Free per Call Blocking Service is available for customers who are served from appropriately equipped central offices. Customers may prevent delivery of their telephone numbers to Caller ID subscribers on a per call basis by activating the appropriate Caller ID activation code prior to placing the call.

Free per Call Blocking Service is available for customers who are served from appropriately equipped central offices. Customers may prevent delivery of their telephone numbers to Caller ID subscribers on a per call basis by activating the appropriate Caller ID activation code prior to placing the call.

Blocked Calling Party Number Identification will be delivered to certain qualifying customers as described in FCC Memorandum Opinion and Order, CC Docket No. 91-281, adopted January 4, 2002. Such customers must certify to the Company's compliance with the waiver order's eligibility requirements. (T)

Simultaneous Ring One Number (SR-ON)

Causes one additional telephone number of the customer to ring simultaneously whenever the Centrex station number is dialed. The customer's FeatureLink station and the SR-ON telephone number must be served from the same central office switch.

SR-ON is only available in suitably equipped central offices. Other restrictions and limitations may apply.
