*NOTE: During the interim period between the effective date of the rules and an Applicant's Detariffing Filing, changes to existing business Tier 2 and all toll services, including the addition of new business Tier 2 and all new toll services, will be processed as 0-day TRF filings, and briefly described in the "Other" section above.

All Section I and II applications that result in a change to one or more tariff pages require, at a minimum, the following exhibits. Other exhibits may be required under the applicable rule(s). ACN, ACO, AMT, ATC, ATR, and CIO applications see the 4901:1-6-14 Filing Requirements on the Commission's Web Page for a complete list of exhibits.

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Section III. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, AT&T Ohio, and am authorized to make this statement on its behalf.

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission’s rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

BUSINESS UNLIMITED LOCAL WITH CENTREX OFFER

(D)
(N)

A promotional period will be established from October 7, 2005 through December 31, 2005 for Centrex subscribers. During this promotional period, Centrex subscribers will receive an unlimited local calling plan on each of their Centrex lines for \$20.00 per line per month.

To be eligible for this offer, Centrex subscribers must commit to a minimum 36-month Centrex term and the unlimited local calling plan must be on all lines in the subscribers Centrex system. The unlimited local calling plan must remain on each Centrex line for the entire Centrex term.

Early termination fees as shown in this Tariff, Part 5, Section 1 will apply if the subscriber terminates their Centrex service. If the subscriber removes the unlimited local usage plan from any Centrex line (whether or not the Centrex service is retained), termination charges of 50% of the \$20.00 monthly recurring charge times the number of months left on the term commitment will apply.

At the expiration of the Centrex term, the \$20.00 monthly charge per line will no longer apply and subscribers will be charged the basic business local message or measured service and, as applicable, Local Calling Plus usage charges as shown in Part 4, Section 2 of this Tariff, unless the subscriber selects another local usage calling option.

The \$20.00 monthly rate will be contributory but not eligible for CompleteLink and SimpleLink discounts.

This offer cannot be combined with any other local usage plans or discounts.

This offer is only available on Centrex lines. Subscribers selecting this offer can only have Centrex lines on their account.

CENTREX 50/20 Promotion

(N)

A promotional period will run from January 16, 2006 through March 31, 2006 for any customer who changed from the Company's service to a competitive local exchange carrier's service who now returns to the Company to establish a new Centrex Service system.

The returning customer will receive a credit of \$50 per line, for up to 20 lines, for each Centrex line installed with a maximum \$1000 credit.

The customer must commit for the largest number of lines possible given the number of Centrex lines initially installed at cutover. The customer must contract for Centrex Service for a three, five or seven year period. The contract must be dated between January 16, 2006 and March 31, 2006. The service must be installed by April 15, 2006.

In addition to the eligibility criteria noted above, the customer must not have had service disconnected for nonpayment, and not have any past due bills for regulated service owed to the Company. Also, the "Bill Name" must be the same as on the prior Company account. This offer may not be combined with other promotions.

OPT-E-MAN SERVICE PROMOTION

(D)
(N)

A promotional period shall be established from March 1, 2005 through September 1, 2005 for customers newly subscribing to OPT-E-MAN Service. This promotion offers a variable discount on the Committed Information Rate (CIR) service element for those customers who are located within 15 miles from a Central Office equipped with OPT-E-MAN functionality as identified in the NECA4 tariff. This promotion is only available to those customers selecting the 5 Mbps, 10 Mbps, 20 Mbps, 50 Mbps, 100 Mbps, 250 Mbps, 500 Mbps or 1 Gbps CIR speeds.

In order to qualify for the OPT-E-MAN Service promotion, the following conditions must be met:

- The promotion will be available to new OPT-E-MAN customers entering into either a 36 month or 60 month agreement.
- A written agreement must be executed by SBC Ohio that includes the term period, the discount rates and the service locations.
- Special Construction Charges may apply.
- Nonrecurring charges for the CIR element will be waived as outlined in Part 6, Section 9, Sheet No. 34 of this tariff.
- Tariff charges will apply for any Optional Features subscribed to by the customer during this promotional period.
- If the customer terminates the agreement prior to the expiration of the 36 or 60 month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owed to the Company. In addition to any unpaid Special Construction or nonrecurring charges (excluding any waived charges), Termination Charges will be equal to fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

Business Unlimited Local Toll Offer

A retail promotional period shall be established from July 25, 2003 through July 24, 2004. During this period, eligible business customers who make a 12-month intraLATA toll commitment will receive unlimited monthly intraLATA toll calling for the flat monthly rate of \$10.00 per line during this 12-month period.

Eligible customers are those business customers who subscribe to a package that has an optional toll component and/or the package allows for the combining with other optional calling plans. Customers must agree to retain their intraLATA toll service with the Company for a 12-month term period.

This rate is only applicable to customer dialed, station-to-station calls. Operator handled and customer dialed credit card calls are not included. Upon expiration of the 12-month term period rates will revert to standard tariff intraLATA toll rates unless another existing optional calling plan is selected. Customers who terminate their intraLATA toll service with the Company prior to completion of the 12-month term will be billed \$5.00 per month for the remainder of the agreement period.

This offer may not be combined with any other intraLATA toll optional calling plan or promotion that is already on the same line. This offer is not available on coin telephone service. Customers must subscribe to the Company for their business exchange access service in order to be eligible for this offer.

Business Unlimited Local Toll Winback Offer

A retail promotional period shall be established from July 25, 2003 through July 24, 2004. During this period, eligible business customers who had their intraLATA toll service with the Company, changed their intraLATA toll service to another competitive carrier within the SBC Illinois, SBC Indiana, SBC Michigan, SBC Ohio, or SBC Wisconsin service area and who now wish to establish their intraLATA toll service with the Company, and who make a 12-month intraLATA toll commitment will receive unlimited monthly intraLATA toll calling for the flat monthly rate of \$10.00 per line during this 12-month period. In addition, eligible customers will receive a waiver of the monthly charge for this service for the initial 3 months of their 12-month term period.

Eligible customers are those business customers who subscribe to a package that has an optional toll component and/or the package allows for the combining with other optional calling plans. Customers must agree to retain their intraLATA toll service with the Company for a 12-month term period.

Big Easy Promotion (cont'd)

Additional business access lines and locations may be added by the customer during the term agreement. New lines and locations will be counted toward the state-wide line size requirements.

If during any given month of the customer's term commitment, the total number of lines the customer has with SBC Ohio in the state falls below the state-wide line minimum, a shortfall charge will be billed to the customer. This shortfall charge will be \$20.00 times the number of lines below the state-wide line minimum for each month below the state-wide minimum.

On average, a minimum of 2 lines per location within the state must be maintained by the customer. If the customer commits to a 4 line minimum per location and the customer's average line size per location for all locations in the state over a period of 12 months falls below 4 lines, the customer will be converted to the 2 line minimum rates. If any customer falls below an average of 2 lines per location for all locations in the state over a period of 12 months, the term commitment will be voided and the customer will revert to standard tariff rates for the services included in this offer. If any customer location is found to exceed the maximum line size per location of 40 (Option A rated locations) or 20 (Option B rated locations), that location will be migrated off of "Big Easy" and revert to standard tariff rates. The assessment of location line size will be performed annually by SBC for each customer.

Service charges will not apply to initially convert current customer locations and access lines served by SBC Ohio to the "Big Easy" rates. Any new locations or additional lines added by current customers served by SBC Ohio after the date of initial subscription, will be billed the standard tariffed service and installation charge rates or the best current tariffed promotional rates.

Business customers who currently have any or all of their local access lines with another local exchange carrier within the SBC Ohio service area and who now wish to establish service with SBC Ohio under the terms of the "Big Easy" promotion, will have all applicable service and installation charges waived for those lines, as well as any related to additional lines added within 30 days of the date of initial subscription.

Big Easy cannot be combined with any other plan or package that includes discounted monthly exchange access line service.

CompleteLink Toll Growth Bonus Promotion

During the period of July 8, 2002 through July 7, 2003 eligible CompleteLink customers who commit to an increase of 50% above their existing MATUC level on a monthly basis and who return their intraLATA toll usage to Ameritech from a competitive intraLATA toll carrier will receive additional intraLATA toll, 800/888 and customer dialed, station-to-station calling card call discounts.

Eligible customers include those who have a signed CompleteLink 3 or 5 year term agreement prior to July 8, 2002 and a MATUC of \$5,000 or less, excluding those customers who signed via an Ameritech CompleteLink Select promotional offer.

- Eligible CompleteLink Save or CompleteLink Winback customers not currently receiving an additional intraLATA toll discount will receive an additional 25% discount.
- Eligible CompleteLink Save or CompleteLink Winback customers currently receiving an additional intraLATA toll discount will receive the difference between 25% and the additional discount amount they are currently receiving.
- Other eligible CompleteLink customers not currently receiving an additional intraLATA toll discount will receive an additional 40% discount.
- Other eligible CompleteLink customers currently receiving an additional intraLATA toll discount will receive the difference between 40% and the additional discount amount they are currently receiving.
- All eligible CompleteLink customers will receive this discount for the balance of their current CompleteLink agreement term length.

These additional discounts will apply to all spending above the original MATUC commitment amount. There will be no additional shortfall charges for failure to meet the incremental MATUC commitment.

Eligible customers must sign a CompleteLink Toll Growth Bonus Offer Agreement and Letter Of Agency And Authorization in order to qualify.

Residence Access Line Promotion

A promotional period shall be established from April 1, 2004 through September 30, 2004. During this promotional period, eligible customers will receive bill credits equal to a maximum of \$50.00. Eligible customers will also receive a waiver of nonrecurring installation charges associated with the access line: the Service Ordering Charge, the Central Office Connection Charge and the Line Connection Charge.

Eligible customers are those residence customers who 1) receive a marketing contact from the Company, and 2) have their exchange access service with another carrier and who now choose to establish their exchange access service with the Company. Each eligible customer will receive five bill credits of \$10.00 each in the five successive bill periods after service establishment. The customer must retain their local service with the Company as of each bill period date in order to receive the monthly credit.

Residence Access Line Promotion

A promotional period shall be extended from April 1, 2006 through September 30, 2006. During this promotional period, eligible customers will receive bill credits equal to a maximum of \$60.00. Eligible customers are those residence customers who 1) have their exchange access service with another carrier and who now choose to establish their exchange access service with the Company; and 2) during the promotional period, respond to Company-issued marketing material, a Company-initiated marketing contact or an offer made during a customer-initiated call to the Company. (C)

Each eligible customer will receive twelve bill credits of \$5.00 each in the twelve successive bill periods after service establishment. The customer must retain their local service with the Company as of each bill period date in order to receive the monthly credit, otherwise the customer will forfeit any monthly bill credits not yet received and terminate their participation in this promotion.

If an eligible customer subscribes to a regulated package under a promotional offer when they establish local exchange service with the Company, they may not also receive benefits under this promotional offer.

This offer is not available to customers who have local service with an affiliate of the Company. (C)

BUSINESS ACCESS LINE TERM VOLUME DISCOUNT PROMOTION - (TVD)

A promotional period shall be established from January 1, 2005, through October 31, 2005. During this promotional period, eligible business customers will receive a discount on monthly recurring rates associated with network access lines if they commit to a minimum line volume and term period. This promotion is known as the Term and Volume Discount (TVD) Plan promotion. At the time a customer subscribes to TVD, applicable service order, central office connection and line connection nonrecurring charges (NRCs) will be waived for existing customers that add lines and for customers coming to SBC Ohio from other carriers. The Standard NRCs listed above will apply to lines added subsequent to the initial order.

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Non-Residence Exchange Services (i.e., Business access lines and trunks). TVD provides for 12-, 24-, and 36- month term discounts for Ohio customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by SBC Ohio establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly business recurring rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

TVD Monthly Recurring Charge Discount Schedule:

Access Line Volume Commitment	12 Month Term	24 Month Term	36 Month Term
Minimum 1 line	5%	7%	9%
Minimum 11 lines	6%	8%	10%
Minimum 31 lines	7%	9%	11%
Minimum 101 lines	8%	10%	12%
Minimum 201 lines	9%	11%	13%

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24- or 36-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

(N)

BUSINESS ACCESS LINE TERM VOLUME DISCOUNT PROMOTION - (TVD) (cont'd)

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer converts to another SBC service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable monthly business recurring rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains Network Access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will renew for 12-month intervals. A maximum of two 12-month renewals are available after the first 12-month term. The customer will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their renewal options prior to the expiration of each 12-month term.

Business Term Pricing Plan Promotion

A promotional period shall be established from January 16, 2004 through December 31, 2004. During this promotional period, eligible business customers will receive a discount on monthly recurring rates if they commit to a term period. This promotion is known as the Business Access Line Term Pricing Plan (BALTPP) promotion. Applicable nonrecurring charges will also be waived.

The BALTPP provides optional term discounts for business customers. Eligible services under BALTPP are Non-Residence Exchange Services (i.e., Business access lines and trunks). BALTPP provides for one, two, and three-year term discounts for Ohio customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the BALTPP must commit to an oral or written service agreement as prescribed by SBC Ohio establishing the term period and discount percentage to be applied to the monthly business rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly. A record of all such agreements will be retained for at least the duration of the contract period.

During the promotional period, BALTPP customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new service agreement with a term that is equal or greater than the existing term and contains an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer upgrades to another SBC service under a service agreement whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

BALTPP customers can add lines/trunks to their contract during the life of the commitment. These lines/trunks will be discounted at the same monthly recurring business rate as other lines/trunks contained in the contract.

OPT-E-MAN SERVICE PROMOTION

A promotional period shall be established from October 4, 2004 through January 5, 2005 for new customers subscribing to OPT-E-MAN Service. This promotion offers a variable discount to OPT-E-MAN customers who subscribe to the Basic Service Connection, Bandwidth Usage and Ethernet Virtual Connections (EVC) rate elements for an agreed-upon number of connections.

In order to qualify for the OPT-E-MAN Service promotion, the following conditions must be met:

- The promotion will be available to new customers entering into either a 36 month or 60 month agreement.
- A written agreement must be executed by SBC Ohio that includes the term period, the discount rates and the service locations. The customer will not receive the discount if, at the time of billing, the number of connections in service is less than those specified in the written agreement.
- Special Construction Charges may apply.
- Nonrecurring charges for the Basic Service Connection, Bandwidth Usage and EVC elements will be waived when new service is established under this promotion.
- Tariff charges will apply for any Optional Features subscribed to by the customer during this promotional period.
- If the customer terminates the agreement prior to the expiration of the 36 or 60 month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owed to the Company. In addition to any unpaid Special Construction or nonrecurring charges (excluding any waived charges), Termination Charges will be equal to fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

Electronic Directory Interface (EDI) Service (cont'd)

Electronic Directory provides for the following on ISDN lines associated with properly equipped customer provided sets.

Calling Name Display provides the name and directory number of the calling party to be displayed.

Direct Query Display allows the station user with a properly equipped customer provided set to query for a person's directory number.

Automatic Calling permits the party associated with the information being displayed to be called during a directory query without dialing the designated directory telephone number.

Extended Intercept Service

Extended Intercept Service (EIS) provides an additional announcement intercept other than nonworking station announcement and reference to listed directory number.

EIS on disconnected Centrex station lines, provides a reference of calls to another number via an automatic intercept system.

EIS will be provided subject to the availability of telecommunication facilities and AIS equipment.

Arrangements for the service are made with the understanding that the customer assumes all risk in connection therewith and that no liability attaches to the Telephone Company by reason of failure to complete any call.

EIS is furnished subject to receipt of a customer's request in sufficient time to permit the Telephone Company to effect the necessary arrangements.

Prices do not apply to the attendant interception of calls to non-working stations of a system, which is a Centrex system standard feature, or to the mechanical interception of calls to non-working stations of a system, when used in lieu of the attendant intercept.

OPT-E-MAN SERVICE PROMOTION

A promotional period shall be established from March 1, 2005 through September 1, 2005 for customers newly subscribing to OPT-E-MAN Service. This promotion offers a variable discount on the Committed Information Rate (CIR) service element for those customers who are located within 15 miles from a Central Office equipped with OPT-E-MAN functionality as identified in the NECA4 tariff. This promotion is only available to those customers selecting the 5 Mbps, 10 Mbps, 20 Mbps, 50 Mbps, 100 Mbps, 250 Mbps, 500 Mbps or 1 Gbps CIR speeds.

In order to qualify for the OPT-E-MAN Service promotion, the following conditions must be met:

- The promotion will be available to new OPT-E-MAN customers entering into either a 36 month or 60 month agreement.
- A written agreement must be executed by AT&T Ohio that includes the term period, the discount rates and the service locations. (T)
- Special Construction Charges may apply.
- Nonrecurring charges for the CIR element will be waived as outlined in Part 6, Section 9, Sheet No. 34 of this tariff.
- Tariff charges will apply for any Optional Features subscribed to by the customer during this promotional period.
- If the customer terminates the agreement prior to the expiration of the 36-or 60-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owed to the Company. In addition to any unpaid Special Construction or nonrecurring charges (excluding any waived charges), Termination Charges will be equal to fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

Big Easy Promotion (cont'd)

Additional business access lines and locations may be added by the customer during the term agreement. New lines and locations will be counted toward the state-wide line size requirements.

If during any given month of the customer's term commitment, the total number of lines the customer has with AT&T Ohio in the state falls below the state-wide line minimum, a shortfall charge will be billed to the customer. This shortfall charge will be \$20.00 times the number of lines below the state-wide line minimum for each month below the state-wide minimum. (T)

On average, a minimum of 2 lines per location within the state must be maintained by the customer. If the customer commits to a 4 line minimum per location and the customer's average line size per location for all locations in the state over a period of 12 months falls below 4 lines, the customer will be converted to the 2 line minimum rates. If any customer falls below an average of 2 lines per location for all locations in the state over a period of 12 months, the term commitment will be voided and the customer will revert to standard tariff rates for the services included in this offer. If any customer location is found to exceed the maximum line size per location of 40 (Option A rated locations) or 20 (Option B rated locations), that location will be migrated off of "Big Easy" and revert to standard tariff rates. The assessment of location line size will be performed annually by the Company for each customer. (T)

Service charges will not apply to initially convert current customer locations and access lines served by AT&T Ohio to the "Big Easy" rates. Any new locations or additional lines added by current customers served by AT&T Ohio after the date of initial subscription, will be billed the standard tariffed service and installation charge rates or the best current tariffed promotional rates. (T)
(T)

Business customers who currently have any or all of their local access lines with another local exchange carrier within the AT&T Ohio service area and who now wish to establish service with AT&T Ohio under the terms of the "Big Easy" promotion, will have all applicable service and installation charges waived for those lines, as well as any related to additional lines added within 30 days of the date of initial subscription. (T)

Big Easy cannot be combined with any other plan or package that includes discounted monthly exchange access line service.

Business Access Line Term Volume Discount Promotion - (TVD)

A promotional period shall be established from January 1, 2005, through October 31, 2005. During this promotional period, eligible business customers will receive a discount on monthly recurring rates associated with network access lines if they commit to a minimum line volume and term period. This promotion is known as the Term and Volume Discount (TVD) Plan promotion. At the time a customer subscribes to TVD, applicable service order, central office connection and line connection nonrecurring charges (NRCs) will be waived for existing customers that add lines and for customers coming to AT&T Ohio from other carriers. The Standard NRCs listed above will apply to lines added (T) subsequent to the initial order.

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Non-Residence Exchange Services (i.e., Business access lines and trunks). TVD provides for 12-, 24-, and 36- month term discounts for Ohio customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by AT&T Ohio establishing the term period, minimum access line volume commitment (T) and discount percentage to be applied to the monthly business recurring rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

TVD Monthly Recurring Charge Discount Schedule:

<u>Access Line Volume Commitment</u>	<u>12-Month Term</u>	<u>24-Month Term</u>	<u>36-Month Term</u>
Minimum 1 line	5%	7%	9%
Minimum 11 lines	6%	8%	10%
Minimum 31 lines	7%	9%	11%
Minimum 101 lines	8%	10%	12%
Minimum 201 lines	9%	11%	13%

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24- or 36-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

Issued: December 5, 2007

Effective: December 5, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

BUSINESS ACCESS LINE TERM VOLUME DISCOUNT PROMOTION – (TVD) (cont'd)

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer converts to another Company service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge. (T)

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable monthly business recurring rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains Network Access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will renew for 12-month intervals. A maximum of two 12-month renewals are available after the first 12-month term. The customer will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their renewal options prior to the expiration of each 12-month term.

Business Term Pricing Plan Promotion

A promotional period shall be established from January 16, 2004 through December 31, 2004. During this promotional period, eligible business customers will receive a discount on monthly recurring rates if they commit to a term period. This promotion is known as the Business Access Line Term Pricing Plan (BALTPP) promotion. Applicable nonrecurring charges will also be waived.

The BALTPP provides optional term discounts for business customers. Eligible services under BALTPP are Non-Residence Exchange Services (i.e., Business access lines and trunks). BALTPP provides for one, two, and three-year term discounts for Ohio customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the BALTPP must commit to an oral or written service agreement as prescribed by AT&T Ohio establishing the term period and discount percentage to be applied to the monthly business rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly. A record of all such agreements will be retained for at least the duration of the contract period. (T)

During the promotional period, BALTPP customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new service agreement with a term that is equal or greater than the existing term and contains an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer upgrades to another Company service under a service agreement whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge. (T)

BALTPP customers can add lines/trunks to their contract during the life of the commitment. These lines/trunks will be discounted at the same monthly recurring business rate as other lines/trunks contained in the contract.

CompleteLink Select III Save/Win Offer

During the period of March 25, 2004 through March 24, 2005, eligible business customers subscribing to a CompleteLink 1-year, 2-year, 3-year or 5-year term plan will be eligible for the following intraLATA toll and 800/888 rates per minute, as well as the following increased Maximum Annual Discount, one-time signing bonus, and a 10% discount on local usage message service charges. The signing bonus is a percentage of the customer's selected Minimum Annual Revenue Commitment and may vary by term-plan period. Additionally, a MARC Volume Discount^{1/1} overlay of 13.5% will apply to all MARC levels (except the \$700 level) and all terms selected in addition to the "% Discount On Eligible Services" displayed under CompleteLink found in Part 4, Section 2 of this Tariff.

	1-year	2-year	3-year	5-year
IntraLATA Toll and 800/888 Rates Per Minute	\$0.054	\$0.049	\$0.048	\$0.047
One-Time Signing Bonus:	0%	0%	4%	6%
<u>MARC</u>	<u>Maximum Annual Discount</u>	<u>MARC</u>	<u>Maximum Annual Discount</u>

25,000	15,000	200,000+	100,000	
35,000	20,000			

Eligible customers are those business customers who have received a competitive offer and are considering switching their business exchange access service to another carrier (proof of competitive offer may be required) or those business customers who have their local network access line(s) with another competitive local exchange carrier within the AT&T Illinois, AT&T Indiana, AT&T Michigan, AT&T Ohio, or AT&T Wisconsin service area and who wish to establish their local network access service with AT&T Ohio. (T)

This offering may not be combined with other Company Business access line, usage, and/or toll discount plans or promotions, with the exception of combining with other CompleteLink promotions, which is permissible.

The per minute usage rates will be billed in increments of (18) seconds and additional increments of (6) seconds, or fraction thereof. All other terms and conditions applicable to CompleteLink, found in Part 4, Section 2 of this Tariff will apply.

1/1 MARC volume discounts will not apply to intraLATA toll and 800/888 rates.

OPT-E-MAN Service Promotion

A promotional period shall be established from October 4, 2004 through January 5, 2005 for new customers subscribing to OPT-E-MAN Service. This promotion offers a variable discount to OPT-E-MAN customers who subscribe to the Basic Service Connection, Bandwidth Usage and Ethernet Virtual Connections (EVC) rate elements for an agreed-upon number of connections.

In order to qualify for the OPT-E-MAN Service promotion, the following conditions must be met:

- The promotion will be available to new customers entering into either a 36-month or 60-month agreement.
- A written agreement must be executed by AT&T Ohio that includes the term period, the discount rates and the service locations. The customer will not receive the discount if, at the time of billing, the number of connections in service is less than those specified in the written agreement. (T)
- Special Construction Charges may apply.
- Nonrecurring charges for the Basic Service Connection, Bandwidth Usage and EVC elements will be waived when new service is established under this promotion.
- Tariff charges will apply for any Optional Features subscribed to by the customer during this promotional period.
- If the customer terminates the agreement prior to the expiration of the 36-or 60-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owed to the Company. In addition to any unpaid Special Construction or nonrecurring charges (excluding any waived charges), Termination Charges will be equal to fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

Electronic Directory Interface (EDI) Service (cont'd)

Electronic Directory provides for the following on ISDN lines associated with properly equipped customer provided sets.

Calling Name Display provides the name and directory number of the calling party to be displayed.

Direct Query Display allows the station user with a properly equipped customer provided set to query for a person's directory number.

Automatic Calling permits the party associated with the information being displayed to be called during a directory query without dialing the designated directory telephone number.

Extended Intercept Service

Extended Intercept Service (EIS) provides an additional announcement intercept other than nonworking station announcement and reference to listed directory number.

EIS on disconnected Centrex station lines, provides a reference of calls to another number via an automatic intercept system.

EIS will be provided subject to the availability of telecommunication facilities and AIS equipment.

Arrangements for the service are made with the understanding that the customer assumes all risk in connection therewith and that no liability attaches to the Company by reason of failure to complete any call. (T)

EIS is furnished subject to receipt of a customer's request in sufficient time to permit the Company to effect the necessary arrangements. (T)

Prices do not apply to the attendant interception of calls to non-working stations of a system, which is a Centrex system standard feature, or to the mechanical interception of calls to non-working stations of a system, when used in lieu of the attendant intercept.

4. System Features (cont'd)

Supplemental Three Digit Dialing

Available on a Centrex system arranged for four- or five-digit intercom dialing. Three-digit dialing is provided as a means to reach an emergency station line on the same system, such as fire, police, etc.

Trunk Verification from Designated Station

An arrangement that provides audible transmission level testing for originating and terminating trunk groups or a trunk within a trunk group for trunks associated with a Centrex system by a designated station user(s).

Uniform Call Distribution (UCD)

Provides for the even distribution of incoming calls to all groups of lines arranged in a special hunting arrangement. Queuing may be provided with the addition of queue slots. The UCD capability may be provided with Electronic Key Line Service.

Virtual Routing

Provides routing and call completion over 24 software defined access paths (virtual/simulated facilities group) for ValueLink Premier intraLATA toll service.
