- A. 811 Dialing Code (811) is a three digit local dialing arrangement for telephone voice transmission to certified "One Call" notification systems entities as a toll free call. On March 14, 2005 the Federal Communications Commission (FCC) in CC Docket No. 92-105 assigned 811 as the dialing code for nationwide access to One Call Notification Systems. In an Order on February 14, 2007 in Case No. 05-1306-AU-COI the PUCO ordered that all local exchange companies in Ohio shall take whatever actions may be prudent and necessary in order to offer and provide 811 service throughout their Ohio service areas.
- B. 811 Service is available from The Chillicothe Telephone Company within the Company service area only. All 811 abbreviated dialing code calls must be local in nature and will not result in any intraLATA toll, interLATA long distance, or pay-per-call charges to Company subscribers.
- C. The 811 abbreviated dialing code is not available for the following classes of services: Hotel/hospital service, Inmate service, 1+, 0+, and 0- operator assisted calls, or 101XXXX calling.
