Description of Transaction

Comtel Telecom Assets LP (“Comtel” or “Applicant”) respectfully requests that the Public Utilities Commission of Ohio (“Commission”) grant approval, to the extent necessary, of an indirect change in control of Applicant. As described in more detail below, the indirect change in control results from a minority member acquiring a majority interest in and control of an upstream limited liability company four levels above Applicant.

Although there will be a change in the indirect control of Applicant, no assignment of authorizations, assets, or customers will occur as a consequence of the change. Applicant will continue to provide service to its existing customers pursuant to its authorizations under the same rates, terms and conditions. Accordingly, this change will be transparent to the customers of Applicant.

In support of this Application, Comtel provides the following information:

II. DESCRIPTION OF THE APPLICANT

Comtel is a limited partnership organized under the laws of the State of Texas. The principal office for Comtel is located at 433 Las Colinas Blvd. E., Suite 1300, Irving, TX 75039. Comtel is owned by (1) Comtel Assets Corp. as Comtel’s primary limited partner, (2) various current and former officers of Comtel Assets Inc. and employees of Comtel as limited partners, and (3) Comtel Assets Inc. as Comtel’s general partner. Comtel Assets Corp. is wholly owned by Sowood Fund III, and Comtel Assets Inc. is majority owned by Sowood Fund III. Sowood Fund III’s limited partner is Harvard Private Capital Holdings, Inc., a passive institutional investor that is wholly owned by the President and Fellows of Harvard College. The general partner of Sowood Fund III is Sowood Commodity Partners GP III LP (“Sowood GP III”). The general partner of Sowood GP III is Sowood GP III LLC, which is, in turn,

owned by the following members: Mr. Jeff Larson (the managing member), Mr. Stuart Porter, and Ms. Megan Kelleher. As a result of these various ownership interests, the majority of the equity of Comtel is ultimately owned by the President & Fellows of Harvard College through the limited partnership interests of Sowood Fund III, while ultimate control of Comtel is held by Mr. Jeff Larson through the successive general partners of Sowood Fund III. For the Commission's convenience, pre- and post-change in control corporate structure charts are provided as Exhibit A.

Comtel completed the acquisition of substantially all of the assets of VarTec Telecom, Inc. and certain of its subsidiaries in June 2006 and continues to operate those assets. Comtel provides intrastate, interstate and international long distance throughout the United States. Comtel is authorized to provide local exchange and exchange access services in every state except Alaska, Hawaii, and Virginia. In Ohio, Comtel is authorized to provide competitive local exchange and interexchange telecommunications services pursuant to Certificate Nos. 90-9031, 90-5630, 90-9211 and 90-5187 issued by the Commission in Case Nos. 06-597-TP-ATC, 06-607-TP-CIO and 06-598-TP-ATC, respectively.

IV. REQUEST FOR APPROVAL OF THE INDIRECT CHANGE IN CONTROL

The proposed change in control is the result of certain management changes being made to Sowood's private equity funds, which include Sowood Fund III, and their successive general partners. As part of the change, two of the three members, including the current managing member, of Sowood GP III LLC will leave the limited liability company and Mr. Stuart Porter will become the managing member and will wholly own the only other member. (In addition, the name of the entity will be changed to Denham GP III LLC.) As a result of these changes, Mr. Stuart Porter ultimately will control (subject to certain protections for minority equity holders) the successive general partner interests of Sowood Fund III and, therefore, Comtel. Sowood Fund III and its successive general partners will be renamed "Denham." The limited partnership interests of Sowood Fund III, however, will not change. For the Commission's convenience, pre- and post-change in control corporate structure charts are provided as Exhibit A.

Following the change in control, Applicant will continue to offer service with no change in the rates or terms and conditions of service resulting from the change in control. Further, Applicant will continue to provide service to its customers under the same name, and will continue to be led by an experienced management team. Therefore, the change in control of Applicant will be seamless and transparent to consumers.

V. PUBLIC INTEREST STATEMENT

Applicant submits that the change in control will serve the public interest. The proposed structural and management changes to the ultimate controlling investment entity will enable the investing entities to implement an improved business, financial, and management structure. Applicant will continue to provide high-quality telecommunications services to consumers in Ohio. Further, Applicant will not change its name or its rates, terms or conditions of service as a

result of the change in ultimate control. The change in ultimate control, therefore, will be transparent to consumers.

For important business reasons, the general partner of the general partner of the fund that owns Applicant, Sowood Fund III, must make certain management changes to its structure by June 30, 2007. As part of these changes, only one of the three current members of the limited liability company that is the general partner of the limited partnership that is the general partner of Sowood Fund III will remain as an interest holder in such limited liability company and will become the managing member of the general partner that ultimately controls Applicant.

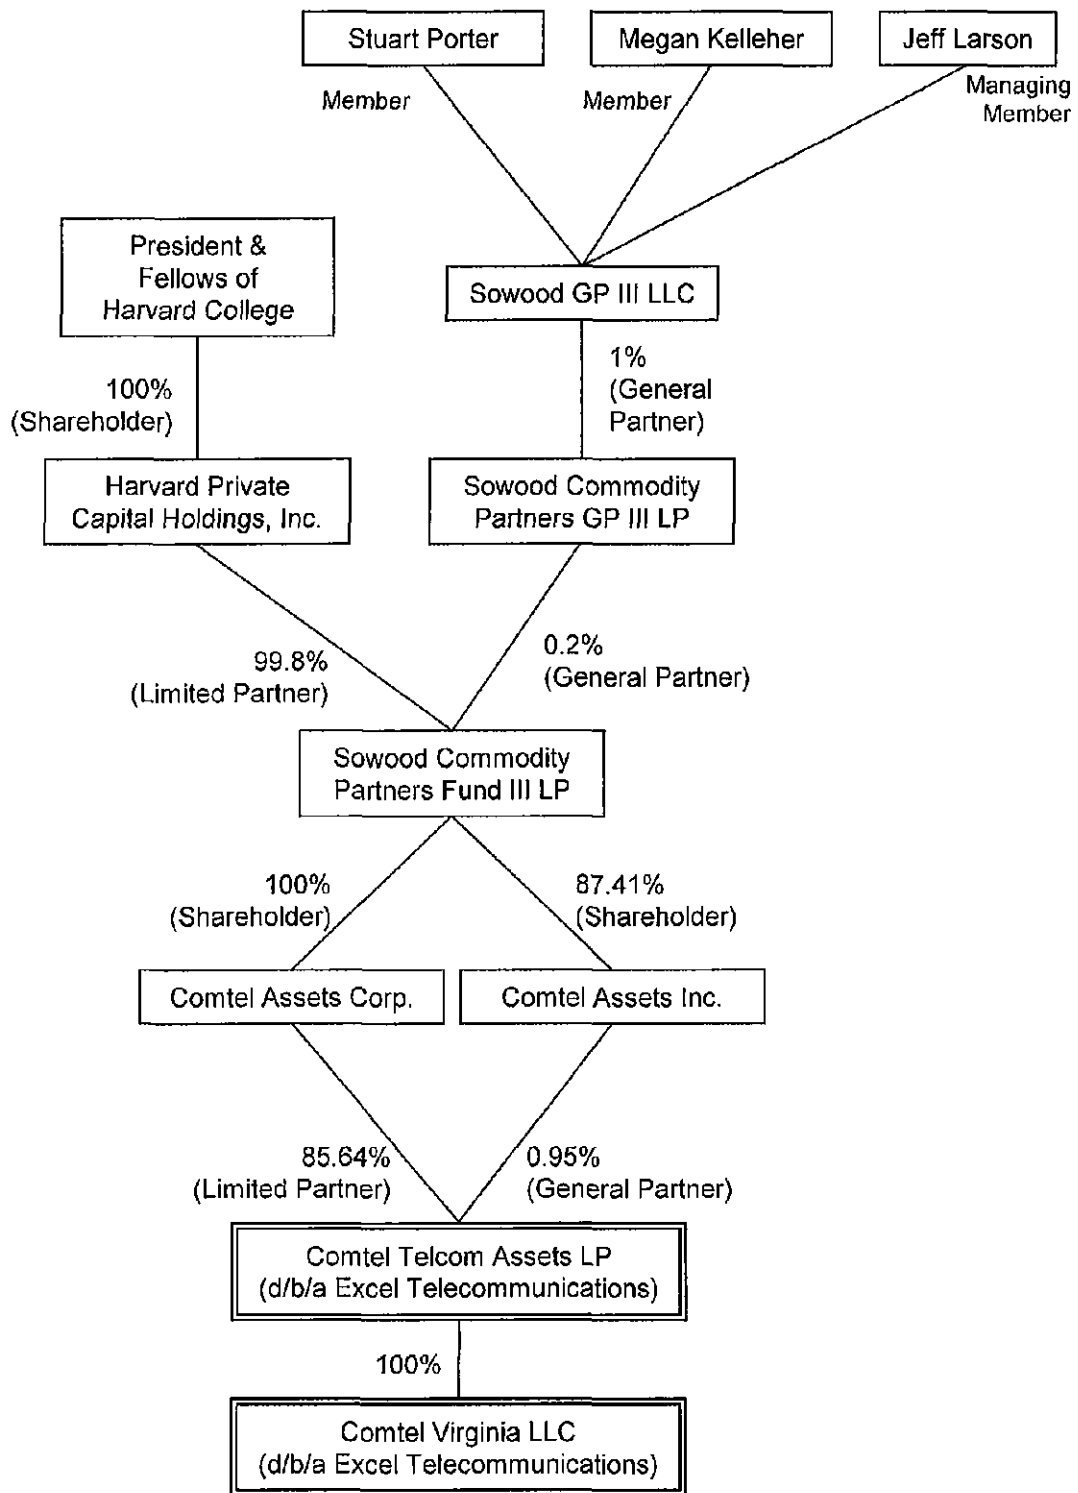

VI. CONCLUSION

For the reasons stated above, Applicant submits that the public interest, convenience, and necessity would be furthered by a grant of this Application. Applicant therefore respectfully requests that the Commission consider and approve this Application expeditiously to permit the consummation of the proposed indirect transfer of control as soon as possible.
