TELEPHONE SERVICE REQUIREMENTS FORM

Pursuant to Case Nos. 95-845-TP-COI, 99-998-TP-COI, 99-563-TP-COI, and 04-1785-TP-ORD

The provider affirms that it is in compliance with Commission directives concerning the following checked items, and that this represents an up-to-date listing of applicable "generic" service requirements. The provider understands that this in no way supersedes the context of the applicable Commission orders described below. Unless otherwise specified, this language replaces the need for related language to be contained in the provider's tariff.

A. <u>MANDATORY REQUIREMENTS FOR BASIC LOCAL EXCHANGE AND CTS PROVIDERS (unless otherwise noted)</u>:

[x] 1. SALES TAX (See also Case No. 87-1010-TP-UNC)

Certain telecommunication services, as defined in the Ohio Revised Code, are subject to state sales tax at the prevailing tax rates, if the services originate, or terminate in Ohio, or both, and are charged to a subscriber's telephone number or account in Ohio.

[x] 2. MTSS TARIFF REQUIREMENTS

- [x] The provider attests that its tariffs include:
 - o provider-specific language addressing the deposit method (as cited in 4901:1-5-13) adopted by the company and approved by the Commission;
 - o Toll Caps (choose one):
 - □ language addressing the provider-specific parameters of toll caps approved by the Commission, OR
 - [x] not applicable since the provider has not chosen to incorporate toll caps.
 - language regarding establishment of service, including requirements to establish creditworthiness, as cited in 4901:1-5-13;

Provider's Name: Budget PrePay, Inc. d/b/a Budget Phone

- o language regarding residential service guarantors, as cited in 4901:1-5-14;
- language regarding subscriber bills, as cited in 4901:1-5-15;
- o language regarding subscriber billing adjustments for local exchange service, as cited in 4901:1-5-16; and,
- o language regarding denial or disconnection of local and/or toll service, including the requirements for the reconnection of local and/or toll service, as cited in 4901:1-5-17.

Check the boxes below to attest that the provider shall adhere to the following criteria when the provider implements cancellation of service policies and/or requests an advance payment:

x Cancellation of Service:

When a customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below:

Where the company has notified a customer or prospective customer of the possibility that special expenses may be incurred in connection with provisioning the customer's service, and then the company does incur such expenses. Expenses could include special construction, or where special arrangements of facilities or equipment have begun before the company received a cancellation notice. The charge will be equal to the costs actually incurred, less net salvage;

x Advance Payment:

Advance Payment means a payment that may be required by the company as a means of being compensated for extraordinary expenses, including, but not limited to, special construction costs associated with a particular service installation.

[x] 3. SURCHARGES

The company shall not assess separately any taxes, fees or surcharges, other than government-approved sales taxes imposed directly on the end users, without seeking Commission approval under the appropriate procedures required by the Commission. Generally, the Commission will not grant the inclusion of gross receipts tax as a separate item on the bill unless special circumstances so warrant and the Commission specifically approves same. The company shall not place a separate line item on a customer's bill without sending notice to all customers informing them of the new line item charges in accordance with Commission-adopted notice procedures.

The customer is responsible for the payment of all state, local and E9-1-1 taxes, surcharges, utility fees, or other similar fees for which the end user is directly responsible and that may be levied by a governing body or bodies in conjunction with or as a result of a service furnished under a tariff on file with the Public Utilities Commission of Ohio. These charges may appear as separate line items on the customer's bill, as opposed to being included in the rates contained in a tariff. Any such line item charges will be reflected in the company's tariff.

[x] 4. 1+ INTRALATA PRESUBSCRIPTION - Basic Local Exchange Providers Only (See Also Case No. 95-845-TP-COI, Guideline X.)

a. General

IntraLATA Presubscription is a procedure whereby a subscriber designates to the Telephone Company the carrier which the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per call basis.

IntraLATA Presubscription will become effective upon the initial offering of certified local exchange service.

b. IntraLATA Presubscription Options

Provider's Name: Budget PrePay, Inc. d/b/a Budget Phone Case No.07- -TP-ACN Issued: May 15, 2007

Option A: Subscriber may select the Telephone Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select her/his interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Telephone Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D; Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

c. Rules and Regulations

Subscribers of record will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D for intraLATA Presubscription.

Subscribers may change their selected Option and/or their presubscribed intraLATA toll carrier at any time subject to charges specified in Paragraph E, below.

d. IntraLATA Presubscription Procedures

New subscribers will be asked to select an intraLATA toll carrier(s) at the time the subscriber places an order to establish local exchange service with the Telephone Company. The Telephone Company will process the subscriber's order for intraLATA service. The selected carrier(s) will confirm their respective subscribers' verbal selection by third-party verification or return written confirmation notices. All new subscribers' initial requests for intraLATA toll service presubscripion shall be provided free of charge.

If a new subscriber is unable to make a selection at the time the new subscriber places an order to establish local exchange service, the Telephone Company will read a random listing of all available intraLATA carriers to aid the subscriber in selection. If selection is still not possible, the Telephone Company will inform the subscriber that he/she will be given 90 calendar days in which to inform the Telephone Company of an intraLATA toll carrier presubscription selection free of charge. Until the subscriber informs the Telephone Company of his/her choice for intraLATA toll carrier, the subscriber will not have a presubscribed intraLATA toll carrier, but rather will be required to dial a carrier access code to route all intraLATA toll calls to the carrier(s) of choice. Subscribers who inform the Telephone Company of a choice for intraLATA toll presubscription within the 90-day period will not be assessed a service charge for the initial subscriber request.

Subscribers of record may initiate an intraLATA presubscription change at any time subject to the charges specified in e.ii. below. If a customer of record inquires of the Telephone Company of the carriers available for intraLATA toll presubscription, the Telephone Company will read a random listing of all available intraLATA carriers to aid the subscriber in selection.

e. IntraLATA Presubscription Charges

i. Application of Charges

After a subscriber's initial selection for a presubscribed intraLATA toll carrier and as detailed in Paragraph D above, for any change thereafter, an IntraLATA Presubscription Change Charge will apply. The IntraLATA Presubscription Change Charge shall be applied as follows:

- a. The charge shall be no greater than those set forth in Paragraph (e)(ii), unless modified by a company-specific Commission-approved tariff.
- b. If a Subscriber changes both the InterLATA and IntraLATA Presubscribed Interexchange Carrier at the same time, 50% of the otherwise applicable IntraLATA Presubscription Change Charge will apply.
- ii. Nonrecurring Charges IntraLATA Presubscription Change Charge

- B. REQUIREMENTS FOR PROVISION OF CERTAIN SERVICES, OR WHERE CERTAIN CONDITIONS OF SERVICE ARE UTILIZED (check all applicable):
- x 1. DISCOUNTS FOR PERSONS WITH COMMUNICATION DISABILITIES AND THE TELECOMMUNICATION RELAY SERVICE

Applicable to all telephone companies offering message toll service (MTS) (See also Case Nos. 87-206-TP-COI and 91-113-TP-COI):

- a. For purposes of these requirements, the definition of disabled refers to those persons with communication disabilities, including those hearing-disabled, deaf, deaf/blind, and speech-disabled persons who have a disability that prevents them from communicating over the telephone without the aid of a telecommunications device for the communicatively disabled.
- b. Residential disabled customers or disabled members of a customer's household, upon written application and upon certification of their disabled status, which is evidenced by either a certificate from a physician, health care official, state agency, or a diploma from an accredited educational institution for the disabled, are eligible to receive a discount off their MTS rates, and, if they utilize telebraille devices, they are eligible to receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by non-profit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the disabled, are eligible to receive a discount off their MTS rates.
- c. Upon receipt of the appropriate application, and certification or verification of a person with a communication disability, one of the following discounts shall be made available for the benefit of the disabled person:

Provider's Name: Budget PrePay, Inc. d/b/a Budget Phone

- i. Off the basic MTS, current, price list day rates: a 40 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 8:00 a.m. and 4:59 p.m. Monday through Friday; a 60 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 5:00 p.m. and 10:59 p.m. Sunday through Friday, and New Year's Day, Independence Day, Labor Day, Thanksgiving, and Christmas; and a 70 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 11:00 p.m. and 7:59 a.m. any day, 8:00 a.m. and 4:59 p.m. Sunday, and all day Saturday; or
- ii. Off the basic MTS, current, price list day rates: no less than a straight 70 percent discount shall be made available on a 24 hour a day basis; or
- iii.For MTS which is offered similar to the mileage-banded rate structure established in the Commission's April 9, 1985 Opinion and Order in Case No. 84-944-TP-COI, with the traditional day, evening, and night/weekend discounts: the "evening" discount off the intrastate. interexchange, customer-dialed. station-tostation calls placed during the "day" period Monday through Friday; and the "night/ weekend" discount off the intrastate, interexchange, customer-dialed, station-to-station calls placed during the "evening" period Sunday through Friday, and on New Year's Day, Independence Day, Labor Day, Thanksgiving, and Christmas. Furthermore, the "night/ weekend" discount plus an additional discount equivalent to no less than ten percent of the company's current, price list, "day" rates for basic MTS shall be made available for intrastate, interexchange, customer-dialed, station-to-station calls placed during the "night/weekend" period any day, the "day" period Sunday, and all day Saturday.
- d. All MTS calls placed through the telecommunication relay service (TRS) are eligible to receive a discount off the MTS rates. The rate discounts are the same as those set forth in paragraph 1.c. preceding. The discount shall not apply to sponsor charges associated with calls placed to pay-per-call services, such as 900, 976, or 900-like calls.

Provider's Name: Budget PrePay, Inc. d/b/a Budget Phone

x 2. EMERGENCY SERVICES CALLING PLAN

Applicable to all CLECs and CTSs offering MTS (See also Case Nos. 85-1466-TP-COI and 89-54-TP-COI):

Message toll telephone calls to governmental emergency service agencies, as set forth in (a) following, having primary or principal responsibility with respect to the provision of emergency services to persons and property in the area from which the call is made, meeting the definition and criteria of an emergency call as set forth in (b) following, are offered at no charge to customers:

- a. Governmental fire fighting, Ohio State Highway Patrol, police, and emergency squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attended (live) 24-hour basis, 365 days a year, including holidays.
- b. An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life, property, or both, and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency service agency in order to seek assistance for such an emergency.

Provider's Name: Budget PrePay, Inc. d/b/a Budget Phone

□ 3. ALTERNATIVE OPERATOR SERVICES

By checking this box, the provider attests that it will provide alternative operator services (AOS) as defined in Rule 4901:1-6-01(A) of the Ohio Administrative Code (O.A.C.) in compliance with all of the AOS service parameters set forth in Rule 4901:1-6-23, O.A.C.

x 4. LIMITATION OF LIABILITY

The following is applicable to all telephone companies that choose to include in their tariffs language which may limit their liability (See also Case No. 85-1406-AU-COI):

Approval of limitation of liability language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a courts responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

X 5. TERMINATION LIABILITY

The following is applicable to all telephone companies who choose to include in their tariffs language which imposes early termination liability on a customer for termination of service prior to the designated term of service:

Inclusion of early termination liability by the company in its tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

x 6. SERVICE CONNECTION ASSISTANCE (SCA)

The following is applicable to all LECs that offer local service to residential customers:

SCA is targeted to help defray the one-time, up-front costs

Provider's Name: Budget PrePay, Inc. d/b/a Budget Phone

of connecting to the local exchange network for qualified customers. It provides a waiver of the deposit requirement, full or partial waiver of the service connection charges.

X 7. LOCAL NUMBER PORTABILITY and NUMBER POOLING

See Case No. 95-845-TP-COI Guideline XIV, FCC Dockets 95-116 and 99-200. NOTE: LNP and number pooling are required of all facilities-based LECs, regardless of size, and CMRS where currently rolled-out by the FCC or as a result of a bona fide request unless granted an extension, exemption, or waiver by the Commission or the FCC.

x 8. TARIFFING AND DISCONNECTION PROCEDURES FOR SERVICE PACKAGES OR BUNDLES

Applicable to all LECs packaging or bundling regulated local services with toll service and/or unregulated services. See Rule 4901:1-6-21(C), Ohio Administrative Code.

X Option 1

Tariffing

Under option 1, LECs that package or bundle regulated local services with toll and/or unregulated services shall tariff only the regulated components of a package or bundle of services either as a package at a separate, single rate for the regulated components or individually at individual tariffed rates. The unregulated services and any rate(s) associated with the unregulated service components of any package or bundle of services shall not be tariffed.

Disconnection Procedures

Under option 1, if a customer fails to submit timely payment sufficient to cover the amount of the regulated charges, the LEC may discontinue the provision of the regulated services in compliance with Rule 4901:1-5-17, Ohio Administrative Code.

Staff Notice

Under option 1, LECs shall keep the Director of the Consumer Services Division and the Chief of Telecommunications of the Utilities Department informed and up-to-date on all current offers to consumers that bundle regulated local services with unregulated

Provider's Name: Budget PrePay, Inc. d/b/a Budget Phone

services at a single packaged rate, different from the rate shown in the tariff for the regulated components of the package. The notice to staff shall identify the regulated and unregulated services included and the packaged rate (the combined tariffed and untariffed rate).

□ Option 2

Tariffing

Under option 2, LECs shall tariff the entire package or bundle of services including both regulated local services and toll and/or unregulated services for a single combined packaged rate (including any amount attributable to the unregulated components). The LEC shall clearly identify the services within the package and denote which services are unregulated.

Disconnection Procedures

Under option 2, if a customer fails to submit timely payment sufficient to cover the entire amount of the regulated and unregulated bundled packaged rate, the LEC may discontinue the provision of any regulated and unregulated services, other than basic local exchange service, if payment is sufficient to cover the rate for basic local exchange service. For purposes of this rule, the rate for basic local exchange service shall be the tariffed rate for stand-alone basic local exchange service. In the event a CLEC does not offer basic local exchange service on a stand-alone basis, the CLEC shall identify an amount in the tariff for the basic local exchange service component of the package. In no event shall this amount exceed the packaged rate. Further, if the customer loses services included in the package due to non-payment or partial payment pursuant to this rule, the customer shall be entitled to add, change, or discontinue any regulated services provided according to the LEC's normal procedures for adding, changing or discontinuing such services.

Disconnection Notice

Under option 2, the LEC shall, in its notice of disconnection for non-payment, state the total amount due to avoid discontinuance of the package, as well as the total amount due to avoid discontinuance of the basic local exchange service component of the package.
