AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of CBB Carrier Services, Inc. and am authorized to make this statement on its behalf.

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between Page 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14.
- C. **Paragraph Numbering Sequence** - There are various levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
- 2.1
- 2.1.1
- 2.1.1.1
- D. **Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross-reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. An asterisk designates all revisions made in a given filing (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

EXHIBIT B

Description of Proposed Services and Statement of Public Interest

CBB Carrier Services, Inc. ("CBB") and its subsidiaries are leading providers of data center and managed network services in the Eastern U.S. In Ohio, CBB will provide IP-based internet access and dedicated data transport over copper mediums. CBB currently provides its IP-based internet access and dedicated transport over Ethernet via copper bonding by collocating in ILEC central offices and leasing copper unbundled network elements to its customer premises.

Using Ethernet services technology, CBB will offer business customers in Ohio private data communications transport services, as well as management services of these private data networks. CBB does not intend to furnish traditional switched local or interexchange telephone services. CBB plans to offer its private data transport services state-wide and therefore requests state-wide certification.

Granting CBB the CTS certification that it seeks herein will serve the public interest. Certification will ensure that customers in Ohio have access to technologically advanced communications services and the benefit of additional competitive options. As demonstrated herein, CBB has the managerial, technical and financial qualifications necessary to provide the quality managed IP-based internet access and quality managed Ethernet delivery services that it proposes herein. CBB's parent company, Continental Broadband, has been providing competitive telecommunications services for over seven (7) years. Through its proven success and investment in its own business, Continental Broadband has grown into a group of businesses that serve customers through eight (8) data centers in seven (7) major markets. It will bring this technical experience and commitment to quality customer service to its business customers in Ohio through CBB.

OFFICER AND SENIOR MANAGEMENT

BIOGRAPHICAL INFORMATION

Chairman, Charles L. Watkins: Charlie Watkins serves as Chairman of Continental Broadband, Inc. a wholly-owned unit of Landmark Communications, Inc. Continental Broadband, headquartered in Norfolk, VA., serves business customers in several U.S. Cities with internet access and related data services. Watkins previously served as Vice President of Corporate Development and New Ventures for Landmark Communications, Inc. where he was responsible for identifying and starting new businesses for Landmark Communications, which is headquartered in Norfolk, VA. It was during this time (2000) that he, along with Owen Griffin, Continental Broadband's Chief Executive Officer, founded Continental Broadband.

Prior to joining Landmark, Watkins served as President and Chief Executive Officer of two technical services companies - one which he started with a partner, and another which was a wholly-owned subsidiary of Duke Energy in Charlotte, NC. In addition to some international experience, he has served as Chief Financial Officer of a medium sized business and has 15 years of experience in mergers and acquisitions, operations, marketing and management of technical services companies. Prior to entering the business world, Watkins served as a nuclear-trained U.S. naval officer.

Watkins holds a Bachelors degree in Mechanical Engineering from the U.S. Naval Academy and a Masters in Business Administration from the College of William and Mary in Virginia.

President & Chief Executive Officer, Owen Griffin: 10 years of experience in the Telecommunications Technology industry. Mr. Griffin is responsible for the operating performance of Continental Broadband's multiple local market operations. Before co-founding Continental Broadband in 2000 he served as New Ventures Director for Landmark Communications. In that position, Mr. Griffin was responsible for evaluating various technology and Internet related investment opportunities. He was also responsible for a company wide broadband study that eventually led to the formation of Continental Broadband.

Prior to entering the technology industry, Mr. Griffin worked in the public accounting as a Tax Specialist for then Price Waterhouse. Mr. Griffin was responsible for completing corporate tax compliance, research and strategic analysis for large southeastern companies. Mr. Griffin earned an MBA, a Masters in Taxation and a BS in Accounting from the University of Virginia. He was licensed as a Certified Public Accountant in North Carolina in 1996.

Vice President of Corporate Development, John Rickman: Over 13 years of financial management experience.
