Dear Sir,

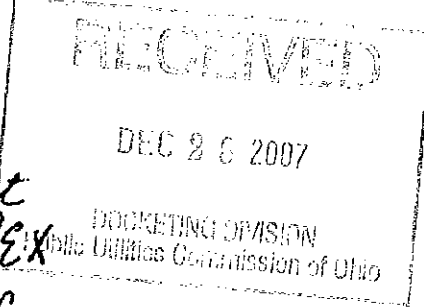

Thank you for the CD- Draft  
Environmental Impact Statement REX  
East Project" Rockies Express, LLC.  
Docket # CP07-208-000.

I realize this is a giant project  
to supply gas to the future.  
Was unable to comprehend all  
the project on the CD.

Trusting action is being taken  
so this project will not interfere  
with Slope Creek Reservoir near  
the Village of Barnesville, Ohio. This  
reservoir is the source of water for  
over 12,400 residents in parts of four  
counties.

Appreciate your Cooperation

Sincerely  
Heleen D. Dotling
