EXHIBIT C

AT&T Communications of Ohio, Inc. (AT&T) is filing this application to introduce Casual Calling and Initial Subscription language in its Custom Network tariff. Casual Calling is sometimes called Dial Around where a customer enters a provider's access code to access its switched network for carrying an instate long distance call. Initial Subscription provides for rates when a customer switches to AT&T toll or instate LD through their Local Provider and AT&T does not yet have any customer billing information.
