**Re: Case No. 07-252-WS-UNC
Ohio American Water Company
Stipulation Page No. 18, ¶18 A**

Dear Ms. Jenkins:

Pursuant to the Commission's March 7, 2007 Opinion and Order in Case No. 06-433-WS-AIR, Ohio American Water Company ("Ohio American") submits its compliance with the Stipulation and Recommendation, page 18, paragraph 18 A: Ohio American is required to meet with cities on a semi-annual basis to discuss plan for projects that will require street repairs for coordination with Cities' projects. During the first quarter, Company representatives met with officials of Marion, Tiffin, Ashtabula, Lawrence County, Portage County and Pike County relative to planned projects for street repairs. Most did not have the annual project schedule available at that time.

Contacts were again made by teleconference with various governmental representatives during the second quarter and those planned governmental projects that affected Ohio American projects were tagged. In coordination with the contractors for the affected municipalities, Ohio American has completed projects with Marion and projects with Tiffin and Ashtabula are ongoing. The other districts did not have projects requiring Ohio American coordination.

Ohio American has now complied with the commitment listed in paragraph 18 A of the Stipulation.

If you have any questions, please call me at the number listed above.

Sincerely,

Sally W. Bloomfield
