1. Regulations
 - a. The Telephone Company furnishes Directory Assistance Service whereby customers may request assistance in determining telephone numbers.
 - b. The rates specified in Section 3 below are not applicable to calls placed from pay telephone stations, or from hospitals and skilled nursing homes. For the purpose of this tariff, the term "skilled nursing homes" applies to those nursing homes that provide 24-hour per day professional nursing care.
 - c. Directory Assistance Service furnished to the visually or physically handicapped:
 - i. Charges for Directory Assistance Service are not applicable to calls placed by visually or physically handicapped subscribers to the Directory Assistance attendant. One residence service per handicapped person is designated by that handicapped person who is unable to use a directory due to a visual or other physical handicap. Such person must make application to the Telephone Company for exemption and will be required to provide suitable proof of handicap. Such application shall be established by the following procedures:
 - i.i A letter to the Telephone Company from a qualified professional familiar with the person's visual or physical impairment stating that the person qualifies for the exemption, or
 - i.ii The filling out of a prepared form made available by the Telephone Company, by a qualified professional familiar with the person's visual or physical impairment.

1. Regulations (Continued)

- ii. Exemption may be extended to one business service in lieu of a residence service where the handicapped person subscribes only to business service that is located in the residence of said person.
- iii. For the purpose of this tariff, a visually handicapped person is defined as follows:
 - iii.i Visual acuity of 20/60 or worse with best refractive correction with best eye, or
 - iii.ii Visual field of 20° or less in diameter.
- d. Directory Assistance Service for the communicatively impaired:
 - i. For purposes of this tariff, the definition of impaired refers to those persons with communication impairments, including those hearing impaired, deaf, deaf/blind and speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf.
 - ii. Residential impaired customers or impaired members of a customer's household, upon written application and upon certification of their impaired status, which is evidenced by either a certificate from a physician, health care official or state agency or a diploma from an accredited educational institution for the impaired, may receive a discount off their message toll service rates, and, if they utilize telebraille devices, they may receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by nonprofit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the impaired, may receive a discount off their message toll services rates.
