Re: Notification by Faster Processing, LLC and
Community ISP, Inc. of an Asset Purchase Agreement

Dear Sir or Madam:

On behalf of Faster Processing, LLC ("FP") and Community ISP, Inc. ("CISP") (together "Applicants"), this letter is to advise the Commission of an Asset Purchase Agreement (the "Agreement"), whereby CISP will acquire substantially all of the assets of FP, including, but not limited to, FP's customer accounts in this State (the "Acquisition").

Pursuant to the rules and regulations of the Public Utilities Commission of Ohio, attached hereto is an executed Telecommunications Application Form. The other Exhibits attached are as follows:

- 1) Customer notice provided to affected customers as a bill insert (Exhibit "A")
- 2) Affidavit attesting that customer notice has been provided (Exhibit "B")

CISP is a Delaware corporation with principal offices located at 3035 Moffat Road, Toledo, Ohio, 43615. CISP is a certified local and long distance telecommunications resale provider in this State.¹

¹ CISP provides resold long distance telecommunications services in this State pursuant to authority granted in Case No. 07-233-TP-ACE, dated April 18, 2007.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business
Technician Date Processed 9-6-07

FP is an Ohio limited liability company with principal offices located at 3035 Moffat Road, Toledo, Ohio, 43615. FP is a certified local and long distance telecommunications resale provider in this State.²

The Acquisition contemplates the following:

- a. CISP will receive ownership, right, title and interest in and to substantially all of FP's assets, including its customer accounts, as defined in the Agreement.
- b. The bankruptcy estate of FP will receive the purchase price set forth in the Agreement, pursuant to an Order of the Bankruptcy Court approving the Agreement.

CISP proposes the Acquisition to consolidate the business and customer accounts of FP with CISP in order to create a single, larger provider of telecommunications services, facilitating efficiencies to benefit all of CISP's and FP's customers. Service to FP's customers will continue uninterrupted.

The customers of FP will be given the opportunity to switch their service from FP to a different carrier. None of the customers of FP will experience any change in rates due to the Acquisition. To the extent that any of FP's rates are not presently included in CISP's Tariffs, CISP will amend its Tariffs accordingly to include such rates. As a result, the transaction should not cause any inconvenience or confusion to the pre-existing customers of either FP or CISP. Those customers of FP who choose not to switch their service to a different carrier will receive service from CISP.

The technical, managerial and financial personnel of FP will assist with the transition and integration of the acquired Assets after the transaction and the technical, managerial and financial personnel of CISP will continue to serve the transferred FP customers with the same high level of expertise with which present CISP customers are serviced.

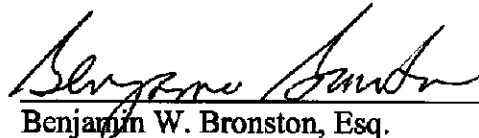

Critical to the Acquisition is the need to ensure the continuation of high quality service to all customers currently served by FP. The Acquisition will serve the public interest in that it will ensure that current FP customers maintain uninterrupted service. The Acquisition will also serve to create a heightened level of operating efficiency which generally will serve to enhance the overall capacity of CISP to compete in the marketplace and to provide telecommunications services for a greater number of consumers in this State at competitive rates.

² FP provides resold local and long distance telecommunications services in this State pursuant to authority granted in Case No. 02-191-TP-ACO, dated August 23, 2002 .

The parties are forwarding this letter to the Commission for informational purposes, to be included in the appropriate files. Absent receipt of written notification to the contrary within thirty (30) days of the date of this letter, we will proceed under the understanding that no approval or other formal action is required by the Commission prior to consummation of the proposed transaction.

Enclosed are the original and ten (10) copies of this letter. Please return one (1) of the copies file-stamped in the envelope provided. If you need any further information or have any questions regarding the matters discussed herein, please do not hesitate to contact me. Thank you for your assistance in this matter.

Respectfully submitted,

Benjamin W. Bronston, Esq.

Community ISP, Inc.

Faster Processing, LLC

September ____, 2007

Dear Customer:

Community ISP, Inc. ("CISP") and Faster Processing, LLC ("FP") have entered into an Asset Purchase Agreement, whereby the telecommunications assets of FP will be acquired by CISP, and CISP will become your local service provider and your interstate, international and intrastate telecommunications long distance service provider. CISP anticipates this happening on or before September 30, 2007.

This change in ownership will not affect or in any way disrupt your current service. Your rates and the terms and conditions under your existing contract will not change as a result of the transaction. No charges or fees will be imposed and no rate increase will occur as a result of this transaction. CISP will inform you, by separate mailing, of any post-transaction changes which may occur.

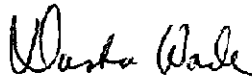

We realize you have a choice of carriers. Subject to the terms and conditions of your existing contract with FP, including applicable termination penalties, you have the right to choose a different carrier for your services. Please note that if you are a customer of FP on the date of the transfer and you have not informed FP that you have made arrangements to switch to a carrier other than CISP, your services will automatically be transferred and your account assigned to CISP. Also, if you have placed a "freeze" on the services to prevent the unauthorized transfer of your services to another carrier, the freeze will be lifted and your services will be transferred to CISP. You must contact your local exchange carrier to re-establish freeze protection for your Services after the transfer. CISP will be responsible for any outstanding FP customer complaints after the date of transfer. If you have any questions, please call one of CISP's Customer Service Representatives at 415-724-5300.

We at CISP are pleased to welcome you to our team and would like to express our appreciation for allowing us the opportunity to be your telecommunication service provider. We are confident that you will be pleased with the high quality of our service.

Yours faithfully,

Dustin Wade, President
Community ISP, Inc.

AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer of the applicant corporation, Community ISP, Inc., and am authorized to make this statement

on its behalf. I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.
