Please provide comments on the Draft Environmental Impact Statement (EIS). Please provide any edits, changes, or additions for the Final EIS. Please be as specific as possible in referencing the Draft EIS.

Waiting to  
Rex Pipeline is about a 42" natural gas line  
within approximately 200 feet from my home  
My concern is the safety of this line from  
explosions and leaks. I have a 4 yr. old  
daughter who plays in that area when she's  
at her grandparents. Safety of my family  
is very important to me.

Sincerely

Shane & Natasha White
