Notice of Proposed Major Utility Facility

Name and Description of the Proposed Facility

American Municipal Power-Ohio (AMP-Ohio) proposes to construct a pulverized coal-fired electric power generation plant in Letart Township, Meigs County, Ohio, on approx. 1,000 acres adjacent to the Ohio River. This project is known as the American Municipal Power Generating Station (AMPGS). The proposed project will include a 960 megawatt net power generation plant, a 133 acre landfill and barge handling facilities on the Ohio River. The accompanying map depicts the proposed site for the AMPGS facility. It should be noted that due to reduced scale and limited detail this map should be used only as a general guide. More detailed information regarding the general layout of the proposed facility is included in the application, described below, that AMP-Ohio has filed with the Ohio Power Siting Board.

Criteria Used to Review the Application

The following eight criteria are set forth in Section 4906.10 (A) of the Revised Code and will be used, along with additional information, by the Board in the reviewing of the application for a certificate to construct, operate and maintain the AMPGS facility:

- The basis of the need for the facility. In the case of a major utility facility described in division (B)(1) of Section 4906.01 of the Revised Code, the Board shall presume the need for the facility as that need is stated in an application pursuant to division (A)(3) of Section 4906.06 of the Revised Code;
- The nature of the probable environmental impact of the proposed facility;
- Whether the facility represents the minimum adverse environmental impact, considering the state of available technology, the nature and economics of various alternatives, and other pertinent considerations;
- The facility is consistent with regional plans for expansion of the regional power grid of electric systems serving this state and interconnected utility systems, and the facility will serve the interests of electric system economy and reliability;
- The facility will comply with Chapters 3704, 3734, and 6111 of the Revised Code and all rules and standards adopted under

those chapters and under Sections 1501.33, 1501.34, and 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under Section 4561.32 of the Revised Code, the Board shall consult with the office of aviation of the division of the multi-modal planning and programs of the Department of Transportation under Section 4561.341 of the Revised Code;

- The facility will serve the public interest, convenience, and necessity;
- The facility's impact on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929 of the Revised Code that is located within the site of the proposed major utility facility; and
- The facility incorporates maximum feasible water conservation practices as determined by the Board, considering available technology and the nature and economics of various alternatives.

Date, Time and Location of Public Hearing

Section 4906.07 of the Revised Code provides that:

- (A) Upon the receipt of an application complying with Section 4906.06 of the Revised Code, the Power Siting Board shall promptly fix a date for a public hearing thereon, not less than sixty nor more than ninety days after such receipt, and shall conclude the proceeding as expeditiously as practicable.
- (B) On an application for an amendment of a certificate, the Board shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of such a facility other than as provided in the alternatives set forth in the application.

(C) The Chairman of the Power Siting Board shall cause each application filed with the Board to be investigated and shall, not less than fifteen days prior to the date of any application is set for hearing, submit a written report to the

Board and to the applicant, of such report shall be made able to any person upon request. Such report shall set forth the nature of the investigation, an contain recommended findings with regard to division (A) of Section 4906.10 of the Revised Code and shall become part of the record and served upon all parties to the proceeding.

The Board has scheduled the public hearing in two parts:

1) A non-adjudicatory hearing pursuant to Section 4906.08 (C) of the Revised Code, where the Board accept written or oral testimony from any person. The hearing take place November 1, 2006 at 6:00 p.m., at Meigs High School 42091 Pomeroy Pike, Pomeroy, Ohio 45769. And,

2) An adjudicatory hearing will take place November 8, 2007, at 9 a.m., in Hearing Room 11-C, offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793.

Opportunity for Comment and Intervention

Section 4906.08(C) of the Revised Code provides that: Board shall accept written testimony from any person at a public hearing, but the right to call and examine witnesses be reserved for parties. However, the Board may adopt rules that include repetitive, immaterial, relevant testimony.

The deadline for filing a petition to intervene in Case No. 06-EL-BGN as established by the Ohio Power Siting Board is administrative law judge to five days prior to the scheduled date for the non-adjudicatory hearing, or later if good cause is shown. However, the Board strongly encourages interested persons who wish to intervene in the adjudicatory hearing to file their petitions as early as possible. Petitions should be addressed to the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793.
