**MEMORANDUM IN SUPPORT OF THE MOTION TO INTERVENE
OF OHIO PARTNERS FOR AFFORDABLE ENERGY**

Ohio Partners for Affordable Energy ("OPAE") should be permitted to intervene in this matter pursuant to §4903.221, O.R.C., and the Commission's Rules and Regulation, specifically § 4901-01-11(B), Ohio Administrative Code ("O.A.C."). As required by those provisions OPAE is a real parties in interest herein, whose interest is not now represented, who can make a contribution to the proceeding and will not unduly delay the proceeding nor prejudice any existing party.

OPAE is a nonprofit organization representing the interests of over sixty nonprofits providing energy assistance to low income families throughout the State of Ohio. Its members operate bill assistance, weatherization, energy efficiency, and consumer education programs throughout Ohio. OPAE's corporate purpose is to promote affordable energy policies and preserve access to essential energy services for all Ohioans. In addition, OPAE member agencies also receive utility service from Vectren Energy Delivery of Ohio, Inc.

("VEDO").¹ Moreover, many of OPAE's members are community action agencies. Under the federal legislation authorizing the creation and funding of these agencies, the Economic Opportunity Act of 1964, community action is charged with advocating for the low-income residents of their communities.²

OPAЕ has a real and substantial interest in this proceeding by virtue of the direct impact the exemption from providing commodity service will have on customers of VЕDО. OPAЕ has been recognized by the Commission in the past as an advocate for consumers and particularly low-income consumers, all of whom will be affected by the outcome of this case. For the above reasons, OPAЕ has a direct, real and substantial interest in this proceeding.

¹ A list of OPAЕ members can be found on its website: www.ohiopartners.org.

² See 42 U.S.C. 672:

The purposes of this subtitle are--

(1) to provide assistance to States and local communities, working through a network of community action agencies and other neighborhood-based organizations, for the reduction of poverty, the revitalization of low-income communities, and the empowerment of low-income families and individuals in rural and urban areas to become fully self-sufficient (particularly families who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.)); and

(2) to accomplish the goals described in paragraph (1) through--

(A) the strengthening of community capabilities for planning and coordinating the use of a broad range of Federal, State, local, and other assistance (including private resources) related to the elimination of poverty, so that this assistance can be used in a manner responsive to local needs and conditions;

(B) the organization of a range of services related to the needs of low-income families and individuals, so that these services may have a measurable and potentially major impact on the causes of poverty in the community and may help the families and individuals to achieve self-sufficiency;

(C) the greater use of innovative and effective community-based approaches to attacking the causes and effects of poverty and of community breakdown;

(D) the maximum participation of residents of the low-income communities and members of the groups served by programs assisted through the block grants made under this subtitle to empower such residents and members to respond to the unique problems and needs within their communities; and

(E) the broadening of the resource base of programs directed to the elimination of poverty so as to secure a more active role in the provision of services for--

(i) private, religious, charitable, and neighborhood-based organizations; and

(ii) individual citizens, and business, labor, and professional groups, who are able to influence the quantity and quality of opportunities and services for the poor.

OPAE's participation in these proceedings will not cause undue delay, will not unjustly prejudice any existing party, and will contribute to the just and expeditious resolution of the issues and concerns raised in these proceedings. Furthermore, other parties to the proceedings will not adequately represent the interests of OPAE because of the unique perspective it brings to utility matters. Therefore, OPAE is entitled to intervene in these proceedings with the full powers and rights granted, by the Commission specifically, by statute, and by the provisions of the Commission's Codes of Rules and Regulations, to intervening parties.
