Re: Case # 07-112-WS-Air

Water rate increase by Ohio American Water Company

This letter is an objection to the latest request by Ohio American Water Company to increase their current rates. This company has been granted rate increases in the past which are much too much of an increase and this needs to be stopped. Their costs comparatively are out of range of any other water suppliers. And the bill from Ohio American Water does not include trash pickup, which is by another company. We have lived at this address for 15 years and wish we could be supplied our water by Westerville instead of Ohio American Water.

Please turn down this request and require Ohio American Water Company to operate as is. No rate increase is necessary at this time.

Sincerely,

Sonya Leonard
