Re:

AT&T Ohio

Case No. 08-0107-TP-BLS

Dear Ms. Jenkins:

Enclosed for filing is AT&T Ohio's application for approval of an alternative form of regulation of basic local exchange service and other Tier 1 services in eight of its exchanges. The application includes confidential supporting information which is submitted for filing under seal. A motion for a protective order addressing that confidential information accompanies this filing.

Thank you for your courtesy and assistance in this matter. Please contact me if you have any questions.

Very truly yours,

m. F. Illly

#### MEMORANDUM IN SUPPORT OF APPLICATION

#### Introduction

AT&T Ohio<sup>1</sup>, by its attorneys, submits this memorandum in support of its application filed in the captioned case. This application, filed pursuant to R. C. § 4927.03 and Section 4901:1-4-09 of the Commission's rules, includes the forms, affidavits, supporting information and detailed analysis, proposed tariff revisions, and the proposed legal notice called for by that rule, as explained below.<sup>2</sup>

#### Exhibit 1 - Compliance With Elective Alternative Regulation Commitments

As demonstrated by the affidavit of Connie Browning, the President of AT&T Ohio, the applicant fully complies with the elective alternative regulation commitments as required by divisions (A) and (B) of Section 4901:1-4-06 of the Commission's rules. AT&T Ohio is in compliance with those requirements, as reflected in the rules and in the Company's application filed in Case No. 02-3069-TP-ALT which established its current elective alternative regulation plan.

<sup>&</sup>lt;sup>1</sup> The Ohio Bell Telephone Company uses the name AT&T Ohio.

<sup>&</sup>lt;sup>2</sup> The sample application form provided by the Commission includes a reference to R. C. § 4927.04. AT&T Ohio believes that this application is filed under, and should be dealt with, under R. C. § 4927.03. However, to the extent the Commission relies on R. C. § 4927.04 to grant the requested relief, the Company does not object.

#### Exhibit 2 - Exchange Areas/County Matrix

As a guide to those reviewing the application, there is included in this filing a matrix identifying the exchanges included in the application and the county or counties in which each exchange is located. The identification of the competitive market test proposed for each exchange is shown in the exchange-specific sections of Exhibit 3. All of the exchanges in this application meet Test 4, Ohio Admin. Code § 4901:1-4-10(C)(4).

#### Exhibit 3 - Supporting Information and Detailed Analysis

In this exhibit, AT&T Ohio identifies the telephone exchange areas for which it seeks alternative regulation for basic local exchange service ("BLES") and other tier one services. The summary sheet for each exchange specifies the competitive market test proposed by the applicant for each telephone exchange area that is the subject of this application.

This exhibit presents the supporting information and detailed analysis demonstrating that the applicant meets, on a telephone exchange basis, at least one of the competitive market tests as set forth in Section 4901:1-4-10(C) of the Commission's rules. This information is contained within the affidavit of Connie Browning, the President of AT&T Ohio, attesting to the veracity of the data upon which the application is premised, in compliance with the applicable rule, Ohio Admin. Code § 4901:1-4-09(B)(3).

The four competitive market tests are as follows:

(1) An applicant must demonstrate in each requested telephone exchange area that at least twenty-five per cent of total residential access lines are provided by unaffiliated CLECs, and at least twenty per cent of total company access lines have been lost since 1996 as reflected in the applicant's annual report filed with the commission for 1996.

- (2) An applicant must demonstrate in each requested telephone exchange area that at least twenty per cent of total residential access lines are provided by unaffiliated CLECs, and the presence of at least two unaffiliated facilities-based CLECs providing BLES to residential customers.
- (3) An applicant must demonstrate in each requested telephone exchange area that at least fifteen per cent of total residential access lines are provided by unaffiliated CLECs, the presence of at least two unaffiliated facilities-based CLECs providing BLES to residential customers, and the presence of at least five alternative providers serving the residential market.
- (4) An applicant must demonstrate that in each requested telephone exchange area that at least fifteen per cent of total residential access lines have been lost since 2002 as reflected in the applicant's annual report filed with the commission in 2003, reflecting data for 2002; and the presence of at least five unaffiliated facilities-based alternative providers serving the residential market.

Ohio Admin. Code § 4901:1-4-10(C)(1)-(4)...

AT&T Ohio compiled the information necessary to meet the specified competitive tests using several sources. In collecting information on CLEC and alternative provider activity in its exchanges, AT&T Ohio first reviewed and documented publicly available data, such as websites, carrier tariff filings, information on wireless licenses, and Commission certification case and interconnection agreement filings. In some cases, carriers provide web tools that permit an inquiry about the availability of their services in specific areas by using telephone numbers or zip codes. Those tools were used to identify the presence of a carrier in an AT&T Ohio exchange.

To confirm the information available from publicly-available sources, AT&T Ohio reviewed internal data from billing and E 9-1-1 records, white pages listings, and ported telephone number information. In order to demonstrate that it meets test 4, where that test is applied, AT&T Ohio examined its own line loss since 2002, relying on the annual report for that

year, and compared that information to comparable data as of December 31, 2007. Using the same process as in Case Nos. 06-1013-TP-BLS, 07-259-TP-BLS, and 07-1312-TP-BLS, the 2007 line count data was obtained by performing the same query on the same access line database that is used to develop the year end residence access line counts for each exchange that appear on Schedule 28 of the Annual Report. In order to demonstrate the presence of specific CLECs, AT&T Ohio developed CLEC line counts using the same process utilized in Case Nos. 06-1013-TP-BLS, 07-259-TP-BLS, and 07-1312-TP-BLS. The volumes for residential Local Wholesale Complete (LWC), residential UNE-P and residential resale (resold lines) were developed from billing data for each CLEC for each central office switch location (identified by Common Language Location Identification or "CLLI" code). CLEC lines served by CLEC switches were counted using residence E911 data provided by Intrado, a third party vendor. This data has been collected and reviewed for each exchange for which relief is sought.

In Case Nos. 06-1013-TP-BLS and 07-259-TP-BLS, AT&T Ohio sent CLECs and wireless service providers separate "Accessible Letters" regarding the use and treatment of data that might be considered to be proprietary, giving them an opportunity for comment and feedback. AT&T Ohio is relying on the letters from Case No. 07-259-TP-BLS for this proceeding. The Accessible Letters are included in this filing as Attachments 1 and 2.

In most cases, AT&T Ohio has identified more competitors than the minimum number required by the Commission's rules. In some cases, even more competitors could be identified, but AT&T Ohio limited its filing to making an appropriate showing that it meets the requirements of the applicable competitive tests.

The competitive proof for each exchange is organized on a summary sheet, which names several carriers that provide service in the exchange and notes what other verification was done to confirm their presence. Working from left to right, the sheet indicates **certification number** (for CLECs) and the **interconnection agreement number** (for all carriers), confirming the accomplishment of these prerequisite steps by the competing carrier. This information is specific to each carrier and was obtained from Company and publicly available Commission records. In most instances, the underlying carrier is clear. In some cases, AT&T Ohio's records contain different names for a single carrier. For example, when MCI/WorldCom is listed on the summary sheet, the certificate number indicates that the reference is specifically to MCImetro Access Transmission Services, Inc.

Having identified the carrier, the next two columns indicate how each carrier is providing service, through their own facilities or through facilities obtained from AT&T Ohio. A check-mark ( $\sqrt{}$ ) in the **Own Facilities** column indicates that the carrier is facilities-based and that it provides its own switching (or obtains it from someone other than AT&T Ohio). Those carriers may lease other facilities from AT&T Ohio, such as unbundled loops, but since they do not use AT&T Ohio's switching, these carriers (rather than AT&T Ohio) are responsible for creating the E911 listings for their customers. All wireless carriers fall within this category. Other facilities-based carriers obtain the use and control of facilities, including switching, provided by AT&T Ohio. These carriers utilize Local Wholesale Complete (LWC), or in a few cases may still rely on old UNE-P arrangements. In either case, the presence of these facilities-based arrangements is denoted by a check-mark ( $\sqrt{}$ ) in the column titled Lease AT&T Facilities. Both the Own Facilities and Lease AT&T Facilities columns are supported by the sheets titled

"CLEC Lines in Service" which quantify residence E911 listings and residence LWC, UNE-P and resale arrangements.

Another indicator of the ability of CLECs to serve residence customers in a given exchange is the inclusion of residence services in the carrier's approved tariff. The CLEC's tariff, as posted on the Commission's web site, was reviewed to ensure that it contains basic local exchange service for residence customers and the service areas were verified where possible. The reference to the specific exchange under review is included in the "Tariff Authority" column. In the case of a wireless or VoIP carrier, since they are not required to file tariffs with the PUCO, this column is marked "n/a" (not applicable).

Another indication of presence for wireless carriers is data contained in an independent web site (www.WirelessAdvisor.com) that lists carriers by area. That web site was consulted to be sure wireless carriers had a license to operate in the specific exchange area. The presence of that license is indicated by a check-mark ( $\sqrt{}$ ) in the **Licensed Wireless Providers** column.

For all carriers, AT&T Ohio checked to see if the carrier indicates via their own web site that they provide residence service in the exchange. Many, but not all, carriers allow customers to enter a zip code, telephone number or street address to search for available services. If AT&T Ohio was able to successfully complete such a web search, a check-mark ( $\sqrt{}$ ) was placed in the Carrier Website column.

Company records were consulted to confirm the presence of residential white page listings and ported telephone numbers from AT&T Ohio. The "White Page Listings" sheets summarize residence white page listings by carrier. These sheets were developed by extracting residential white page listing information by carrier and by NPA/NXX code, which were then assigned to the correct exchange using Local Exchange Routing Guide (LERG) data. One carrier that is listed on the summary sheets is Talk America, which was acquired at the parent company level during December 2006 by Cavalier Telephone Corporation. As a result, the company is listed as "Talk America (Cavalier)" on the summary sheets while the CLEC lines pages display "Talk America" and the White Page Listing sheets display "CAVALIER TELEPHONE."

Ported numbers are those formerly AT&T Ohio telephone numbers that have been reassigned, or "ported," from an AT&T Ohio switch onto the switch of another carrier. Clearly the presence of ported numbers indicates that another carrier is serving customers via its own switch. The data were developed by querying the Local Service Management System for the volume of customer numbers ported out of AT&T Ohio's switches. The use of ported number information, however, has two limitations. First, number porting is most common between wireline carriers. While some customers have disconnected their wireline connection and ported their wireline number to a wireless phone, this arrangement is an exception rather than the rule. Many customers merely disconnect their wireline connection, or chose not to order one in the first place, and instead rely on the number assigned by their wireless provider. Therefore, while the presence of ported numbers demonstrates a carrier's presence in the exchange, the lack of ported numbers does not prove that the carrier is not present. The second

limitation is AT&T's inability to distinguish between residence and business numbers in the ported number database. The quantities included on the Ported Numbers sheets therefore reflect both residence and business telephone numbers.

In summary, if a particular CLEC has not only accomplished the prerequisites of becoming certified, having tariffs approved by the Commission and entering into an interconnection agreement with AT&T Ohio, but has also incurred the cost of facilities to serve residential customers, indicated publicly that they are providing service and has entered the names, addresses and telephone numbers of residential customers into the directory white pages, the Commission can rest assured that the carrier is providing residential basic local exchange service in the exchange. Similarly for wireless carriers, the fact that they have incurred the costs of obtaining a license and facilities, entered into an interconnection agreement, indicated publicly that they provide service and perhaps ported some former AT&T Ohio telephone numbers onto their switch is strong evidence of the availability of service to residential customers in an exchange.

#### Exhibit 4 - Proposed Tariff Modifications

AT&T Ohio modified the structure of its tariff to implement the pricing flexibility rules set forth in division (A) of Section 4901:1-4-11 of the Commission's rules on January 2, 2007, as a result of Case No. 06-1013-TP-BLS. That restructuring included the appropriate tariff modifications for Lifeline service. The tariff modifications proposed in this case merely add the additional eight exchanges to the 144 exchanges approved by the Commission in the Company's first two cases.

#### Exhibit 5 - Proposed Legal Notice

AT&T Ohio's proposed legal notice notifying the public of the filing of the application is included in the application. That notice provides that objections can be filed with the Commission consistent with division (F) of Section 4901:1-4-09 of the Commission's rules. The public notice will be published within seven days of the filing of the application in the legal notice section of a newspaper of general circulation in each county corresponding to the exchanges for which BLES alternative regulation is being requested, pursuant to Section 4901:1-4-09(B)(5) of the Commission's rules. AT&T Ohio has conferred with the Commission staff regarding the content of the legal notice prior to commencing with the publication of the public notice, also in accordance with the applicable rule.

#### Conclusion

AT&T Ohio has complied with all aspects of the Commission's rules in preparing and filing its application and it requests that the Commission grant its application on an automatic basis in accordance with the applicable rule.

Respectfully submitted,

AT&T OHIO

#### AT&T OHIO - (REGULATORY) PUCO Case No. 05-1305-TP-ORD

Date: February 22, 2007

Number: CEL07-004

Category: Other

Contact: NA

The purpose of this Accessible Letter is to update **CLECAM06-218**, issued on July 20, 2006, to advise CLECs that, as part of a potential docket, The Ohio Bell Telephone Company ("AT&T Ohio") plans to again provide to the Commission, subject to the confidentiality rules of the Public Utilities Commission of Ohio ("PUCO") and proprietary agreements, data that may constitute CLEC-proprietary information. Specifically, AT&T Ohio intends to request the PUCO to open one or more additional dockets regarding, per the rules established in PUCO Case No. 05-1305-TP-ORD, and to obtain pricing flexibility for Basic Local Exchange Service ("BLES") in its Ohio exchanges that were not granted pricing flexibility in the case just concluded, Case No. 06-1013-TP-BLS. AT&T Ohio intends to file its direct testimony concurrent with its Application. AT&T Ohio may also provide rebuttal and live testimony in the docket. In addition, AT&T Ohio may need to respond to data requests from the PUCO Staff and other parties.

To satisfy the directive of Rule 4901:01-4-10(A) that AT&T Ohio demonstrate at least one of the competitive market tests has been met, the data AT&T Ohio will present, as part of testimony and data request responses, may include CLEC-specific information. AT&T Ohio will only file such information under the highest degree of protection available under Ohio Commissions rules and will not disclose any CLEC proprietary information publicly. Any provision of CLEC proprietary information to parties will be subject to a Proprietary Agreement. Moreover, any disclosure of CLEC proprietary information to the PUCO or its Staff will be subject to the protections afforded by Ohio Administrative Code Section 4901-1-24.

Many of AT&T Ohio's interconnection agreements require AT&T Ohio to provide CLECs with notice before disclosure of proprietary information as part of a pending docket. (See the General Terms and Conditions of your interconnection agreement with AT&T Ohio). Because specific terms and conditions in AT&T Ohio's numerous interconnection agreements vary significantly, AT&T Ohio hereby provides notice to **all CLECs** in Ohio at this time to comply with any potential contractual obligations; receipt of this letter does not necessarily mean that any AT&T Ohio's testimony or data responses will include data affecting each CLEC in Ohio.

AT&T Ohio makes no judgment whether any future testimony or data request responses will contain CLEC proprietary information and specifically reserves all rights as to this issue. AT&T Ohio requests that any such objections be served on AT&T Ohio's counsel (Jon Kelly) by email (jon.kelly@att.com) or fax (614 223-5955).

AT&T Ohio also reserves the right to make any modifications to the above information. Should any modifications be made to the information, these modifications will be reflected in a subsequent letter.

†For new Neighborhood Unlimited, Neighborhood Connect 500 and Neighborhood Connect 200 customers only. Free month offer applies to local line fee only. Discount comes in the form of a certificate to be applied to your first month's line fee. After 12 consecutive months of MCI service on qualifying Neighborhood product, you will receive a second certificate for an additional month's line fee. Each consecutive 12 month anniversary you will continue to receive a certificate for an additional month's line fee discount, as long as you remain on the Neighborhood plan you select. Limit one bonus offer per customer and/or account. Offer available only for a limited time to customers that do not currently have or subscribe to MCI local service.

CONSIDER THIS IF:

You want unlimited local calling but don't need more than 200 minutes a month of long distance calls.

Note: MCI offers low income discounts to those who qualify. Please call 1-888-MCI-LOCAL (1-888-624-5622) and a Neighborhood representative will be happy to assist you with your application needs.

Unlimited calling is for residential voice service only. Click here for details.

Additional taxes and surcharges apply. Click here for details.

#### **COME SEE THE SAGE SERVICE DIFFERENCE**

Service that is centered around you. Free long dista calling between Sage residential customers. Phone service that lets you pick the features you want, and only the features you want. Sage offers truly customized plans that bring you REAL savings.

TESTIMONIAL: Randall and Tina, Frisco, TX Just a little note of appreciation for your service. After couple of months with Sage service, I have saved in than \$100. Even with additional calls during the holiseason, my bill was about half of what it had been w SBC®.

**TESTIMONIAL: Larry, Clare, MI** 

This is the first time I have written a letter to thank someone. I recently helped my sister get her phone service transferred to Sage, and I had the good forti to speak with a lady name Rosa. She was courteous polite, and knowledgeable, and took a genuine inter in helping me.

I can assure you that my family and I will be Sage customers for a long time.

Billing for Data Sent or Received. Mobile Web 2.0 is included in all Nationwide Calling Plans. Unless you subscribe to the V CAST VPak, V CAST Mobile TV Select or Premium Calling Plans, data sent or received using Mobile Web (including advertising), Get It Now®, and other data applications will be aggregated at the end of each month, rounded up to the nearest whole megabyte, and billed at \$1.99 per megabyte.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

Calling Plan Information

Important Calling Plan Information

Anytime Minutes, National IN Calling, Night & Weekend Minutes and Per-Minute Rate are for use from within the Nationwide Rate and Coverage Area.

- Unlimited Domestic Long Distance. (Airtime applies.)
- No domestic roaming charges. (Coverage not available in all areas)
- Unlimited Night & Weekend Minutes Night Hrs: (M-F) 9:01 p.m.-5:59 a.m. Wknd Hrs: 12:00 a.m. Sat.-11:59 p.m. Sun.

# International Roaming

Make or receive calls while traveling internationally with rates starting as low as 69¢/minute. While at home, some international destinations can be reached using 10-digit direct dialing; international long distance rates apply in addition to airtime charges. Please visit www.verizonwireless.com/international for a list of North American Dialing Pattern countries and rates.

#### Mobile Web 2.0

Mobile Web 2.0 is included in all Nationwide Calling Plans. Megabyte charges apply to Basic and Select Plans. Unless you subscribe to the V Cast VPak, V CAST Mobile TV Select or Premium Calling Plans, megabytes sent or received using Mobile Web (including advertising) will be aggregated each month, rounded up to the next megabyte, and billed at \$1.99/MB.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

# 411 Connect®

\$1.49 per call plus airtime.

#### Detailed Billing

\$1.99 per month per number.

# Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

# Minimum Term, Activation and Early Termination Fees

- One- or two-year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to \$175 per line.

# Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1, 2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1-888-684-1888.

# important information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is

In some rare instances, dialing \*228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

# Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

# **National IN Calling**

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

#### Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modern devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial \*611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC); Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

# Verizon Wireless Printer Friendly Coverage Map

Mapped Coverage Voice and Messaging

Mapped Location 44022

Digital Coverage

Analog Coverage

No Coverage

VZW Store

These Coverage Locator depictions apply to the following calling plans:
Nationwide Calling Plans, America's Choice Initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

## MORE ABOUT THE NEIGHBORHOOD:

- Compare Neighborhood Plans
- Neighborhood Rewards Programs

# Need help deciding? Compare plans

†For new Neighborhood Unlimited, Neighborhood Connect 500 and Neighborhood Connect 200 customers only. Free month offer applies to local line fee only. Discount comes in the form of a certificate to be applied to your first month's line fee. After 12 consecutive months of MCI service on qualifying Neighborhood product, you will receive a second certificate for an additional month's line fee. Each consecutive 12 month anniversary you will continue to receive a certificate for an additional month's line fee discount, as long as you remain on the Neighborhood plan you select. Limit one bonus offer per customer and/or account. Offer available only for a limited time to customers that do not currently have or subscribe to MCI local service.

# CONSIDER THIS IF :

You want unlimited local calling but don't need more than 200 minutes a month of long distance calls.

Note: MCI offers low income discounts to those who qualify. Please call 1-888-MCI-LOCAL (1-888-624-5622) and a Neighborhood representative will be happy to assist you with your application needs.

Unlimited calling is for residential voice service only. Click here for details.

Additional taxes and surcharges apply. Click here for details.

COME SEE THE SAGE SERVICE DIFFERENCE

Service that is centered around you. Free long dista calling between Sage residential customers. Phone service that lets you pick the features you want, and only the features you want. Sage offers truly customized plans that bring you REAL savings.

TESTIMONIAL: Vanika, Madison, WI

I want to thank Sage for making my experience with Customer Service so enjoyable. Your employees ar top notch and always professional. I have never had many positive experiences with a telephone compar

Thank you for providing me with great service. Your company will go a long way.

TESTIMONIAL: Larry, Clare, MI

This is the first time I have written a letter to thank someone. I recently helped my sister get her phone service transferred to Sage, and I had the good forti to speak with a lady name Rosa. She was courteou: polite, and knowledgeable, and took a genuine inter in helping me.

I can assure you that my family and I will be Sage customers for a long time.

# The Best Network. Period.

National Coverage

According to an independent study, Cincinnati Bell has the best network in this area" - where you are the most. You'll experience fewer dropped calls and better call clarity than with Cingular or Verizon.

International Calling

Along with our outstanding local wireless network, Cincinnati Bell has teamed up with many national and regional network service providers to provide you with extensive national network access.

Calls to any Cincinnati Bell phone wireless, home or business - never count against your monthly minutes. That's over 2 million numbers! These calls don't count against your plan's minutes. Learn More

### **Local Service Areas**

While in this area, you'll have access to the Cincinnati Bell GSM local voice network, GPRS Data services, and Mobile-to-Mobile service. Your phone should display "Cincinnati Bell." There are no roaming charges for calls made in the Local Service Area.

Local Area Partner
Local Area - Best
Local Area - Very Good
Local Area - Good

While in this area, you'll have access to the GSM voice network where indicated. Data coverage may vary. Your phone should display either "CinBell USA" or "Roam." There are no roaming charges in the National Service Area when your plan includes nationwide free roaming.

Billing for Data Sent or Received. Mobile Web 2.0 is included in all Nationwide Calling Plans. Unless you subscribe to the V CAST VPak, V CAST Mobile TV Select or Premium Calling Plans, data sent or received using Mobile Web (including advertising), Get It Now®, and other data applications will be aggregated at the end of each month, rounded up to the nearest whole megabyte, and billed at \$1.99 per megabyte.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

Calling Plan Information

Important Calling Plan Information

Anytime Minutes, National IN Calling, Night & Weekend Minutes and Per-Minute Rate are for use from within the Nationwide Rate and Coverage Area.

Unlimited Domestic Long Distance. (Airtime applies.)

No domestic roaming charges. (Coverage not available in all areas)

Unlimited Night & Weekend Minutes
 Night Hrs: (M-F) 9:01 p.m.-5:59 a.m.
 Wknd Hrs: 12:00 a.m. Sat.-11:59 p.m. Sun.

# International Roaming

Make or receive calls while traveling internationally with rates starting as low as 69¢/minute. While at home, some international destinations can be reached using 10-digit direct dialing; international long distance rates apply in addition to airtime charges. Please visit www.verizonwireless.com/international for a list of North American Dialing Pattern countries and rates.

# Mobile Web 2.0

Mobile Web 2.0 is included in all Nationwide Calling Plans. Megabyte charges apply to Basic and Select Plans. Unless you subscribe to the V Cast VPak, V CAST Mobile TV Select or Premium Calling Plans, megabytes sent or received using Mobile Web (including advertising) will be aggregated each month, rounded up to the next megabyte, and billed at \$1.99/MB.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

### 411 Connect®

\$1.49 per call plus airtime.

# **Detailed Billing**

\$1.99 per month per number.

# Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

# Minimum Term, Activation and Early Termination Fees

- One- or two-year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to \$175 per line.

# Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1,
   2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per line.
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1–888–684–1888.

# Important Information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end—user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is issued.

In some rare instances, dialing \*228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator—assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll—free' numbers are toll—free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

# Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

# **National IN Calling**

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

### Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modern devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial \*611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

# Verizon Wireless Printer Friendly Coverage Map

City ] Street

No Coverage

**VZW Store** 

These Coverage Locator depictions apply to the following calling plans: Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

# Need help deciding? Compare plans

†For new Neighborhood Unlimited, Neighborhood Connect 500 and Neighborhood Connect 200 customers only. Free month offer applies to local line fee only. Discount comes in the form of a certificate to be applied to your first month's line fee. After 12 consecutive months of MCI service on qualifying Neighborhood product, you will receive a second certificate for an additional month's line fee. Each consecutive 12 month anniversary you will continue to receive a certificate for an additional month's line fee discount, as long as you remain on the Neighborhood plan you select. Limit one bonus offer per customer and/or account. Offer available only for a limited time to customers that do not currently have or subscribe to MCI local service.

# CONSIDER THIS IF

You want unlimited local calling but don't need more than 200 minutes a month of long distance calls.

Note: MCI offers low income discounts to those who qualify. Please call 1-888-MCI-LOCAL (1-888-624-5622) and a Neighborhood representative will be happy to assist you with your application needs.

Unlimited calling is for residential voice service only. Click here for details.

Additional taxes and surcharges apply. Click here for details.

# THE SAGE SERVICE DIFFERENCE

Service that is centered around you. Free long dista calling between Sage residential customers. Phone service that lets you pick the features you want, and only the features you want. Sage offers truly customized plans that bring you REAL savings.

TESTIMONIAL: Larry, Clare, MI

This is the first time I have written a letter to thank someone. I recently helped my sister get her phone service transferred to Sage, and I had the good fortu to speak with a lady name Rosa. She was courteou: polite, and knowledgeable, and took a genuine inter in helping me.

I can assure you that my family and I will be Sage customers for a long time.

TESTIMONIAL: Randall and Tina, Frisco, TX Just a little note of appreciation for your service. After couple of months with Sage service, I have saved m than \$100. Even with additional calls during the holiseason, my bill was about half of what it had been w SBC®.

Billing for Data Sent or Received. Mobile Web 2.0 is included in all Nationwide Calling Plans. Unless you subscribe to the V CAST VPak, V CAST Mobile TV Select or Premium Calling Plans, data sent or received using Mobile Web (including advertising), Get It Now®, and other data applications will be aggregated at the end of each month, rounded up to the nearest whole megabyte, and billed at \$1.99 per megabyte.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

Calling Plan Information

Important Calling Plan Information

Anytime Minutes, National IN Calling, Night & Weekend Minutes and Per-Minute Rate are for use from within the Nationwide Rate and Coverage Area.

- Unlimited Domestic Long Distance. (Airtime applies.)
- No domestic roaming charges. (Coverage not available in all areas)
- Unlimited Night & Weekend Minutes Night Hrs: (M-F) 9:01 p.m.-5:59 a.m. Wknd Hrs: 12:00 a.m. Sat.-11:59 p.m. Sun.

# International Roaming

Make or receive calls while traveling internationally with rates starting as low as 69¢/minute. While at home, some international destinations can be reached using 10-digit direct dialing; international long distance rates apply in addition to airtime charges. Please visit www.verizonwireless.com/international for a list of North American Dialing Pattern countries and rates.

# Mobile Web 2.0

Mobile Web 2.0 is included in all Nationwide Calling Plans. Megabyte charges apply to Basic and Select Plans. Unless you subscribe to the V Cast VPak, V CAST Mobile TV Select or Premium Calling Plans, megabytes sent or received using Mobile Web (including advertising) will be aggregated each month, rounded up to the next megabyte, and billed at \$1.99/MB.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

# 411 Connect®

\$1,49 per call plus airtime.

# **Detailed Billing**

\$1,99 per month per number.

# Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

# Minimum Term, Activation and Early Termination Fees

- One- or two-year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to \$175 per line.

# Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1, 2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1-888-684-1888.

# Important Information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is

In some rare instances, dialing \*228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

# Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

# National IN Calling

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

### Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modern devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial \*611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

Mapped Coverage Voice and Messaging

Mapped Location 44124

Digital Coverage

Analog Coverage

No Coverage

VZW Store

These Coverage Locator depictions apply to the following calling plans:
Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

†For new Neighborhood Unlimited, Neighborhood Connect 500 and Neighborhood Connect 200 customers only. Free month offer applies to local line fee only. Discount comes in the form of a certificate to be applied to your first month's line fee. After 12 consecutive months of MCI service on qualifying Neighborhood product, you will receive a second certificate for an additional month's line fee. Each consecutive 12 month anniversary you will continue to receive a certificate for an additional month's line fee discount, as long as you remain on the Neighborhood plan you select. Limit one bonus offer per customer and/or account. Offer available only for a limited time to customers that do not currently have or subscribe to MCI local service.

CONSIDER THIS IF :

You want unlimited local calling but don't need more than 200 minutes a month of long distance calls.

Note: MCI offers low income discounts to those who qualify. Please call 1-888-MCI-LOCAL (1-888-624-5622) and a Neighborhood representative will be happy to assist you with your application needs.

Unlimited calling is for residential voice service only. Click here for details.

Billing for Data Sent or Received. Mobile Web 2.0 is included in all Nationwide Calling Plans. Unless you subscribe to the V CAST VPak, V CAST Mobile TV Select or Premium Calling Plans, data sent or received using Mobile Web (including advertising), Get It Now®, and other data applications will be aggregated at the end of each month, rounded up to the nearest whole megabyte, and billed at \$1.99 per megabyte.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

Calling Plan Information

Important Calling Plan Information

Anytime Minutes, National IN Calling, Night & Weekend Minutes and Per-Minute Rate are for use from within the Nationwide Rate and Coverage Area.

http://www.verizonwireless.com/b2c/store/controller?item=planFirst&action=viewPlanList&sortOption=pr... 1/21/2008

- Unlimited Domestic Long Distance. (Airtime applies.)
- No domestic roaming charges. (Coverage not available in all areas)
- Unlimited Night & Weekend Minutes Night Hrs: (M-F) 9:01 p.m.-5:59 a.m. Wknd Hrs: 12:00 a.m. Sat.-11:59 p.m. Sun.

#### International Roaming

Make or receive calls while traveling internationally with rates starting as low as 69¢/minute. While at home, some international destinations can be reached using 10-digit direct dialing; international long distance rates apply in addition to airtime charges. Please visit www.verizonwireless.com/international for a list of North American Dialing Pattern countries and rates.

#### Mobile Web 2.0

Mobile Web 2.0 is included in all Nationwide Calling Plans, Megabyte charges apply to Basic and Select Plans. Unless you subscribe to the V Cast VPak, V CAST Mobile TV Select or Premium Calling Plans, megabytes sent or received using Mobile Web (including advertising) will be aggregated each month, rounded up to the next megabyte, and billed at \$1.99/MB.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

#### 411 Connect®

\$1.49 per call plus airtime.

#### Detailed Billing

\$1.99 per month per number.

#### Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

#### Minimum Term, Activation and Early Termination Fees

- One— or two—year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to \$175 per line.

#### Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1, 2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1-888-684-1888.

#### Important Information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is

In some rare instances, dialing \*228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

#### Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

#### **National IN Calling**

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the **VZ**Global services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

#### Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modern devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial \*611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

Last Update 12/21/07

These Coverage Locator depictions apply to the following calling plans:
Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

†For new Neighborhood Unlimited, Neighborhood Connect 500 and Neighborhood Connect 200 customers only. Free month offer applies to local line fee only. Discount comes in the form of a certificate to be applied to your first month's line fee. After 12 consecutive months of MCI service on qualifying Neighborhood product, you will receive a second certificate for an additional month's line fee. Each consecutive 12 month anniversary you will continue to receive a certificate for an additional month's line fee discount, as long as you remain on the Neighborhood plan you select. Limit one bonus offer per customer and/or account. Offer available only for a limited time to customers that do not currently have or subscribe to MCI local service.

CONSIDER THIS IF:

You want unlimited local calling but don't need more than 200 minutes a month of long distance calls.

Note: MCI offers low income discounts to those who qualify. Please call 1-888-MCI-LOCAL (1-888-624-5622) and a Neighborhood representative will be happy to assist you with your application needs.

Unlimited calling is for residential voice service only. Click here for details.

Additional taxes and surcharges apply. Click here for details.

**COME SEE THE SAGE SERVICE DIFFERENCE** 

Service that is centered around you. Free long dista calling between Sage residential customers. Phone service that lets you pick the features you want, and only the features you want. Sage offers truly customized plans that bring you REAL savings.

TESTIMONIAL: Amy, Schertz, TX

I want to commend Sage on the excellent customer service that I recently received. The technician and everyone that I spoke with in Customer Service wer very courteous and professional.

It is truly refreshing for a company to actually care about the customer. I will not hesitate to recomment Sage to all my friends.

TESTIMONIAL: Larry, Clare, MI

This is the first time I have written a letter to thank someone. I recently helped my sister get her phone service transferred to Sage, and I had the good forti to speak with a lady name Rosa. She was courteout polite, and knowledgeable, and took a genuine inter in helping me.

I can assure you that my family and I will be Sage customers for a long time.

Billing for Data Sent or Received. Mobile Web 2.0 is included in all Nationwide Calling Plans. Unless you subscribe to the V CAST VPak, V CAST Mobile TV Select or Premium Calling Plans, data sent or received using Mobile Web (including advertising), Get It Now®, and other data applications will be aggregated at the end of each month, rounded up to the nearest whole megabyte, and billed at \$1.99 per megabyte.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

Calling Plan Information

Important Calling Plan Information

Anytime Minutes, National IN Calling, Night & Weekend Minutes and Per-Minute Rate are for use from within the Nationwide Rate and Coverage Area.

- Unlimited Domestic Long Distance. (Airtime applies.)
- No domestic roaming charges. (Coverage not available in all areas)
  - Unlimited Night & Weekend Minutes Night Hrs: (M-F) 9:01 p.m.-5:59 a.m. Wknd Hrs: 12:00 a.m. Sat.-11:59 p.m. Sun.

### International Roaming

Make or receive calls while traveling internationally with rates starting as low as 69¢/minute. While at home, some international destinations can be reached using 10-digit direct dialing; international long distance rates apply in addition to airtime charges. Please visit www.verizonwireless.com/international for a list of North American Dialing Pattern countries and rates.

### Mobile Web 2.0

Mobile Web 2.0 is included in all Nationwide Calling Plans. Megabyte charges apply to Basic and Select Plans. Unless you subscribe to the V Cast VPak, V CAST Mobile TV Select or Premium Calling Plans, megabytes sent or received using Mobile Web (including advertising) will be aggregated each month, rounded up to the next megabyte, and billed at \$1.99/MB.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

### 411 Connect®

\$1.49 per call plus airtime.

### **Detailed Billing**

\$1.99 per month per number.

### Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

### Minimum Term, Activation and Early Termination Fees

- One- or two-year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon
- Early Termination Fee: Up to \$175 per line.

### Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1, 2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1-888-684-1888.

### Important Information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is

In some rare instances, dialing \*228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost, Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

### Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

### **National IN Calling**

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

### Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modern devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial \*611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

Mapped Location

Mapped Location 44077 Digital Coverage

Analog Coverage

No Coverage

VZW Store

These Coverage Locator depictions apply to the following calling plans:
Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make \$11 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

Need help deciding? Compare plans

†For new Neighborhood Unlimited, Neighborhood Connect 500 and Neighborhood Connect 200 customers only. Free month offer applies to local line fee only. Discount comes in the form of a certificate to be applied to your first month's line fee. After 12 consecutive months of MCI service on qualifying Neighborhood product, you will receive a second certificate for an additional month's line fee. Each consecutive 12 month anniversary you will continue to receive a certificate for an additional month's line fee discount, as long as you remain on the Neighborhood plan you select. Limit one bonus offer per customer and/or account. Offer available only for a limited time to customers that do not currently have or subscribe to MCI local service.

### CONSIDER THIS IF :

You want unlimited local calling but don't need more than 200 minutes a month of long distance calls.

Note: MCI offers low income discounts to those who qualify. Please call 1-888-MCI-LOCAL (1-888-624-5622) and a Neighborhood representative will be happy to assist you with your application needs.

Unlimited calling is for residential voice service only. Click here for details.

Additional taxes and surcharges apply. Click here for details.
