#### 2. Regulations (Cont'd)

#### 2.10 Use of Service (Cont'd)

#### 2.10.5 <u>811 Dialing Service</u>

#### 2.10.5.1 General

811 Dialing Service (811) is a custom call-routing application utilizing a three-digit local dialing arrangement, terminating to a subscriber-provided number for access to advance excavation notice services. It provides the calling party an easy-to-remember three-digit dialing code with call delivery to established 811 subscribers. The 811 code was assigned for this purpose pursuant to the Sixth Report and Order, released March 14, 2005 by the Federal Communications Commission in CC Docket No. 92-105, which specifies that such calls be delivered to a number provided by the relevant 811 subscriber that is not a toll call for the party dialing the number (i.e., either a toll-free (8XX) or local number). This tariff covers calls originating on lines terminating in a Verizon Access switch (i.e., originating and terminating within the same MSA); it does not cover 1+, 0+, 0- operator-assisted, 101XXXX, or inmate calls). There is no charge for 811 Dialing Service.

#### 2.10.5.2 Conditions

Calls placed using 811 are automatically routed to the 811 subscriber's terminating number, which the subscriber must provide in the form of either a toll-free number or a local number whose local calling area covers all of the locations to which the service is provided. The subscriber shall provide Verizon Access with this number in advance so that Verizon Access may properly translate its central office switches. If charges are required to re-route the call to the terminating number, they will be cared for by the use of a subscriber-provided toll-free number. Verizon Access is not responsible for redirecting or otherwise handling 911 and other calls misdialed or misrouted as 811 calls. The subscriber shall provide sufficient terminating number paths to its toll-free or local terminating number so as to not clog nor impair Verizon Access' network.

Verizon Access' offering of 811 to the subscriber also is conditioned on the subscriber's representation that it has been authorized by appropriate state authorities to receive and respond to 811 calls from the public within the areas served by Verizon Access, and that the subscriber has obtained all licenses, authorizations, and other prerequisites necessary to provide that service, and will at all times comply with all applicable laws and regulations.

The Company reserves the right to discontinue the service, without notice, if interruption of 811 is necessary to prevent or protect against fraud or otherwise protect Verizon Access' personnel, facilities or services.

811 is not available for resale.

## 2.10 Use of Service (Cont'd)

#### 2.10.5 <u>811 Dialing Service (Cont'd)</u>

2.10.5.3 <u>Limitations on Liability</u>

The Company shall be indemnified and saved harmless by the subscriber against claims for libel, slander, or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities or the use thereof; against claims for infringement of patents arising from combining with or using in connection with, facilities furnished by the Company, apparatus and systems of the subscriber; and against all other claims arising out of any act or omission of the subscriber in connection with the facilities provided by the Company. Neither the Company nor any concurring, connecting or other participating carrier shall be liable for any act or omission of another company or companies furnishing a portion of such service. The Company is not responsible to the subscriber, authorized user, joint user, sharer of service, patron of a reseller or any other person for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failures or defects in facilities furnished by the Company occurring in the course of furnishing service or other facilities (Service Problems) or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of the Company caused by terminal equipment. The Company is not responsible to the subscriber, authorized user, joint user, sharer of service, patron of a reseller or any other person for injuries or damages to persons or property arising from the existence of subscriber-provided power supply.
