SUBJECT: DRESDEN ENERGY FACILITY (DEF) Continuous Construction Activities
FILE: DR/DOM/PSB/031

Dear Mr. Lambeck and Mr. Winget,

Please be advised that the Dresden Energy LLC power facility remains under a course of continuous construction. The completion milestones for work planned in 2006 are presented below.

March – Energize station service transformers (Backfeed from AEP substation)
June – Complete steam turbine building control room
August – Complete Pretreatment and River Intake facilities
September – Complete high voltage distribution system cable pulls
October – Complete civil work at Neutralization Pit
November – Complete Neutralization area underground Work
December – Complete ICS for Monitor/Data Logging of switchyard and high voltage systems

Kind regards,

Brian M. Clepper
