GENERAL EXCHANGE SERVICE TARIFFS

TEL-TONE TOUCH CALLING*

(T)

1. This service more commonly known as pushbutton dialing will be offered to subscribers in the Butlerville exchange area. There will be no distinction between business and/or residence rates. Tel-tone telephones will be offered in any available color at the following rates:

	<u>Monthly Charge</u>
Tel-tone service - main station	\$1.50
Tel-tone service - extension station	1.00

All other change charges will apply as set forth on other pages of tariff.

- * Tel-Tone Touch Calling Service is now part of the local access line rates shown elsewhere in this tariff. Effective July 16, 2007, this service will be grandfathered to current customers. Any subsequent change to service made by such a grandfathered customer, however, will result in the loss of the grandfathering exception and will require that customer to upgrade to Tel-Tone Touch Calling service.

EXHIBIT C

The Applicant, **Little Miami Communications Corporation**, hereby seeks approval to integrate its Touch Call Service into its basic access line rates. By doing so, the Applicant will eliminate a line item charge on most customers' bills, which will result in a simpler bill. Current customers remaining on rotary dial service will be grandfathered. Customers requesting a change of service after this filing becomes approved will be upgraded to the Touch Call Service and the associated charge.

Additionally, the Applicant takes this opportunity to make "clean up" revisions to its check sheets, by adding the revisions and sheets filed previously with the commission.

EXHIBIT D
(CUSTOMER NOTICE)

Changes to your local bill for Touch Tone Service

Effective with the July bill, the rate for touch tone service will be combined with the monthly access line rate. The overall rate for your monthly access line service will not increase. Current customers who do not subscribe to touch tone service will be "grandfathered". These customers will not see a change in their monthly access line rate. However, any change in service made by a customer who does not have touch tone service will result in an upgrade to touch tone. The result will be an increase to their monthly access line rate.
