10.2. Exchange Services

10.2.1. Local Exchange Service

A. General

1. Main line service provides intraexchange telecommunications service between subscribers within the boundaries of individual exchanges as designated on Exchange Boundary Maps. Main line service includes Company facilities, furnished to permit access to the telecommunications network, which extend from a central office to the Demarcation Point on the property where the subscriber is served.
2. Main Line Services are defined as follows:
1FR Flat Rate Residential VoDSL Service
1FB Flat Rate Business VoDSL Service
3. The exchange monthly Main Line rates hereinafter specified, are payable in advance and entitle the customer in any given exchange to service to all lines connected within that exchange without other charges. To the extent provided under EAS, and subject to the rates therein specified, payable in advance, customers within certain exchanges are also entitled to service to lines connected within certain other exchanges.
4. The boundaries of exchanges and certain territories in other states served by Ohio exchanges are as described or indicated on maps for each exchange which are hereby made a part of this Tariff.
