International Roaming

Make or receive calls while traveling internationally with rates starting as low as 69¢/minute. While at home, some international destinations can be reached using 10-digit direct dialing; international long distance rates apply in addition to airtime charges. Please visit www.verizonwireless.com/international for a list of North American Dialing Pattern countries and rates.

Mobile Web 2.0

Mobile Web 2.0 is included in all Nationwide Calling Plans. Megabyte charges apply to Basic and Select Plans. Unless you subscribe to the V Cast VPak, V CAST Mobile TV Select or Premium Calling Plans, megabytes sent or received using Mobile Web (including advertising) will be aggregated each month, rounded up to the next megabyte, and billed at \$1.99/MB.

Rates are rounded to the nearest whole megabyte. One megabyte is equal to 1024 kilobytes. Application charges apply in addition to charges for data sent/received.

411 Connect®

\$1.49 per call plus airtime.

Detailed Billing

\$1.99 per month per number.

Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

Minimum Term, Activation and Early Termination Fees

- One- or two-year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to \$175 per line.

Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1,
 2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per line.
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1–888–684–1888.

Important Information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is issued.

In some rare instances, dialing *228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator—assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll—free' numbers are toll—free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

National IN Calling

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modern devices may not be used for internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial *611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

These Coverage Locator depictions apply to the following calling plans:
Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

411 Connect®

\$1.49 per call plus airtime.

Detailed Billing

\$1.99 per month per number.

Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

Minimum Term, Activation and Early Termination Fees

- One— or two-year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to \$175 per line.

Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1, 2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1-888-684-1888.

Important Information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is

In some rare instances, dialing *228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

Family SharePlan

Minimum of two lines required, Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

National IN Calling

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modern devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial *611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

Last Update 12/21/07

These Coverage Locator depictions apply to the following calling plans:

Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

411 Connect®

\$1.49 per call plus airtime.

Detailed Billing

\$1.99 per month per number.

Required Equipment

GPS-capable CDMA tri-mode or all-digital phone with Verizon Wireless software.

Minimum Term, Activation and Early Termination Fees

- One— or two-year minimum term required per line.
- Activation Fee/line: \$35, except \$25 for secondary Family SharePlan® lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to \$175 per line.

Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1. 2007, add between 4% and 34% to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate & international telecom charges (varies quarterly based on FCC rate) is 11% per line. Beginning January 1, 2008 the Federal Universal Service Charge will be decreasing to 10.2% per
- The Verizon Wireless monthly Regulatory Charge will increase from 4¢ to 7¢ per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is 70¢ per line. ٠
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1-888-684-1888.

Important Information:

For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is

In some rare instances, dialing *228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

National IN Calling

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modem devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial *611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.

These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a customer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. EXHIBIT 5 PROPOSED LEGAL NOTICE

LEGAL NOTICE

NOTICE OF APPLICATION OF AT&T OHIO FOR APPROVAL OF PRICING FLEXIBILITY FOR BASIC LOCAL EXCHANGE TELEPHONE SERVICE AND OTHER TELEPHONE SERVICES

The Ohio Bell Telephone Company d/b/a AT&T Ohio ("AT&T Ohio") gives notice that on February 8, 2008, it filed an application (Case No. 08-0107-TP-BLS) with the Public Utilities Commission of Ohio ("PUCO") seeking approval of alternative regulation of, including pricing flexibility for, basic local exchange telephone service, basic Caller ID service, and other telephone services in all or parts of nine of the counties in which AT&T Ohio provides service. AT&T Ohio already has pricing flexibility for certain services, including bundled packages and long distance services, but not for basic local exchange telephone service and basic Caller ID service.

This application relates to eight of AT&T Ohio's 192 exchanges (Chagrin Falls, Christiansburg, Hillcrest, Independence, Painesville, Pitchin, Uhrichsville, and Willoughby), located in whole or in part in the following counties: Carroll, Champaign, Clark, Cuyahoga, Geauga, Harrison, Lake, Miami, and Tuscarawas.

In each telephone exchange area where AT&T Ohio proves that competition exists, the company will be granted limited pricing flexibility. AT&T Ohio's pricing flexibility for basic local exchange telephone service will be limited to an annual increase of no more than \$1.25. The annual increase for basic Caller ID service will be limited to no more than 50 cents.

Other telephone services such as second and third line local telephone service access lines, call waiting, call trace, Centrex access lines, private branch exchange trunks, per line number

identification blocking, and nonpublished number service currently have limited pricing flexibility. Where AT&T Ohio proves there is competition, these services will not be subject to any rate cap and may be priced at market-based prices.

Any customer may provide the PUCO with a written statement objecting to the application no later than March 24, 2008. Such objections should be sent to PUCO, Attn: Docketing Division, 180 East Broad Street, Columbus, OH 43215-3793. Please reference Case No. 08-0107-TP-BLS in the objection. The PUCO will consider any objections received when reviewing the application. The PUCO will decide on the application within 120 days.

At this time, AT&T Ohio is not changing prices. Rather, AT&T Ohio is requesting that it be able to change prices in the future in response to the competitive market. If the PUCO grants AT&T Ohio pricing flexibility, AT&T Ohio must provide customers with 30 days notice prior to any rate increases authorized in this case. Lifeline telephone rates for low income customers will not change as a result of this application.

Regardless of the outcome of this application, the PUCO retains regulatory oversight of service quality and consumer protections.

Certificate of Service

I hereby certify that a copy of the foregoing has been served by hand delivery this 8th day of February, 2008 on:
