VIA OVERNIGHT MAIL

Ms. Renee J. Jenkins
Director of Administration
Public Utilities Commission of Ohio
180 East Broad Street, 13th Floor
Columbus, Ohio 43215-3793

Re: In the Matter of the Commission's Investigation into Telephone Numbering and
Number Assignment Procedures; PUCO Case No. 97-884-TP-COI

Dear Ms. Jenkins:

I enclose for filing an original and fifteen (15) copies of the Petition of Sprint Communications Company L.P. ("Sprint") for Review of a Decision of the Number Pooling Administrator to be filed in connection with the above-referenced proceeding.

Please return a filed-stamped copy of this letter in the enclosed self-addressed, postage-prepaid envelope. If you have any questions, please feel free to contact me. Thank you for your attention to this matter.

Sincerely,

Jennifer A. Duane

Enclosure

**BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO**

IN THE MATTER OF THE COMMISSION'S)	
INVESTIGATION INTO TELEPHONE NUMBERING)	CASE No. 97-884-TP-COI
AND NUMBER ASSIGNMENT PROCEDURES)	

**PETITION OF SPRINT COMMUNICATIONS COMPANY L.P.
FOR REVIEW OF A DECISION OF THE POOLING ADMINISTRATOR**

Sprint Communications Company L.P. ("Sprint") hereby requests that the Public Utilities Commission of Ohio ("Commission" or "PUCO") review a decision of the Pooling Administrator ("PA" or "NeuStar") that denied Sprint's request for numbering resources in several rate centers. For the reasons set forth more fully below, Sprint respectfully requests that the Commission overturn the PA's decision and direct it to assign the requested number blocks to Sprint.

DISCUSSION

In February and March 2007, Sprint submitted multiple requests to NeuStar for several number blocks in accordance with current guidelines, including the Months-to-Exhaust ("MTE") Certification procedures established in the Central Office Code Assignment Guidelines. Specifically, Sprint requested:

- 1) One (1) thousand-blocks each in the rate centers of Berea, Hilliard, Lockbourne, New Albany, North Royalton, Plain City and Strongsville;
- 2) Two (2) thousand-blocks each in the rate centers of Alton, Cleveland and Grove City;
- 3) Three (3) thousand-blocks in the rate center of Columbus;

These thousand-blocks are necessary to fill a specific request from Sprint's customer, Time Warner Cable, who is entering these Ohio markets to provide Voice over Internet Protocol ("VoIP") services. Sprint cannot meet the customer's request from its current inventory. NeuStar, however, denied these requests on the grounds that Sprint did not meet the utilization threshold necessary in order to obtain growth number resources.

On December 28, 2001 the Federal Communications Commission ("FCC") released its *Third Report and Order and Second Order on Reconsideration* in its Numbering Resource Optimization docket. In that Order, the FCC created a safety valve mechanism to provide carriers with a procedure to obtain additional numbering resources when there is a verifiable need due to the carrier's inability to satisfy a customer request.¹ Specifically, the Order provides state public utility commissions with delegated authority to hear claims that a safety valve should be applied when the Pooling Administrator denies a specific request for numbering resources. And under the federal numbering rules, a state commission may overturn the PA's decision based on its determination that the carrier has demonstrated a verifiable need for the numbering resources and has exhausted all other available remedies.² Therefore, this Commission has the authority to overturn the PA's decision under the appropriate circumstances and Sprint submits this petition requesting the assignment of the thousand-blocks of telephone numbers in each of the rate centers specified above under the FCC's safety valve procedures.

Sprint has attached two letters from Time Warner Cable as its Exhibit A demonstrating that it has received a customer request for numbering resources in several rate centers that it cannot meet with its current inventory. Also attached are copies of Sprint's

¹ See In the Matter of Numbering Resource Optimization, *Third Report and Order and Second Order on Reconsideration*, CC Docket No. 99-200 at ¶61 (Dec. 28, 2001).

² 47 C.F.R. 52.15(g)(4).

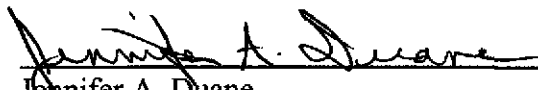

MTE and Utilization Worksheet, along with the denials that Sprint received from NeuStar for each of these rate centers (Exhibit B). Accordingly, the circumstances described in Sprint's Exhibits A and B and in this Petition warrant application of the PUCO's safety valve authority in this instance.

CONCLUSION

WHEREFORE, for the reasons set forth above, Sprint respectfully requests that the Commission overturn NeuStar's decision and direct it to allocate to Sprint these additional number blocks to satisfy the needs of its customer. The grant of this petition serves the public interest because it will ensure the availability of numbering resources to customers seeking to switch to a competitive service provider. Further, Sprint's reasonable request ensures the efficient use of scarce numbering resources. With Time Warner's impending launch of VoIP services in these Ohio markets, Sprint respectfully requests that the PUCO grant this Petition and issue its order to NeuStar expeditiously.

Respectfully submitted,

SPRINT COMMUNICATIONS COMPANY L.P.

RE: Sprint Safety Valve Request for RC's in the MID OHIO MARKET

Dear Terry:

This letter is in response to your request to Time Warner Cable for additional forecasting information relative to the Mid Ohio Market Safety Valve request

Time Warner Cable is being added to the Sprint network and therefore is requiring Native TN's to support the RC's listed below. Our telephone line forecast for the first three months is also identified below:

MARKET	PHASE	RATE CENTER	State	LATA	3 MONTH
MID OHIO	WLC 3	ALTON	OH	324	1,000
MID OHIO	WLC 3	COLUMBUS	OH	324	3,000
MID OHIO	WLC 3	GROVE CITY	OH	324	1,000
MID OHIO	WLC 3	HILLIARD	OH	324	700
MID OHIO	WLC 3	LOCKBOURNE	OH	324	300
MID OHIO	WLC 3	NEW ALBANY	OH	324	300
MID OHIO	WLC 3	PLAIN CITY	OH	324	300

Please let me know if you need any additional information.

Sincerely,

Neil E. Knight

MONTHS TO EXHAUST and UTILIZATION CERTIFICATION WORKSHEET - TN Level
(Thousands-Block Number Pooling Growth Block Request)

Date: 02/16/07 OCN: 2687 Company Name: Sprint Communications Company, L.P.

Rate Center: ALTON, OH

List of all Codes NPA(s)-NXXs and Blocks NPA(s)-NXX-X(s): 614-385-4

Name of Block Applicant: Dawn Fleming Signature:

Title: Network Operations Tech II Telephone Number: 913-762-4262 Fax No.: 913-762-0121

Email: Dawn.M.Fleming@sprint.com

A. Available Numbers 721

B. Assigned Numbers 300

C. Total Numbering Resources: 1000

D. Quantity of numbers activated in the past 90 days and excluded from the Utilization calculations: 0
List excluded Code(s) or Block(s): 0

	Month #1	Month #2	Month #3							
E. Growth History - Previous 6 months ²	0	0	0							

F. Forecast - Next months 1-2 ³	381	420	463	0	0	0	0	0	0	0
--	-----	-----	-----	---	---	---	---	---	---	---

G. Average Monthly Forecast (Sum of months 1-6 Part F above divided by 6): 421

H. Months to Exhaust⁴ = $\frac{\text{Numbers Available for Assignment to Customers (A)}}{\text{Average Monthly Forecast (G)}}$ = 1.71

I. Utilization Level⁵ = $\frac{\text{Assigned Numbers (B) - Excluded Numbers (D)}}{\text{Total Numbering Resources (C) - Excluded Numbers (D)}}$ = 30.00%

Explanation: This rate center currently supports one VOIP customer. A new VOIP competitor is entering this Rate Center. To meet new customer's forecasted demand for the new launch, Sprint is requesting 2 additional blocks to meet the new VOIP partner's needs within this rate center. The new VOIP customer is scheduled to launch and activate new customers with native TNs on 04/27/07.

1. A copy of this worksheet is required to be submitted to the Pooling Administrator when requesting additional numbering resources in a rate center. For auditing purposes, the applicant must retain a copy of this document.
2. Net change in TNs no longer available for assignment in each previous month, starting with the most distant month as Month #1, and Month #6 as the current month.
3. Forecast of TNs needed in each month, starting with the most recent month as Month #1.
4. To be assigned an additional thousands-block (NXX-X) for growth, "Months to Exhaust" must be less than or equal to 6 months. (FCC 00-104, 52.15 (g) (3) (iii)).
5. Newly acquired numbers may be excluded from the Utilization calculation (FCC 00 104, Section 52.15 (g)(3)(ii)).

G. Average Monthly Forecast (Sum of months 1-6 Part F above divided by 6): 231

$$\text{H. Months to Exhaust} = \frac{\text{Numbers Available for Assignment to Customers (A)}}{\text{Average Monthly Forecast (G)}} = 3.21$$
$$\text{Utilization Level}^5 = \frac{\text{Assigned Numbers (B)} - \text{Excluded Numbers (D)}}{\text{Total Numbering Resources (C)} - \text{Excluded Numbers (D)}} \quad 25.90\%$$

Explanation: This rate center currently supports one VOIP customer. A new VOIP competitor is entering this Rate Center. To meet new customer's forecasted demand for the new launch, Sprint is requesting 1 additional blocks to meet the new VOIP partner's needs within this rate center. The new VOIP customer is scheduled to launch and activate new customers with native TNS on 04/27/07.

1. A copy of this worksheet is required to be submitted to the Pooling Administrator when requesting additional numbering resources in a rate center. For auditing purposes, the applicant must retain a copy of this document.
2. Net change in TNS no longer available for assignment in each previous month, starting with the most distant month as Month #1, and Month #6 as the current month.
3. Forecast of TNS needed in each month, starting with the most recent month as Month #1.
4. To be assigned an additional thousands-block (XXX-X) for growth, **Months to Exhaust** must be less than or equal to 6 months. (FCC 00-104, 52.15 (g) (3) (iii)).
5. Newly acquired numbers may be excluded from the Utilization calculation (FCC 00 104, Section 52.15 (g)(3)(ii)).
