### AFFIDAVIT

#### *Minimum Telephone Service Standards*

I am outside legal counsel of the applicant corporation, NuVox Communications of Ohio, Inc., and am authorized to make this statement on its behalf. I attest that these tariffs comply with the Minimum Telephone Service Standards (MTSS) for the state of Ohio. I understand that the Minimum Telephone Service Standards, as modified and clarified from time to time, supercede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

**Description and Rationale for  
Proposed Tariff Changes and Service Description**

**Filing Description:**

With this filing, NuVox makes changes to its existing Service Connection Charges, found in Section 3 of NuVox's PUCO Tariff No. 1. The changes are as follows:

- Current Service Connection Charges are being made obsolete
- A new sub-section describing Service Connection Charges is being added.

**Customer Impact:**

Customers will be impacted by these changes if they amend (moves, additions, changes) their service and a service order must be generated.

All customers were notified of the changes via an insert included in January invoices. The information was also posted on NuVox's website during the notice period. Staff had previously approved the bill insert verbiage.

**Rationale for Proposed Tariff Changes:**

The current Service Connection Charge (SCC) Section 3 is being revamped to be more explicit, and minimize the SCCs charged to customers while recovering NuVox's costs to make changes to customers' accounts. Prior to adding this the new sub-section, customers who moved or added services were charged the same charges as new installation per the tariff. With these new, more detailed charges, customers who make service changes or additions will in many cases be charged less than they used to be under the generic installation charges. Some of the old charges were applied per line (e.g. the Restoral charge); the new charges often apply per order, which will reduce the overall charges to the customer. Other charges are being instituted for the first time. The purpose of the new charges is to cover NuVox' costs of making a change to a customer's account, when labor and a service order is required to change billing records. Other new charges (e.g., adding a block of numbers), are being added to help offset the cost of labor to provision the facilities changes and update billing records. It is common industry practice to charge Service Connection Charges to cover labor, service orders, and billing system changes.

**Other Changes:**

NuVox is also making a correction to tariff page filed and effective on January 8, 2007 in Case No. 07-14-TP-ZTA. The effective date on that page was incorrect, and is being updated to reflect the correct date of January 8, 2007.

**Customer Notice**

The attached customer notice was reviewed and approved by the PUCO telecom staff.

## Customer Notice

Beginning in February, NuVox is revising the non-recurring (i.e., one-time) Service Connection Charges (SCCs) associated with making additions or changes to your services or account information. The charges are designed to recover the NuVox's costs for labor and programming. You will only incur these fees if you place a service order for additions/changes to your account. Monthly recurring charges are not affected. Please call us at 800-600-5050, Option 2, if you have questions about these changes, or contact us online at [www.nuvox.com](http://www.nuvox.com).

The current SCCs are as follows:

Line Restoral (per line/per trunk)	\$35.00
PIC Change (per line)	\$5.00
Suspension of Service Restoral Charge (per line/per trunk)	\$35.00
Number Change (per access line)	\$25.00
Records Change/Supersedure	\$15.00
Establish, Change from one type of hunting to another, or rearrange hunting sequence, per access line	\$10.00
Change from Message Rate Service to Flat Rate Service, vice versa (per line, multi-line, or trunk)	\$10.00

Generally speaking, the new SCCs apply per ORDER rather than per LINE, which effectively decreases the charges for making additions and changes since most orders involve multiple lines. Also, NuVox is discontinuing the practice of charging initial installation charge per line for moves and changes, in favor of the new per order charges.
