5. The Company will undertake periodic reviews of traffic on its network to determine appropriate use of this calling plan. Where the Company determines that a customer's calling patterns indicate usage that is not residential in nature, the customer will be contacted and invited to amend their use of the service or select a service more appropriate to their needs. Subsequent to that notification, if a customer continues to use the service in an inappropriate manner, the Company will temporarily restrict the customer's access to long distance calling until a mutually agreeable resolution can be reached.
