IV. ORIGINAL LISTING

- A. The original or primary listing is ordinarily in the name of the subscribing individual, firm or corporation; therefore, throughout this text the first listed party is referred to as the subscriber.
- B. A Dual-Name Listing may be provided as the primary listing for residential service as described in paragraph XXV of this section. (T)

V. ADDITIONAL LISTINGS

- A. Additional listings appear in the alphabetical section of the directory and are in addition to the primary listing furnished with the subscribed service. Additional listings may also be in the form of dual name listings as described in the preceding.
- B. A subscriber with business service is permitted to designate, with the consent of those designated, the names of other individuals, firms or corporations to be used in additional listings of the subscriber's call number, subject to the following provisions:
 - 1. The listings must not be repetitions.
 - 2. The listings must be of members of the firm, officers of the corporation, agents, employees or others associated in the same business with the subscriber or of a business house which the subscriber represents or owns including a firm or corporation under his control.
 - 3. If the business telephone is located in the subscriber's residence, the subscriber may have a residence listing of that telephone as one of his additional listings.
 - 4. Business additional listings are not permitted in connection with residence service.
 - 5. Ordinarily, all additional listings are of the same address and telephone number as the primary listing, except for alternate call number listings. However, when it appears necessary as an aid to the use of the directory and provided satisfactory service can be furnished, a listing will be permitted for the address of a private branch exchange station, Centrex station, or business extension of either, installed on same continuous property of the subscriber but at a different address from that of the switchboard primary listing. (M)
 - 6. Off-premises business extensions of a different address from the primary listing for main stations, private branch exchange stations or Centrex stations will incur the additional business listing charge at the monthly rate under paragraph XIV. (T) (M)

PAYPHONE LINE SERVICE

(M)

II. GENERAL REGULATIONS (Continued)

- I. Service will have access to local, long distance, access code, and toll-free service.
- J. Service will provide free end user access to all locally certified long distance carriers.
- K. The Payphone provider shall provide access to Directory Assistance and maintain a current and complete local telephone directory at each indoor payphone instrument if the provider charges the end user for directory assistance.

- N. The Company may disconnect service if the Commission finds the customer is not in compliance with the requirements set forth in this tariff and according to the Minimum Telephone Service Standards.

III. LIABILITY

- A. The Company shall not be liable for any losses or damages of any kind resulting from the unavailability or failure of its equipment or facilities; or for any act, omission or failure of performance by the Company, its employees or agents in connection with this tariff. The Company shall not be responsible for incomplete calls or calls that cannot be completed as a result of end user action, subscriber equipment and facilities or Company equipment and facilities.
- B. The Company shall not be liable for shortages of coins collected and deposited at the customer's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the customer's equipment shall be governed by provisions of this tariff and rule or regulation of the PUCO. In case of a conflict, the rule or regulation will prevail.
- C. Approval of the above tariff language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.
