Re: AT&T Communications of Ohio, Inc.: Notice of Intent to Withdraw Provision of Tier 1 Local Exchange Service and Related Tier 1 Features to Residential Customers

Dear Ms. Jenkins:

On behalf of AT&T Communications of Ohio, Inc. ("AT&T Communications") and in conjunction with AT&T Ohio, I am submitting this Notice to the Public Utilities Commission of Ohio ("Commission"), along with the requisite application for the withdrawal of Tier 1 services, pursuant to Ohio Administrative Code 4901:1-6-11. In accordance with the 60-day notification requirement relative to the withdrawal of Tier 1 services, AT&T Communications hereby notifies the Commission that it is withdrawing the provision of its Tier 1 local exchange service offering and Tier 1 features to residential customers in Ohio starting on May 28, 2007. Within the next several weeks, AT&T Communications will also seek to withdraw its remaining, Tier 2, residential local exchange services. Inasmuch as AT&T Communications will continue to provide other local exchange services to business customers, it is not seeking to modify or relinquish its existing certificates of authority.

In November 2005, SBC Communications Inc. (now AT&T Inc.) acquired AT&T Corp. Since that time, both corporations have worked to integrate their affiliated local exchange operations. As part of that effort, AT&T Communications decided to stop providing local exchange service to residential customers.

AT&T Communications' existing residential local exchange customers are being provided with notice of the company's decision to exit the residential market, as required by 47 CRF 64.1120(e) and by Ohio Administrative Code 4901:1-6-11. An example of the type of letter that will be sent to those customers is included as Attachment 1. As the letter explains, these customers have several choices. First, they have the option of choosing a new telecommunications provider. Second, if they prefer to remain with an AT&T-affiliated

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

company, they can contact AT&T Ohio and select a new local calling plan. Finally, pursuant to the migration plan AT&T Communications has developed, those customers who take no action during the 60-day notification period will be automatically migrated to AT&T Ohio and will receive service under a plan comparable to their current service. Those customers who are automatically migrated to AT&T Ohio also will receive a confirmation letter once their new service is established; explaining what is included in that new service.

In the event that you have any questions, please do not hesitate to call me.

Sincerely,

A handwritten signature in cursive script that reads "Mary Ryan Fenlon". The signature is written in black ink and is positioned above the printed name and phone number.

***Compliance with Commission Rules and Service Standards***

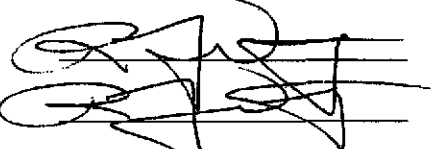

I am an officer of the applicant corporation, AT&T Communications of Ohio, Inc./AT&T Ohio, and am authorized to make this statement on its behalf. I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

## **EXHIBIT C**

In the company's effort to migrate its local customers, AT&T Communications of Ohio is withdrawing its Tier 1 services, which requires a 60-day approval, from the tariff, and which include:

Call Plan Unlimited, Call Waiting, Call Waiting ID, Caller ID, Caller ID with Name and Call Trace from its tariffs.

Migration will begin on May 28, 2007 and is expected to conclude in mid August. The final effective date of the withdrawal of the Tier 1 services is August 31, 2007.

### **Migration Plan**

The company has developed a customer migration plan pursuant to which current residential customers of AT&T Communications of Ohio, Inc. ("AT&T Communications") will be migrated to AT&T Ohio. Under this migration plan, residential customers will be notified of their right to choose any available local exchange carrier prior to the actual transfer of service. AT&T Communications' customers who do not choose another local exchange provider will be automatically migrated, en mass, to AT&T Ohio's local service platform. This market exit and migration plan ensures that these customers will be migrated to AT&T Ohio without incurring an increase in their overall monthly rate for service, without the loss of dial tone or emergency services, without change charges, and without termination fees.

AT&T Communications residential customers will be provided with written notifications at least 60 days prior to the commencement of this service migration which is scheduled to begin in Ohio on May 28, 2007. A sample of the customer notification letter is included as Attachment 1. As the notification letter indicates, customers will be given the opportunity to select another local provider, to contact AT&T Ohio to select a new local calling plan, or to take no action and be automatically transferred to AT&T Ohio. Following this customer notice period, customers who have not proactively transferred their local exchange service to another carrier will be automatically migrated from AT&T Communications to AT&T Ohio's local service platform.

As the acquiring carrier, AT&T Ohio will be responsible for any carrier change charges associated with the migration of customers to its network and will ensure that these customers are not billed or charged for the migration.<sup>1</sup> Customers who do not proactively select a new calling plan from AT&T Ohio will be converted to the most comparable local service plans and features from AT&T Ohio. Monthly recurring charges (MRCs) for comparable services from AT&T Ohio will be equal to or less than current MRCs charged by AT&T Communications. No customer will incur higher MRCs after the mass migration to AT&T Ohio unless the customer actively upgrades or changes services prior to mass migration.

---

<sup>1</sup> However, customers who choose another local service provider may incur additional charges associated with their local carrier change.

### **Local Toll and Long Distance Service Plans**

Migration of residential local exchange services will have no impact on customers' current pre-selected local toll and long distance service providers. Customers will be advised to contact their current pre-selected local toll and long distance service providers to ensure there is no change to their local toll and long distance calling plan. Upon migration of the local exchange service to AT&T Ohio, AT&T Communications' local toll and long distance services that are packaged with local exchange service under bundled calling plans will be unbundled. Affected customers will be placed on comparable local toll and long distance plans at rates no higher than their previous calling plan rates and will continue to receive one bill for their combined services.

### **Deposits and Credits**

Residential customers of AT&T Communications who have paid a deposit preceding the provisioning and establishment of their service will receive a refund of the deposit including applicable interest, less any amount due on their account after transfer of service. These net deposit refunds will be distributed via checks to eligible customers four to six weeks after their migration date.

In circumstances where there is an account credit balance after the transfer of service, a separate refund check will be sent to the eligible customer for the total amount of the credit balance. Refund checks will be sent to customers at their current billing address of record four to six weeks after their migration date.

### **FCC -214 Filing**

The FCC required 214 Application w/Letter will be filed with the FCC on 3-16-07.

### **ILEC Notification**

In November 2005, SBC Communications Inc. (now AT&T Inc.) acquired AT&T Corp. Since that time both corporation have worked to integrate and streamline their affiliated local telephone exchange operations and have agreed to designate AT&T Ohio as the acquiring local exchange carrier pursuant to the plan for migration as described above.

AFFIDAVIT OF MARYANN H. MACKEY

---

Maryann H. Mackey, being first duly cautioned and sworn, deposes and says as follows:

1. I am the Senior Director - Network & Retail Dockets & Issues for AT&T Ohio, where one of my responsibilities is to prepare tariff applications such as the one this affidavit supports.
2. I am aware of the rule of the Public Utilities Commission of Ohio, Ohio Admin. Code Section 4901:1-6-17 that applications for abandonment of all services, withdrawal of a service, amendment of a certificate, change in carrier's name, price increases, and changes in terms and conditions of an existing service, must contain an affidavit attesting that prior actual customer notification was provided to the affected customers by bill insert, bill message, direct mail, or, if the customer consents, electronic mail. For cases in which the Commission review period is 30 days or less, the notice must be sent to customers at least 15 days prior to filing the application with the Commission. For cases in which the Commission review period is greater than 30 days, the customer notice must be filed simultaneously with the application being filed at the Commission. In addition to the affidavit, the application, when filed at the Commission, must include a copy of the actual notice that was sent to affected customers.
3. I have worked with our corporate customer notification group and have confirmed that a customer notice meeting the test of that rule has been provided.
4. Therefore, on information and belief, I hereby attest that the tariff application that this affidavit supports meets the requirements of that rule.

Mr./Mrs./Ms. Customer  
1234 Address  
Anywhere USA 00000

Dear Mr./Mrs./Ms. Customer,

We want to update you on some important and positive changes underway at the new AT&T that may require you to take some action. As you may know, in November 2005, AT&T Corp. and SBC Communications Inc. joined together to form what is today the new AT&T. As a result of this merger, local services for residential customers will be provided by AT&T Ohio, one of the AT&T family of companies. In an effort to pass the full benefits of this union on to our customers, we are integrating the best of our combined services to provide you with the best service and technology available.

Beginning May 28, 2007 and completing by August 31, 2007, your **local residential telephone service provider, a pre-merger AT&T operating company**, will stop offering local residential telephone service in Ohio. This transition means you have three options to consider:

- **Call AT&T Ohio to select your new plan** – Take this opportunity to contact an AT&T Ohio customer care representative who stands ready to answer your questions, assess your current calling plan, and recommend a new plan based on your communications and entertainment needs. Let us tell you how our customized bundles may save you money and simplify your life. Simply call toll free at 1-866-746-4717 and reference program code BB by May 20, 2007. There are no costs associated with transferring your local service to AT&T Ohio.

For your convenience, we have enclosed a list of current AT&T services, applicable rates, terms and conditions. You may be eligible for some customized bundled packages that can include your voice and entertainment needs as well as wireless phone service, AT&T Yahoo! High Speed Internet and DISH Network. Best of all, by bundling your services, you may qualify for even greater savings. We also invite you to visit our website, [att.com](http://att.com), to view available products and services in your area before calling AT&T Ohio for your free, personal consultation.

- **You always have the right to select another local telephone service provider** – You are a valued customer and we sincerely hope you will continue to remain with the AT&T family, but you do have the option of selecting another local telephone service provider. If you select another provider, that carrier will be able to provide you with a list of their services and charges. They can also tell you if there are any charges associated with moving to their service. A listing of available local service providers may be found in your AT&T White Pages Directory. If you do want to select another service provider, you should make that selection before May 20, 2007, to avoid automatic migration of your account to AT&T Ohio.
- **If you do not choose a new provider, your local service will be automatically transferred to AT&T Ohio** – You can decide to take no action, in which case we will transfer your local service automatically to AT&T Ohio during a transition period from May 28 through June 12, 2007. We will transfer you to an AT&T Ohio service plan that is most comparable to your current telephone service plan (as shown in the attached list). In most cases, upon transfer, your monthly recurring charges will automatically be equal to or less than what you pay now. In cases where your monthly telephone service charges or Voice Mail charges would be higher, you will receive a special transition discount so that you do not see an increase over what you pay now. This special discount will end on or after December 31, 2007. The AT&T Ohio service plan may also include features or services not included in your current plan. Once you receive your bill, if you have any questions about what's included in your service plan, just contact us at the number provided on the bill. There are no costs associated with this transfer to AT&T Ohio.

**Important Information:**

- **Long Distance Service**

If you select a new local service provider, you should contact your current long distance provider to ensure there is no change to your long distance calling plan. Not doing so may result in a change in the rates applied to your long distance calls.

- **Billing, Payments and Refunds**

Once your service has been transitioned to **AT&T Ohio or another carrier**, you will receive a final bill from your previous local provider, AT&T Communications of Ohio, Inc. Please return your final payment via the remittance document provided in your bill. Failure to pay your telephone bill may result in your account being referred to a collection agency.

If you currently have a deposit for your local or long distance service, you will receive a refund of the deposit, including applicable interest, minus any amount due on your account when service is transferred. If a refund is due to you, you should receive it within four to six weeks after receipt of your final bill.

**Additional information if you are automatically transferred to, or choose AT&T Ohio for your local service:**

- **AT&T long distance customers**

**Your long distance service will continue to be provided by AT&T Long Distance.** To most closely match your current long distance service plan, you will automatically be enrolled in the AT&T Unlimited Plus Plan, which has a \$32.99 monthly recurring charge and provides unlimited domestic long distance calling, 24 hours per day 7 days a week, along with the AT&T Unlimited Canada Plan, which has a \$5.99 monthly recurring charge and discounted rates to other international countries. Importantly, you also will **receive a \$7.00 monthly credit** on your bill once your service has been established with AT&T Ohio. You will continue to receive the \$7.00 monthly credit as long as you are enrolled in the AT&T Unlimited Plus calling plan and have AT&T Ohio as your local provider. We appreciate your business and look forward to continuing to serve you.

- **Frozen or blocked accounts**

You will be transferred automatically to AT&T Ohio unless an alternate local provider selection is made. Contact AT&T Ohio toll free at 1-866-746-4717 if you would like to re-establish a freeze/block for your account after the transition period.

- **Reprogramming of calling features**

You will need to reprogram your Call Forwarding Speed Dialing and other features. Once the transition to AT&T Ohio is complete, you will receive a letter confirming your new service which will include instructions on how to program features.

- **Changes to your Voice Mail**

If you call AT&T Ohio prior to the transfer date, our representatives will be happy to discuss the voice mail products available to you. If you wait to be automatically transferred to AT&T Ohio, there will be some changes to your voice mail service. Your existing password/pin and greeting will remain the same, however, your message retrieval/access number will change. You will receive your new message retrieval/access number in a separate mailing. Once your service has been automatically transferred, please visit <um.att.com> to view customer support information including a revised User Guide. You may also call the AT&T Messaging Customer Care Center toll free at 1-888-300-6500, Monday to Friday, 8:00am – 7:00pm CT if you have questions.

- **Update banking/bill payment information**

If you currently make payments via your bank, on-line bill pay, or credit card, you will need to update your records to reflect your new AT&T Ohio account information. This will ensure proper payment. Your new billing account information will be your **10 digit billing telephone number plus a three digit customer code** that will appear on your new AT&T Ohio bill. Once the transition to AT&T Ohio is complete, you will receive a letter confirming your new service which will include your new account number as well as instructions on how to obtain information on establishing an AT&T automatic payment arrangement for your new service.

If you had signed up for automatic payments with the pre-merger AT&T company, you will need to re-apply for automatic bill payment through AT&T Ohio once your service is transferred.

- **Questions about new service**

If you have any questions regarding your new service(s), contact AT&T Ohio toll free at 1-866-746-4717 and reference program code BB (7:00am – 8:00pm, Monday-Friday; 7:00 – 5:30pm Saturday).

**Page 3**

March 26, 2007

If at any time you have questions regarding this transition or any other outstanding complaints, or you want to know how you can take advantage of AT&T's new suite of products and services, we invite you to contact AT&T Ohio toll free at 1-866-746-4717 and reference program code **BB** (7:00am – 8:00pm Monday-Friday; 7:00 – 5:30pm Saturday). If you have questions regarding your final bill or your existing service please contact the AT&T Customer Care Center at 1-800-288-2747. For general utility information, you may call the Public Utilities Commission of Ohio at 1-800-686-7826 or for TDD/TTY at 1-800-686-1570. We hope you will continue to be a part of our new AT&T family, and we look forward to serving you well into the future.

## RATES, TERMS AND CONDITIONS OF LOCAL SERVICE

### Rate Conditions

Monthly rates for telephone line charges in the state of Ohio vary depending on the area in which you live. The Public Utilities Commission of Ohio approves the rates based on the number of telephone lines in a specific serving area. All rates and charges are subject to change.

### Basic Line Services

AT&T Ohio offers *Message*, *Measured* and *Flat Rate* line service. Rates do not include taxes, surcharges, municipal fees, Local Calling Plus charges or FCC approved line charge.

*Message rate* service has a low monthly rate. This service best serves customers who make very few outgoing local calls. A local call is defined by tariff as "a communication between telephone stations located within the area defined as the local service area of the station from which the message originates". Only completed calls to the called local number count against the 30-call monthly allowance. Message Rate Service is \$8.91 per month, and additional local calls over 30 are \$0.08 per call.

*Measured* service combines a low monthly rate with local usage charges. This service best serves customers who make calls that are both short and limited in number each month. Measured Service is \$6.70 per month. Outgoing local usage is charged based on distance, time of day, day of week, and length of call.

*Flat Rate* service provides you with unlimited local calling. For residential customers the monthly rate is \$14.25 for AT&T Ohio' touch-tone one-party flat rate service.

Lifeline Telephone Service is also available and provides monthly assistance for low income residential households, rates vary by area, but message rate service costs \$1.91 per month for up to 30 calls, with additional calls charged \$0.08 a minute. Flat rate Lifeline service is \$7.25 per month.

### Optional Services

In addition to the basic line service, AT&T Ohio offers optional calling services. These services are also available in packages for cost savings. The rates for some of these packages and optional services are enclosed with this letter. Or you can contact the AT&T Ohio customer service center toll free at 1-866-746-4717 or access ATT.com for package availability and prices.

### More information

You may find more information about AT&T services and your rights as a customer in the AT&T White Pages, which you will receive as a new AT&T Ohio customer. AT&T Ohio rates, terms and conditions will apply as of the date your services are transferred. You will be notified by mail of any changes.
