## AT&T Business Local Calling Essentials (cont'd)

Customers who elect to terminate their agreement prior to completion of the agreed to term will be assessed early termination charges amounting to 50% of the monthly recurring charges times the number of months left on the term commitment. A request for a reduction in the number of lines originally committed to an AT&T Business Local Calling Essentials agreement will be considered an early termination of the entire agreement and will be liable for termination charges except as specified below, or if business downturn rules apply as listed below.

Termination charges are not applicable if, during the term period, the customer converts to another Company access and local usage plan with a term equal to or greater than the remaining AT&T Business Local Calling Essentials term plan.

Within 90 days of subscribing to an AT&T Business Local Calling Essentials 2-year or 3-year term plan, customers may cancel this service without incurring the termination liability charges specified in this tariff.

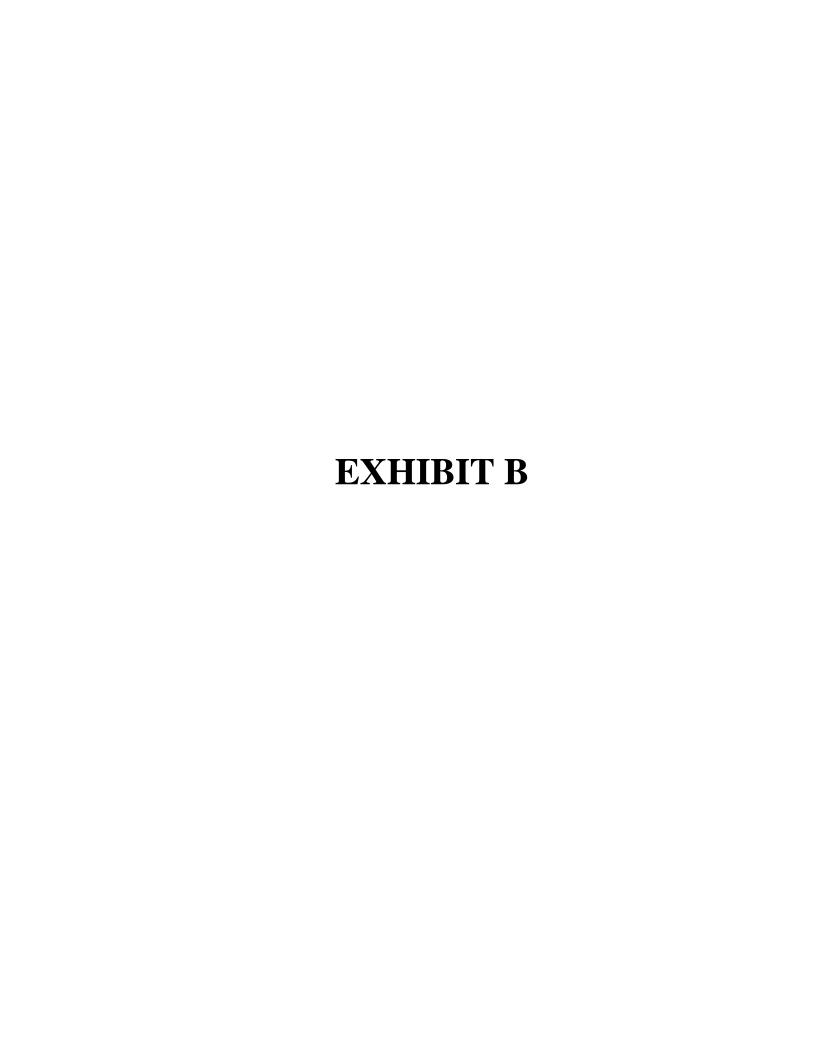

Eligible customers who also have refused or not responded to a previous AT&T Business Local Calling Essentials offer from the Company will be eligible for a one-time \$20.00 credit per access line when they subscribe. This bill credit will be applied within (2) bill cycles of order completion.

For purposes of this product offer, the term "Business Downturn" is hereby defined to mean an unplanned, measurable change in business conditions affecting the customer's business that is outside of the customer's control and that materially and negatively affects the customer's need for the level of Company services originally committed to hereunder. The customer specifically acknowledges that the transfer or substitution of these services to another provider during the term hereof does not qualify as business downturn. This provision may be invoked by the customer no earlier than after the end of the first year for a two or three year agreement.
