GENERAL REGULATIONS

IV. CHARGES FOR SERVICE (Continued)

D. If the bill is not paid within 20 calendar days following the date of the bill, the account will be considered delinquent.

E. A delinquent account may subject the subscriber's service to temporary disconnection.

The Telephone Company is responsible for notifying the subscriber before service is disconnected.

The Telephone Company may only disconnect a subscriber's regulated local telephone service for non-payment of regulated local service charges in accordance with the Minimum Telephone Service Standards.

F. Each month shall be considered to have 30 days for the purpose of computing charges and shall be the basis for computing fractional portions of monthly billing, pro rata charges and adjustments to customer accounts.

G. Failure to receive a bill will not exempt a subscriber from prompt payment of any sum or sums due the Company.

H. The Telephone Company will apportion partial payments to regulated local exchange charges first before applying to any toll charges.

I. Recovery of Collection Costs - Business

Any Customer subscribing to Business services under this tariff (a "Business Customer") is responsible for all collections costs, including but not limited to attorneys fees, incurred by the Company in recovering any amounts due and owing to the Company by the Business Customer. In the event of a dispute over amounts owed, the Commission is the final arbiter of whether such amounts are owed. In the event of the Business Customer's bankruptcy, the Company may assert its claim for collections costs and attorneys' fees under this tariff as a claim against the Business Customer's bankruptcy estate.
