If it is determined that use is not consistent with residential voice applications, such as for internet access services, commercial facsimile or auto-dialing, resale, telemarketing or other non-residential uses, AT&T may suspend, restrict, or cancel the customer's service with notice.

If the customer's AT&T Main Billed Account has multiple lines associated with it, a Monthly Recurring Charge will apply to each line subscribed to this plan. Usage charges for in-state intraLATA toll and long distance calls will apply. Usage charges and terms for state-to-state calling are found in the AT&T Service Guide.

There will be no individual call detail on the AT&T billing statement that is associated with the direct dialed station local calls that are included in this plan.

This plan is available where billing and technical capabilities exist. Customers may choose two features (if available) from the following:

Caller ID with Name	Call Forwarding-Variable
Call Waiting	Repeat Dial
Three Way Calling	Speed Dial 8
Call Return	

<sup>1</sup> Effective May 21, 2007, AT&T local service will no longer be available to new subscribers. Existing customers may continue their current AT&T local service plan without interruption; provided however, existing customers may not add new lines and/or move their existing local service if a new phone number is required.
