N11 ABBREVIATED DIALING CODES

15.1 Description

(N)

Abbreviated dialing codes enable callers to connect to a location in the phone network that otherwise would be accessible only via a seven or ten-digit telephone number. The network must be pre-programmed to translate the three-digit code into the appropriate seven or ten-digit telephone number and route the call accordingly. For N11 codes, the first digit can be any digit other than 1 or 0 and the last two digits are both 1.

The following N11 abbreviated dialing codes were assigned for specific uses by FCC Decision Nos. 97-51 and 00-256, issued in CC Docket 92-105:

211 – Community Information and Referral Services
811 – One-Call Notification Systems

15.2 Terms and Conditions

The offering of these abbreviated dialing codes can be delivered via regular exchange access lines (by individual business line, residential line, PBX trunks, etc.)

Access to these abbreviated dialing codes is not available through the following dialing arrangements:

1+
0+, 0- (credit card, third-party billing, collect calls)
101XXXX

Operator assisted calls will not be completed.

N11 ABBREVIATED DIALING CODES

15.2 Terms and Conditions

(N)

The Company will provide only the delivery of the calls. The entity that has been granted authorization to use the N11 abbreviated dialing code will be responsible for providing any announcements and services to the callers.

Directory listings may be provided for N11 services under the terms, conditions, and rates specified in Section 3 of this tariff. (Presently, there is no charge for this service)

The N11 subscriber is restricted from selling or transferring the N11 code to an unaffiliated entity, either directly or indirectly.

Calls to the N11 code that translate to a disconnected number will be routed to intercept for a maximum of 60 days when the N11 provider is a Company subscriber.

Disputes regarding geographic coverage by two or more N11 subscribers will be referred to The Public Utilities Commission of Ohio.

Only a single seven or ten-digit local number or a single ten-digit toll free number may be used as the point-to-point number.

The N11 subscriber should work separately with cellular or wireless companies to ascertain whether cellular or wireless customers will be able to reach referral services provided by dialing N11.

P.U.C.O.

15.2 Terms and Conditions (Cont.)

(N)

15.2.1 N11 will be provided under the following conditions:

- a. The N11 subscriber will subscribe to adequate telephone facilities initially and subsequently as may be required to adequately handle calls to N11 without impairing the Company's general telephone service or telephone plant.
- b. The N11 subscriber is responsible for obtaining all necessary permission, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements of performances are used in connection with the service, and from all holders of copyrights, trademarks, and patents used in connection with said service.
- c. The N11 subscriber will be liable for, and will indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, or any patent, trademark, copyright, or resulting from any claim of liable and slander.
- d. Suspension of N11 Service is not allowed.
- e. The N11 subscriber will respond promptly to any and all complaints lodged with any regulatory authority against any service provided via N11. If requested by the Company, the N11 subscriber will assist the Company in responding to complaints made to the Company concerning the subscriber's N11 service.
- f. The Company will provide both oral and written notification when a N11 subscriber's service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of N11. The Company reserves the right once notification is made to institute protective measures up to and including termination at any time and without further notice. The Company may take protective measures when the N11 subscriber makes no modification or is unwilling to accept modification in method of operation, or continues to cause service impairments.

15.2.2 The following conditions apply if the N11 subscriber provides a pre-recorded announcement:

- a. The N11 subscriber will provide the announcements. The Company will provide only delivery of the call.
- b. The provision of access to the N11 network by the Company for the transmission of announcements or recorded program services is subject to the availability of such facilities and the requirements of the local exchange network.

N11 ABBREVIATED DIALING CODES

15.2.2 (Cont.)

- c. The N11 subscriber assumes all financial responsibility for all costs involved in providing announcements or recorded program services including, but no limited to, the recorder-announcement equipment producing the recording, advertising and promotional expenses.
- d. The N11 subscriber assumes all financial responsibility, according to other specific rates and charges under tariff, for all facilities required to connect the recorder-announcement equipment located on the subscriber's premises.

15.2 Terms and Conditions (Cont.)

15.2.3

The company may take all legal and practical steps to disassociate itself from N11 subscribers whose business and/or public conduct (whether demonstrated or proposed) is of a type that in the Company's discretion generates unacceptable levels of complaints by end users.

The Company will not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties in Company facilities and equipment or on equipment owned or leased by the subscriber.

The Company, its employees, or its agents are not liable to any person for civil damages resulting from or caused by any act or omission in development, design, installation, operation, maintenance, performance or provision of N11 service, except for willful or wanton misconduct.
