AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer of the applicant corporation, Verizon North Inc., and am authorized to make this statement
(Name of Company)

on its behalf. I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

8. 811 DIALING SERVICE

(N)

8.01. General

811 Dialing Service (811) is a custom call-routing application utilizing a three-digit local dialing arrangement, terminating to a customer-provided number for access to advance excavation notice services. It provides the calling party an easy-to-remember three-digit dialing code with call delivery to established 811 subscribers. The 811 code was assigned for this purpose pursuant to the Sixth Report and Order, released March 14, 2005 by the Federal Communications Commission in CC Docket No. 92-105, which specifies that such calls be delivered to a number provided by the relevant 811 subscriber that is not a toll call for the party dialing the number (i.e., either a toll-free (8XX) or local number). This tariff covers calls originating on lines terminating in a Verizon switch (i.e., originating and terminating within the same LATA); it does not cover 1+, 0+, 0- operator-assisted, 101XXXX, or inmate calls). If the 811 Customer requires a change to the terminating numbers, additional charges may apply.

8.02. Definitions

811 Customer means the entity which has been authorized by appropriate state authorities to receive and respond to 811 calls from the public within the areas served by Verizon and has obtained all licenses, authorizations, and other prerequisites necessary to provide that service, and will at all times comply with all applicable laws and regulations.

Terminating Number is the local or toll free (8XX-XXX-XXXX) number subscribed to by the 811 Customer.

8.03. Conditions

Calls placed using 811 are automatically routed to the 811 Customer's terminating number, which the 811 Customer must provide in the form of either a toll-free number or a local number whose local calling area covers all of the locations to which the service is provided. The 811 Customer shall provide or make this number available to Verizon in advance so that Verizon may properly translate its central office switches. If charges are required to re-route the call to the terminating number, they will be cared for by the use of a customer-provided toll-free number. Verizon is not responsible for redirecting or otherwise handling 911 and other calls misdialed or misrouted as 811 calls. The 811 Customer shall provide sufficient terminating number paths to its toll-free or local terminating number so as to not clog nor impair Verizon's network.

The rates and terms of this tariff are premised on the 811 Customer's unique network design requirements, service mix, usage patterns and concentration, and other characteristics. Verizon's offering of 811 is conditioned on the premise that the 811 Customer has been authorized by appropriate state authorities to receive and respond to 811 calls from the public within the areas served by Verizon and has obtained all licenses, authorizations, and other prerequisites necessary to provide that service, and will at all times comply with all applicable laws and regulations.

The 811 service period is five (5) years. At the end of the service period, 811 will continue on a month-to-month basis. (N)

8. 811 DIALING SERVICE (Continued)

(N)

8.03 Conditions (Continued)

The 811 service establishment rate is based on the current number of switches in Verizon's network utilized to provide 811 service. The Company reserves the right to amend the tariff at a later date if network rearrangements made by the Company or at the 811 Customer's request require Verizon to incur additional costs.

The Company reserves the right to discontinue the service, without notice, if interruption of 811 is necessary to prevent or protect against fraud or otherwise protect Verizon's personnel, facilities or services.

811 is not available for resale.

8.04. Limitations on Liability

The Company assumes no liability for any issue arising from the fact that, in some 811 applications, physical call routing boundaries may not match exactly with the boundary of the subscriber's requested service area, e.g., state boundaries. In these cases, calling parties could have access to another state, county and/or area provider. Workaround arrangements may be required to properly route traffic due to differences in switch type, switch software, and the subscriber's terminating telephone number. The Company assumes no liability due to Caller ID/Automatic Number Identification (ANI) information being unavailable or incorrect due to these workarounds.

The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failures or defects in facilities furnished by the Company occurring in the course of furnishing service or other facilities (Service Problems) and not caused by the negligence of the 811 Customer, or by the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed 1/1824th of the 811 Nonrecurring Charge (the number of days in the five year service period), multiplied by each day during which the Service Problem giving rise to liability continues (the Pro Rata Amount). The Company shall be indemnified and saved harmless by the 811 Customer against claims for libel, slander, or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities or the use thereof; against claims for infringement of patents arising from combining with or using in connection with, facilities furnished by the Company, apparatus and systems of the 811 Customer; and against all other claims arising out of any act or omission of the 811 Customer in connection with the facilities provided by the Company. Neither the Company nor any concurring, connecting or other participating carrier shall be liable for any act or omission of another company or companies furnishing a portion of such service. The Company is not responsible to the 811 Customer, authorized user, joint user, sharer of service or patron of a reseller for damages arising out of Service Problems or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of the Company caused by terminal equipment, except where a contributing cause is the malfunctioning of a Company-provided connecting arrangement, in which event the liability of the Company will not exceed the Pro Rata Amount. The Company is not responsible to the 811 Customer, authorized user, joint user, sharer of service or patron of a reseller for injuries or damages to persons or property arising from the existence of 811 Customer-provided power supply.

	Nonrecurring <u>Charge</u>	Maximum Nonrecurring <u>Charge</u>
Establishment of 811 Dialing Service	\$12,075.00	\$24,150.00

Note: 811 Dialing Service is a Tier 1 Non-Core classification.

Rates for Tier 1 Core services are capped at current rates. Rates for Tier 1 Non-Core services are capped at current rates until June 27, 2008. After June 27, 2008, Tier 1 Non-Core rates can be increased to a maximum cap of double the initial rate, other than the second local exchange access line and call waiting, which are limited to a ten percent increase per year until they cap at double the initial rate. This pricing flexibility is in accordance with O.A.C. 4901:1-4 and Alt Reg Case No. 06-700-TP-ALT, effective June 27, 2006.
