This material, filed on fifteen days' notice and scheduled to become effective September 6, 2007, consists of tariff pages as indicated on the following check sheets:

Check Sheet Revision No.

With this transmittal, Verizon is filing revisions to correct the following minimum periods that were added to Section 3.2.4 under Transmittal No. 811.

- ❖ High Capacity DS1 Service under a Term Volume Plan (DS1 TVP)
- ❖ High Capacity DS1 Service under an Eight and Ten Year Term Volume Plan (DS1 ETTVP)
- ❖ High Capacity DS3 Service under a Term Volume Plan (DS3 TVP)

On May 25, 2007, Verizon filed Transmittal No. 811 to introduce a National Discount Plan (NDP). The NDP is an optional discount plan that manages the term plan on a customer's Special Access DS1 and DS3 Services on a national basis. Transmittal No. 811 became effective June 9, 2007.

Under Transmittal No. 811, regulation was added to Section 3.2.4 that specified the minimum period applicable to service under an NDP. Verizon also found that Section 3.2.4 should contain, but did not contain, regulation applicable to the minimum periods for DS1 TVP, DS1 ETTVP and DS3 TVP. Therefore, Transmittal No. 811 also added regulation that specifies the minimum period for such term and volume plans as being equal to the commitment period selected for the specific plan involved.

Verizon has since realized that the minimum periods for such term and volume plans are specified in other sections of Tariff F.C.C. No. 14, and that such minimum periods are one month for the DS1 TVP, one year for the DS1 ETTVP, and one year for the DS3 TVP. In order to make the regulation added to Section 3.2.4 consistent with the regulations set forth in other sections of Tariff F.C.C. No. 14, this filing corrects the minimum period regulations that were added to Section 3.2.4 under Transmittal No. 811.

Supporting material as set forth in Section 61.49 of the Commission's Rules is not required with this filing.

This transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS).

Payment in the amount of \$775.00 has been electronically transmitted to the Mellon Bank in Pittsburgh, Pennsylvania, in accordance with the fee program procedures. The Form 159 is being transmitted electronically over ETFS.

In accordance with the requirements of Section 61.21(a)(3) of the Commission's Rules, the F.C.C. Registration Number (FRN) for Verizon is 0003-7085-00. Verizon is filing this transmittal on behalf of issuing carriers with the following FRNs:
