RE: Case Number 07-1112-WS-AIR

Dear Docketing Division:

We're writing to oppose the rate increase from Ohio American Water Company, case number referenced above.

As senior citizens it is becoming more and more difficult to pay for utilities. As it is now our water rate/bill usage is much too high for just two people. The extra charge for Reverse Osmosis is useless. Our plumbing fixtures and appliances still have a build up/corrosion on them. I know that they (OAWC) have attempted to improve with the discolored water issue but whatever causes all the corrosion is still there.

Please do not allow them to come through with another increase.

Sincerely,

The Browns
