Section III. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, AT&T Ohio, and am authorized to make this statement on its behalf.

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

Original Sheet No. 14

2. BASELINE 3-1-1 SERVICE

(N)

A. DESCRIPTION

Baseline 3-1-1 nonemergency service is an intraLATA local service that will provide the local government entity ("customer") the ability to terminate all 3-1-1 dialed incoming calls to a central location or to alternate customer-defined location(s) based on the originator's Calling Party Number (CPN), service address, and the associated nine-digit zip code.

Baseline 3-1-1 can also be used to provide access to local government offices (such as the Mayor's Office, Department of Parks and Recreation, Planning Commission, etc.). Access to local government offices can only be provided in addition to nonemergency access to police and fire. This capability is dependent upon ancillary Customer Premise Equipment (CPE) (i.e., IVR, ACD, etc.) capabilities or customer resources (i.e., Operators to transfer calls).

Baseline 3-1-1 Service will recognize, route and deliver 3-1-1 dialed calls to Customer Provided Equipment which either (i) originate from Ameritech end offices serving the customer, or (ii) originate from non-Ameritech end offices, provided that the customer, Ameritech and other service providers have reached an agreement as to the interconnection and processing of 3-1-1 calls originating from non-Ameritech end offices.

Calls to "3-1-1" will be routed via the Ameritech public switched network utilizing Advanced Intelligent Network platforms and features to route the call to customer designated location(s).

B. DEFINITIONS

Advanced Intelligent Network (AIN)

AIN is a telecommunications network that is software controlled. The network "intelligence" is located in computer nodes which are distributed throughout the network, rather than being confined to the originating and terminating switching offices. Before calls (either outbound or inbound) are sent to their final destination, the network queries a database for disposition of the call.

Calling Party Number (CPN)

The ten digit telephone number of the calling party.

Route To Number

Ten digit telephone number(s) designated by the customer for terminating 3-1-1 calls.

SecurID

A security application to be utilized by authorized personnel to access the Service Management System.

Service Management System

A computerized database containing relational customer data information that is utilized to route 3-1-1 calls.

Signaling System No. 7 (SS7)

The telecommunications signaling system using protocols recommended by the International Consultative Committee for Telegraphy and Telephony (ICCTT) used by Ameritech to route calls over the public switched network.

1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE

/1/

A. General

1. When requested by local government authorities, and subject to the availability of facilities, the Telephone Company will provide a universal number "911" for the use of Public Safety Answering Points (PSAP's) engaged in assisting local governments in the protection and safety of the general public. Use of the 911 number will provide each caller with telephone access to the appropriate local PSAP.
2. The following regulations apply to "Basic 911" and enhanced "E911" service, hereinafter referred to as 911 Service in this Paragraph A., in addition to the specific regulations, rates and charges covered in B. or C. following, as appropriate.
 - a. Application for 911 service must be executed in writing by each participating local governmental authority or their duly appointed agent. If application is made through an agent of the local government authority, the Telephone Company must be provided with evidence, satisfactory to the Telephone Company, of the appointment and authority of the agent prior to acceptance of the application and establishment of service. As a minimum, both police and fire departments in each local governmental authority must participate in any 911 service and participation must be in the same 911 service.
 - b. Each participating local governmental authority must furnish to the Telephone Company its written agreement, duly executed, by which it shall agree to:
 - (1) Provide and staff the PSAP on a 24 hour continuous basis.
 - (2) Accept responsibility for dispatching, or referring, forwarding or transferring 911 calls to other participating local governmental authorities for the dispatch of police, fire, ambulance or other emergency services to the extent such services are reasonably available.
 - (3) Subscribe to additional local exchange service, at the PSAP location, for administrative purposes, for placing of outgoing calls and for receiving other emergency calls, including calls which might be relayed by Telephone company operators.
 - (4) Make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Telephone Company in the event the system is not functioning properly.

B. Basic 911 Service

The following regulations, rates and charges apply to Basic 911 service in addition to the general regulations included in A. preceding.

1. Regulations

a. Local governmental authorities participating in Basic 911 service must include in the written agreement described in A-2-c preceding, their agreement to:

- (1) subscribe to a minimum of two central office lines in each central office handling incoming Basic 911 calls and to further subscribe, as necessary, to such additional central office lines per central office to sufficiently handle the projected volume of incoming Basic 911 calls as determined by the Telephone Company for a given central office within the community boundaries of the participating local governmental authority; and
- (2) accept responsibility for serving the entire geographic area served by the central office through which Basic 911 calls are routed to the PSAP, even though the geographic area served by such central office does not coincide with the community boundaries of the participating local governmental authority.

directives, shall be used on or in connection with any directory furnished by the Company. (T)

1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE

A. General

1. When requested by local government authorities, and subject to the availability of facilities, the Company will provide a universal number "911" for the use of Public Safety Answering Points (PSAP's) engaged in assisting local governments in the protection and safety of the general public. Use of the 911 number will provide each caller with telephone access to the appropriate local PSAP. (T)
2. The following regulations apply to "Basic 911" and enhanced "E911" service, hereinafter referred to as 911 Service in this Paragraph A., in addition to the specific regulations, rates and charges covered in B. or C. following, as appropriate.
 - a. Application for 911 service must be executed in writing by each participating local governmental authority or their duly appointed agent. If application is made through an agent of the local government authority, the Company must be provided with evidence, satisfactory to the Company, of the appointment and authority of the agent prior to acceptance of the application and establishment of service. As a minimum, both police and fire departments in each local governmental authority must participate in any 911 service and participation must be in the same 911 service. (T)
 - b. Each participating local governmental authority must furnish to the Company its written agreement, duly executed, by which it shall agree to: (T)
 - (1) Provide and staff the PSAP on a 24 hour continuous basis.
 - (2) Accept responsibility for dispatching, or referring, forwarding or transferring 911 calls to other participating local governmental authorities for the dispatch of police, fire, ambulance or other emergency services to the extent such services are reasonably available.
 - (3) Subscribe to additional local exchange service, at the PSAP location, for administrative purposes, for placing of outgoing calls and for receiving other emergency calls, including calls which might be relayed by Company operators. (T)
 - (4) Make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly. (T)

1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE (cont'd)

Effective November 11, 1996, new installations of Basic 911 will no longer be made. Existing systems may be retained under current contract terms and conditions or as amended through mutual agreement between the Company and the involved communities. This service will be withdrawn when all existing customers have moved to an alternative 911 Service.

B. Basic 911 Service

The following regulations, rates and charges apply to Basic 911 service in addition to the general regulations included in A. preceding.

1. Regulations

- a. Local governmental authorities participating in Basic 911 service must include in the written agreement described in A-2-c preceding, their agreement to:
 - (1) subscribe to a minimum of two central office lines in each central office handling incoming Basic 911 calls and to further subscribe, as necessary, to such additional central office lines per central office to sufficiently handle the projected volume of incoming Basic 911 calls as determined by the Company for a given central office within (T) the community boundaries of the participating local governmental authority; and
 - (2) accept responsibility for serving the entire geographic area served by the central office through which Basic 911 calls are routed to the PSAP, even though the geographic area served by such central office does not coincide with the community boundaries of the participating local governmental authority.
