in writing, the specific reason(s) for its action. The free domestic long distance is only for outbound, direct dialed calls to the 48 continental United States. The free local and domestic long distance services do not include any calls that generate per-call usage (such as international calls, operator services or directory assistance calls, calls to customer's own Toll Free number, calls to 900 lines, calls to Alaska, Hawaii, Puerto Rico, etc.). All event driven charges will be billed at standard rates. Depending upon the customer premise location, type, and number of lines ordered, Company will provide a universal power supply (UPS) for power backup of Company's telephony equipment. Company-supplied UPS equipment is not to be used with any other customer equipment. Following the initial warranty period, the customer will be responsible for the replacement of the UPS. Customer may contact
