This filing introduces 3.0 Mbps, 6.0 Mbps, 10.5 Mbps and 12 Mbps as a new transmission speed for Enhanced Frame Relay Access Lines. This filing also revises existing tariff language to remove reference to the applicable transmission speeds associated with the Company's non-regulated Dedicated IP Service. Customers were notified of this change in accordance with 4901:1-6-17 of the Administrative Code. A copy of the notice is attached as Exhibit C with the supporting affidavit.

If you have any questions regarding this filing, please call Becky Donahue at 614-220-8624.

- G. Termination Liability Charges will not apply when a service or rate element under a Term Discount Plan (TDP) arrangement is disconnected prior to the expiration of a selected service period as a result of a upgrade in tariff jurisdiction and/or a customer requested change to a next generation service offering under the following conditions:

The service period of the new Term Discount Plan for the new service offering is a period equal to or exceeding the remaining service period of the disconnected arrangement, and

The service orders to install the new service and disconnect the old service are related together, and there is no lapse in service between the installation of the new service and the disconnection of the existing service, and

The service orders to install the new service and disconnect the old service are for the same customer at the same location.

- H. The Company will determine whether the replacement service qualifies as a next generation service offering.
- I. Nonrecurring Charges and Service Connection Charges for the new service will apply according to the requirements of the new service.
- J. Commission approval of the above termination liability language is not intended to indicate that the Commission has approved or sanctioned any terms or provision contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.
- K. Service Charges are waived for one, two, three and five year term commitments when the customer also subscribes to the Telephone Company's non-**regulated Dedicated** IP Service. (C)

VII. SERVICE COMPONENTS
