To whom it may concern,
I believe if you allow the
Rocky Express to decimate our
farm, located in Blue Rock twp.
Muskingum Co. O., divided by
St. Rt. 60 and bordering the
Muskingum River, it may
well mean the death of my
husband Delmar (a survivor
of 2 heart attacks).
That farm and all it entails
has become his daily work,
his therapy, and his R+R.

We had worked as a roustabout for National East Oil (now Energy Co-op) on the said farm in 1946, an abandoned estate with decedents living in New York.

One evening in 1982 while he was working his second job, pumping oil wells, he happened upon the Real Estate agent searching for the said property, to put it up for sale.

Philmar told the agent that he had always been interested in the place.

We mortgaged our home, borrowed money and sold timber to buy the farm.

We consider it a very wise investment.

Our family worked hard to
cut and clear the overgrowth
of the abandoned estate, and
to bring it to this point,
where we have wonderful
crops, hay, corn, wheat
and our straw.

Delmar drilled a water well.
You can't pump it dry. It
has wonderful cold water.

We can have picnics.

Our blind grandson has
"Matt's Landing" his boat dock.

They have drilled 5 oil wells
on the farm, which Delmar
pumps and cares for.

The whole thing has been
a dream come true for
both of us.

As we were driving by one day
Dellmar said "I wouldn't take
a million dollars for it" meaning
the "ranch" we call it.

People nearby would be
interested in dealing with
Rocky Express.

We are not!

And we are not interested in
"dropping dead and letting
our kids get the money"
as a representative of Rocky
Express expressed to us
at our home.

Prayfully yours,
Mrs. Ralph Tysinger
