## EXHIBIT C

### RATIONALE FOR CHANGE

Verizon North Inc. proposes to revise its General Exchange Tariff, P.U.C.O. No. 7, to make textual changes to better reflect current policies and conditions and to reduce existing rates for PRI Tie Channel Service to an Intermediary Customer as noted on Sheets 67A and 70A. The remainder of the filing introduces new optional features for ISDN PRI CentraNet® service.

There are currently no customers on the PRI Tie Channel Service to an Intermediary Customer and the other services are new services, so no prior customer notification is necessary.
