Unauthorized Volumes:

In the event Customer fails to interrupt deliveries under this tariff when and as requested by the Company or causes the Company to incur additional charges from its pipeline suppliers, such deliveries will be designated unauthorized volumes. All unauthorized volumes shall be billed at a rate or rates equal to the total of any and all rates, charges or penalties incurred by Company as a result of such unauthorized volumes in addition to the charges set forth under the Net Monthly Bill provision of this tariff.

Terms and Conditions:

In order to qualify for Gas Transportation Service, ~~the~~ Customer shall enter into a written service agreement with the Company for a minimum term of one (1) year and for a minimum quantity of 5000 Mcf of gas per year. Such agreement shall set forth specific arrangements as to volumes to be transported and the rate to be charged, as well as any other circumstances relating to the individual customer. The Customer shall be responsible for making all necessary arrangements and securing all requisite regulatory or governmental approvals, certificates, or permits to enable the gas to be transported hereunder to be delivered to the Company's system.

Metering:

The Customer has the option of installing a daily metering device. If this option is chosen, the Customer shall be responsible for the cost of such a meter, which shall be installed and maintained by and remain the property of the Company. Absent such a metering device, the Customer will be billed a pro rata share of any fines or penalties which are demonstrated by the Company to be attributable to the Customer.

Service Regulations:

The supplying of, and billing for, service and all conditions applicable thereto are subject to the Company's Service Regulations.

Net Monthly Bill:

Computed in accordance with following charges:

Administrative Charge: Two hundred fifty dollars (\$250) per month during the term of the Agreement.

Transportation Charge: Not to exceed the General Service base rate then in effect, less all related gas costs. This rate shall be in addition to any applicable monthly customer charge and late payment charge. The minimum rate shall cover the variable costs of service, plus make a contribution to total Company fixed costs. Unless otherwise agreed by Company and Customer, Customer shall pay the maximum rate for all volumes delivered hereunder. In addition, customers are also subject to the Transportation Balancing Adjustment, the Demand Charge and other charges described herein.

Imbalances:

In the event Customer uses natural gas in excess of the nominated volumes in any day, the excess volumes shall be billed in accordance with the provisions of the Company's applicable tariff schedule if not replaced with customer-supplied gas during the same month and an additional charge equal to the total of any and all charges or penalties incurred by Company as a result of the Customer's imbalances.

Transportation Balancing Adjustment:

Service provided under the provisions of this tariff shall be subject to a Transportation Balancing Adjustment (TBA). The TBA is computed quarterly on any difference between actual cumulative receipts (less Retainage) and actual cumulative deliveries (adjusting for any imbalances of previous months) in excess of ten (10) percent of actual deliveries during a billing month to offset any increases in
