INTERCITY TELECOMMUNICATIONS SERVICES**4. SERVICE AND RATE DESCRIPTION (Continued)****.6 Miscellaneous Services (Continued)****.14 Promotional Prepaid FÖNCARD Service**

(N)

The Promotional Prepaid FÖNCARD Service allows customers to pay in advance for cards which entitle the holder to rights of usage on Sprint's fiber optic network for specified amounts of interLATA and intraLATA calling per card through the expiration date printed on the back of the card. This Prepaid FÖNCARD service will be used for the customers' promotional purposes only and the cards will be distributed primarily through the customers' outlets and products. Promotional Prepaid FÖNCARD usage is given away to end users at no charge. However, in some instances, the customer purchasing the Promotional Prepaid FÖNCARD may charge a flat charge to end users to defray its costs associated with the promotion and distribution of the card. In some cases, the promotional card will have a designated collectable value (for example, due to limited quantities or unique production values). In these cases, the collectable dollar value may be printed on the face of the card and the long distance value (in dollars or minutes) will be printed on the card back. All advertising and promotional materials which refer to the customer and Sprint shall be jointly approved, and the name of both the customer and Sprint shall be displayed on all cards. Sprint's name shall be displayed on all merchandising or advertising supporting the Promotional Prepaid FÖNCARD.

In some instances, the Promotional Prepaid FÖNCARD will indicate a dollar value. The domestic usage associated with the card equals the dollar value divided by \$0.30, rounded down to a whole number of minutes.

Promotional Prepaid FÖNCARD Service has a minimum purchase of 5,000 cards/50,000 minutes for the domestic calling designated card and a minimum of 5,000 cards/50,000 units/domestic minutes for the combined domestic and outbound international designated card. The service will be accessed using the toll free number on the cards. Direct-dial calls may be placed using the personal identification number on the card. Each call is calculated to the next whole minute and a flat per-minute cost of a call will be deducted on a real-time basis as the card is used until the full amount of the card is exhausted. Customer service will be provided by Sprint. The per minute rates charged to the customer, which are based on annual volumes, are set forth in Section 6.16.1 following.
